(4) If:
(a) the goods could not have been destroyed without the written approval of the Minister under subsection 48AA(3) of the Quarantine Act; and
(b) the Minister’s written approval had not been given before the commencement day;

then the Biosecurity Act applies in relation to the goods as if they were high-value goods.

Note: The goods may be required to be destroyed under section 136 of the Biosecurity Act.

20 Treatment required that might damage goods

(1) This item applies in relation to goods if:

   (a) the goods had been required under the Quarantine Act to be treated; and
   (b) a quarantine officer had believed on reasonable grounds that the goods could not be effectively treated without being damaged; and
   (c) the goods had not been treated as required before the commencement day.

(ii) if the vessel was not an aircraft—given under subsection 247(2) of the Biosecurity Act for the vessel to be moored at the alternative place; and

(d) if the permission was subject to any conditions—subject to those conditions.

(2) If the permission has not ceased to be in force before the end of 2 years beginning on the commencement day, the permission ceases to be in force at the end of that period.
35 Notification of outbreak of disease on aircraft or vessel

If the master of an aircraft or vessel had notified a quarantine officer of a matter referred to in paragraph 22(2)(a) of the Quarantine Act, then the notification has effect, on and after the commencement day, as if it were a report about the matter given under section 193 of the Biosecurity Act in accordance with subsection 193(2) of that Act.

36 Requirement relating to movement of vessel

If:

(a) the master of a vessel had been required, under section 25 of the Quarantine Act, to bring the vessel to; and
(b) the requirement was in force immediately before the commencement day;

then the requirement has effect, on and after the commencement day, as if it were a direction given to the person in charge of the vessel under subparagraph 202(1)(a)(ii) of the Biosecurity Act.

37 Pre-arrival reports for vessels

(1) This item applies if:

(a) a vessel (including an installation) had entered Australian territory before the commencement day, or it is intended that the vessel enter Australian territory on or after that day, during a voyage that commenced outside Australian territory; and

as the time the charge is due and payable.
