(1) For the definition of *household waste* in section 4 of the Act, waste mentioned in items B1010, B2020, B3010, B3020 and B3030 of Annex IX (List B) to the Basel Convention is not household waste.

(2) For subregulation (1), item B3010 is taken to be modified by omitting “a specification:” and inserting “a standard (other than bale properties) not less strict than the standard applicable to the resin type, product type and category of the material, set out in *Scrap Specifications Circular 1998, Guidelines for Plastic Scrap: P-98*, published by the Institute of Scrap Recycling Industries, Inc in 1998:”.

Note 1: The parts of the standard set out in *Scrap Specifications Circular 1998* that apply to materials in item B3010 deal with the following matters about scrap plastic:

- contamination
- hazardous materials

7 Approval of recovery facilities

(1) The Minister may approve, in writing, a facility for the purpose of carrying out recovery operations on hazardous waste imported under Basel import permits granted under the Act.

(2) The Minister must not approve a facility unless the Minister is satisfied that the facility is capable of carrying out recovery operations on hazardous waste in a manner appropriate to give effect to Australia's obligations under the Basel Convention.
8 Review of decisions

Application may be made under the Administrative Appeals Tribunal Act 1975 to the Administrative Appeals Tribunal for review of a decision of the Minister refusing to approve a facility under regulation 7.

9 Requests for further information

(1) This regulation applies to a person if:
   (a) the person makes a permit application or a variation application; and
   (b) the Minister gives the person a request under section 15 or 28 of the Act in relation to the application.

Endnote 1—About the endnotes

The endnotes provide information about this compilation and the compiled law.

The following endnotes are included in every compilation:

Endnote 1—About the endnotes
Endnote 2—Abbreviation key
Endnote 3—Legislation history
Endnote 4—Amendment history

Abbreviation key—Endnote 2

The abbreviation key sets out abbreviations that may be used in the endnotes.

Legislation history and amendment history—Endnotes 3 and 4

Amending laws are annotated in the legislation history and amendment history.

The legislation history in endnote 3 provides information about each law that has amended (or will amend) the compiled law. The information includes commencement details for amending laws and details of any application, saving or transitional provisions that are not included in this compilation.

The amendment history in endnote 4 provides information about amendments at the provision (generally section or equivalent) level. It also includes information about any provision of the compiled law that has been repealed in accordance with a provision of the law.

Editorial changes

The Legislation Act 2003 authorises First Parliamentary Counsel to make editorial and presentational changes to a compiled law in preparing a compilation of the law for registration. The changes must not change the effect of the law. Editorial changes take effect from the compilation registration date.

If the compilation includes editorial changes, the endnotes include a brief outline of the changes in general terms. Full details of any changes can be obtained from the Office of Parliamentary Counsel.

Misdescribed amendments

A misdescribed amendment is an amendment that does not accurately describe the amendment to be made. If, despite the misdescription, the amendment can be given effect as intended, the amendment is incorporated into the compiled law and the abbreviation “(md)” added to the details of the amendment included in the amendment history.

If a misdescribed amendment cannot be given effect as intended, the abbreviation “(md not incorp)” is added to the details of the amendment included in the amendment history.
