Part 1—Preliminary

1 Name of regulations

These regulations are the *Hazardous Waste (Regulation of Exports and Imports) (Waigani Convention) Regulations 1999*.

3 Purpose of these regulations

These regulations are intended to provide for giving effect to the *Convention to Ban the Importation into Forum Island Countries of Hazardous and Radioactive Wastes and to Control the Transboundary Movement and Management of Hazardous Wastes within the South Pacific Region* (known as the Waigani Convention), made at Port Moresby on 16 September 1995, except so far as that Convention relates to radioactive wastes.

Note 1: The Waigani Convention is an Article 11 arrangement under the Basel Convention—see s 4C of the Act (subject to the making of a Declaration by the Minister under that section). The Basel Convention is in Australian Treaty Series 1992 No. 7 ([1992] ATS 7) and could in 2017 be viewed in the Australian Treaties Library on the AustLII website (http://www.austlii.edu.au).

Note 3: The Act does not apply to radioactive wastes—the definition of *hazardous waste* in the Act relies on the Basel Convention, which does not cover radioactive wastes. The export from, and import into, Australia of radioactive wastes is regulated under the *Customs Act 1901*, the Customs (Prohibited Exports) Regulations and the Customs (Prohibited Imports) Regulations.

4 Definitions

In these regulations:

*Act* means the *Hazardous Waste (Regulation of Exports and Imports) Act 1989*.

*Convention* means the Convention referred to in regulation 3.

*Convention Area* has the meaning given by Article 1 of the Convention.

Note: The Convention Area is:

“(i) the land territory, internal waters, territorial sea, continental shelf, archipelagic waters and exclusive economic zones established in accordance with international law of:
Part 1 Preliminary

Regulation 5

American Samoa  Niue
Australia  The Commonwealth of Northern Mariana Islands
Cook Islands  Republic of Palau
Federated States of Micronesia  Papua New Guinea
Fiji  Pitcairn Islands
French Polynesia  Solomon Islands
Guam  Tokelau
Kiribati  Tonga
Republic of Marshall Islands  Tuvalu
Nauru  Vanuatu
New Caledonia and Dependencies  Wallis and Futuna
New Zealand  Western Samoa;

(ii) those areas of high seas which are enclosed from all sides by the exclusive economic zones referred to in sub-paragraph (i);
(iii) areas of the Pacific Ocean which have been included in the Convention Area pursuant to Article 2.6;”.

(The quotation is from the definition of Convention Area in Article 1 of the Convention. Samoa is called Western Samoa in the text of the Convention as adopted in September 1995. It is therefore called by that name in the list above.)

Forum Island Country has the meaning given by Article 1 of the Convention.

Note: The following countries are the Forum Island Countries:

American Samoa  Niue
Commonwealth of Northern Mariana Island  Papua New Guinea
Cook Islands  Pitcairn Island
Federated States of Micronesia  Republic of Palau
Fiji  Republic of the Marshall Islands
French Polynesia  Samoa
Guam  Solomon Islands
Kiribati  Tokelau
Nauru  Tonga
New Caledonia and its dependencies  Tuvalu

Vanuatu
Wallis and Futuna.

Party means a Party to the Convention.

5 Proposals that are within the scope of these regulations

The following kinds of import proposals and transit proposals are within the scope of these regulations:

(a) proposals to import hazardous waste from a Forum Island Country;
(b) proposals for the transit of hazardous waste through Australia from a Forum Island Country.
6 No export to Forum Island Country etc

Nothing in these regulations or Division 3 or 4 of Part 2, of the Act (as taken to apply in relation to an application by regulation 10 or 11), authorises the Minister to grant:

(a) an export permit for the export of hazardous waste to:
   (i) a Forum Island Country; or
   (ii) a territory (other than an Other Party, within the meaning given by Article 1 of the Convention) within the Convention Area; or

(b) an import permit for the import of hazardous waste from a country within the Convention Area that is not a Party to the Convention; or

(c) a transit permit for the transit of hazardous waste from, or to, a country within the Convention Area that is not a Party to the Convention.

Note 1: Other Party means Australia and New Zealand, which are Parties to the Convention, but are not Forum Island Countries.

Note 2: See Article 4 of the Convention.

Note 3: In addition, the Act directs the Minister not to grant a special export permit, a special import permit, or a special transit permit if the Minister is satisfied that the grant could result in hazardous waste being brought into Antarctica—see the Act, s 13F.

7 Discharge of wastes from a ship etc

Nothing in these regulations applies to wastes derived from the normal operation of a vessel (within the meaning given by Article 1 of the Convention), if the discharge of the wastes is covered by an international instrument other than the Convention.
Part 2—Notification and consent

8 Notice about competent authorities and acceptable languages

(1) The Minister may publish a notice on the Department’s website, setting out, for a Party:
   (a) the authority of the Party that is the Competent Authority for the Convention, and the address of that authority; and
   (b) the language that is acceptable to the Party.

Note: For Competent Authority, see Articles 1 and 5 of the Convention.

(2) For that notice, the Minister may rely on any information supplied by a Party from time to time, and is not obliged to verify that the information is correct.
Part 3—Permits under the Convention

9 Meaning of terms for Part

In this Part:

(b) a reference to a Basel permit or a Basel import permit were a reference to a Waigani import permit; and

(c) provisions that apply only in relation to an export permit, or an application for such a permit, were omitted.

(2) Also, the Minister must not grant a Waigani import permit unless:

(a) the applicant has notified the countries concerned (within the meaning given by Article 1 of the Convention) of the relevant proposal, in accordance with Article 6 of the Convention; and

(b) each such country has consented to the proposal, in accordance with that Article; and

(c) the Minister is satisfied that the waste will not be dumped at sea within the Convention Area.

11 Waigani transit permit

(1) Sections 13A and 13B, and Divisions 3 and 4 of Part 2, of the Act are taken to apply in relation to an application for a Waigani transit permit as if:

(a) a reference to the Basel Convention were a reference to the Waigani Convention; and

(b) a reference to a Basel permit or a Basel import permit were a reference to a Waigani import permit; and

(c) provisions that apply only in relation to an export permit, or an application for such a permit, were omitted.

(2) Also, the Minister must not grant a Waigani transit permit unless:

(a) the applicant has notified the countries concerned (within the meaning given by Article 1 of the Convention) of the relevant proposal, in accordance with Article 6 of the Convention; and

(2) This regulation also applies to a person if:

(a) the person applies for a Waigani transit permit, or a variation of such a permit, under a provision of Part 2 of the Act as applied by regulation 11; and

(b) the Minister gives the person a request under section 15 or 28 of the Act, as applied by regulation 11, in relation to the application.

(3) The person must comply with the request before the later of the following times:

(a) the end of 30 days after the request is given;

(b) if the Minister, by written notice to the person, allows a longer period—the end of that longer period.

(4) If the person does not comply with the request before that time, the application is taken to be withdrawn at that time.

(5) Applications may be made to the Administrative Appeals Tribunal for review of decisions of the Minister under paragraph (3)(b) to refuse to allow a longer period for a request to be complied with.

12 Declaration as to corresponding requirements

(1) The requirements of this Part are declared to be corresponding requirements for section 13E of the Act in relation to a proposal to which this Part and another set of Article 11 regulations both apply.

(2) The requirements of this Part are declared to be corresponding requirements for subsection 18B(1) of the Act in relation to a proposal to which this Part and that subsection both apply.

13 Conditions of permit—movement document

(1) It is a condition of a Waigani import permit or a Waigani transit permit that the waste concerned must be accompanied by a movement document giving the information set out in Annex VI B of the Convention.
(2) It is a condition of a Waigani import permit or a Waigani transit permit that a person in Australia who takes charge of the waste concerned signs the movement document when the person receives the waste.

14 Conditions of import permit—notice of disposal

It is a condition of a Waigani import permit that the importer of the waste concerned must notify both the exporter and the competent authority of the exporting party when:
(a) the importer receives the waste; and
(b) the disposal of the waste is completed.

15 Condition of permit—notification of accidents

It is a condition of a Waigani import permit or a Waigani transit permit that if an accident occurs during a transboundary movement of hazardous waste under the permit, and the accident is likely to present a risk to human health or the environment, the holder of the permit immediately informs:
(a) the Department; and
(b) the Competent Authority of any affected Party (other than Australia); and
(c) the appropriate authority of any other affected country.

Note: Department means the Department administered by the Minister who administers these Regulations (see section 19A of the Acts Interpretation Act 1901 as it applies because of section 13 of the Legislation Act 2003). In 2017, this was the Department of the Environment and Energy.
