45 Application of Commonwealth Acts in adjacent areas

(1) Subject to subsection (2), the provisions of the Acts specified in the Schedule apply, as provided by this section, in relation to sea installations installed, or being installed, in adjacent areas and so apply as if those areas were part of the Commonwealth.

(4) Without limiting the operation of subsections (1) and (3), an Act or part of an Act applying in relation to an adjacent area under those subsections, applies:

(a) in relation to:

(i) an act or omission that takes place on or in the vicinity of; and

(ii) a matter that exists or arises in relation to;

(2) The laws referred to in subsection (1) do not include laws that are substantive criminal laws, or laws of criminal investigation, procedure and evidence, within the meaning of Schedule 1 to the Crimes at Sea Act 2000, but nothing in this Act derogates from the operation of that Act.

Endnote 1—About the endnotes

The endnotes provide information about this compilation and the compiled law.

The following endnotes are included in every compilation:

Endnote 1—About the endnotes
Endnote 2—Abbreviation key
Endnote 3—Legislation history
Endnote 4—Amendment history

Abbreviation key—Endnote 2

The abbreviation key sets out abbreviations that may be used in the endnotes.

Legislation history and amendment history—Endnotes 3 and 4

Amending laws are annotated in the legislation history and amendment history.

The legislation history in endnote 3 provides information about each law that has amended (or will amend) the compiled law. The information includes commencement details for amending laws and details of any application, saving or transitional provisions that are not included in this compilation.

The amendment history in endnote 4 provides information about amendments at the provision (generally section or equivalent) level. It also includes information about any provision of the compiled law that has been repealed in accordance with a provision of the law.

Editorial changes

The Legislation Act 2003 authorises First Parliamentary Counsel to make editorial and presentational changes to a compiled law in preparing a compilation of the law for registration. The changes must not change the effect of the law. Editorial changes take effect from the compilation registration date.

If the compilation includes editorial changes, the endnotes include a brief outline of the changes in general terms. Full details of any changes can be obtained from the Office of Parliamentary Counsel.

Misdescribed amendments

A misdescribed amendment is an amendment that does not accurately describe the amendment to be made. If, despite the misdescription, the amendment can

be given effect as intended, the amendment is incorporated into the compiled law and the abbreviation “(md)” added to the details of the amendment included in the amendment history.

If a misdescribed amendment cannot be given effect as intended, the abbreviation “(md not incorp)” is added to the details of the amendment included in the amendment history.
