8 Group and members of a group

(1) For the purposes of this Act, a controlling corporation’s group consists of the following entities:
   (a) the controlling corporation;
   (b) the controlling corporation’s subsidiaries covered by subsection (3) (if any).

   However, paragraph (b) does not apply if the controlling corporation is not incorporated in Australia.

(2) The members of the group are the entities mentioned in subsection (1) (other than the controlling corporation’s subsidiaries if the controlling corporation is not incorporated in Australia).

(3) A subsidiary of the controlling corporation is covered by this section unless:
   (a) the subsidiary is also a subsidiary of another body corporate because the other body corporate meets the requirement in subparagraph 46(a)(i) or (ii) of the Corporations Act 2001 in relation to the subsidiary; and
   (b) the other body corporate is not a member of the group (including by reason of a previous operation of this subsection).

(4) To avoid doubt, a controlling corporation’s group may consist of the controlling corporation alone.

9 Facilities

(1) For the purposes of this Act, a facility is an activity, or a series of activities (including ancillary activities), that involve greenhouse gas emissions, the production of energy or the consumption of energy and that:
   (a) form a single undertaking or enterprise and meet the requirements of the regulations; or
   (b) are declared by the Regulator to be a facility under section 54 or 54A.
Section 10

(2) Paragraph (1)(a) does not apply if a declaration of a kind referred to in paragraph (1)(b) is in force.

(4) Regulations made for the purposes of paragraph (1)(a) may specify:
   (a) the circumstances in which an activity or activities (including ancillary activities) will form part of a single undertaking or enterprise; and
   (b) what activities are attributable to particular industry sectors.

10 Emissions, energy production, energy consumption etc.

(1) References in this Act to the following:
   (a) scope 1 emission of greenhouse gas;
   (aa) scope 2 emission of greenhouse gas;
   (b) reduction of greenhouse gas emissions;
   (c) removal of greenhouse gas;
   (d) offsets of greenhouse gas emissions;
   (e) production of energy;
   (f) consumption of energy;
   have the meaning specified by the regulations.

(2) Regulations made for the purposes of paragraph (1)(aa) may specify a meaning of scope 2 emission of greenhouse gas that includes emissions related to the consumption of specified kinds of energy.

(3) The Minister may determine, by legislative instrument, methods, or criteria for methods, by which the amounts of the scope 1 emissions, scope 2 emissions, reduction, removal, offsets, production or consumption are to be measured for the purposes of this Act and may specify:
   (a) in the case of scope 1 emissions—different methods or criteria for emissions from different sources; and
   (b) different methods or criteria depending on the circumstances in which the scope 1 emissions, scope 2 emissions, reduction, removal, offsets, production or consumption occurred; and
11 Operational control—basic rule

(1) For the purposes of this Act, a person has operational control over a facility if:
   (a) the person has the authority to introduce and implement any or all of the following for the facility:
      (i) operating policies;
      (ii) health and safety policies;
      (iii) environmental policies;
      and meets the requirements of the regulations; or
   (b) the Regulator declares the person to have operational control of the facility under section 55 or 55A.

(2) Paragraph (1)(a) does not apply in relation to a facility if a declaration of a kind referred to in paragraph (1)(b) is in force in relation to the facility.

(3) For the purposes of this Act, only one person can have operational control over a facility at any one time.

(4) This section has effect subject to sections 11A, 11B and 11C.

11A Operational control—person with greatest authority

Scope

(1) This section applies if the following conditions are satisfied in relation to a period that is included in, or consists of, a designated financial year:
Section 11B

(a) 2 or more persons could satisfy paragraph 11(1)(a) in relation to a facility throughout the period;

(b) a particular person has the greatest authority to introduce and implement the policies mentioned in subparagraphs 11(1)(a)(i) and (iii) in relation to the facility throughout the period;

(c) no declaration under section 55 or 55A applies in relation to the facility at any time during the period.

Operational control

(2) The person mentioned in paragraph (1)(b) is taken, for the purposes of this Act, to have operational control over the facility throughout the period.

11B Operational control—nominated person

Eligible nomination test

day:
   (a) the facility passes the eligible nomination test; and
   (b) the nominators are the relevant persons.

(6) The start day may occur before the nomination is made.

(8) If the start day occurs during a particular designated financial year,
    the nomination must not be made after 31 August next following
    the designated financial year.

(9) The start day may be later than the day on which the nomination is
    made, so long as:
   (a) the start day occurs in the same financial year as the day on
       which the nomination is made; or
   (b) the start day occurs in the financial year next following the
       financial year in which the nomination is made.

Spent convictions

(2) Nothing in this section affects the operation of Part VIIC of the Crimes Act 1914 (which includes provisions that, in certain circumstances, relieve persons from the requirement to disclose spent convictions and require persons aware of such convictions to disregard them).
Part 2—Registration

Division 1—Applying for registration

Subdivision A—Application by a controlling corporation

12 Applying to register in relation to meeting a threshold

(1) A controlling corporation must apply, in accordance with this section, to be registered under Division 3 if the corporation’s group meets one or more of the thresholds under section 13 for a financial year (the trigger year) ending on or after 30 June 2009.

Civil penalty: 2,000 penalty units.

Note: Under section 30 a controlling corporation may be liable for an additional civil penalty for each day that it fails to apply in accordance with subsection (1) of this section.

(2) However, a controlling corporation is not required to make an application under subsection (1) in relation to a financial year if:

(a) the corporation has previously made an application under subsection (1) or (3); and

(b) the corporation was registered under Division 3 because of that application; and

(c) the corporation is registered under Division 3 at the end of that year.

Example: A controlling corporation’s trigger year is the financial year ending on 30 June 2009.

During that year, the corporation applies under subsection (1) to be registered under Division 3 and the corporation is so registered.

On 30 June 2010 the corporation is still registered under Division 3. The corporation is not required to make an application under subsection (1) in relation to the financial year ending on 30 June 2010.

(3) A controlling corporation may apply, in accordance with this section, to be registered under Division 3 if an executive officer of
the corporation is satisfied that the corporation’s group is likely to meet one or more of the thresholds under section 13 for a financial year (the trigger year) ending on or after 30 June 2009.

(4) An application under subsection (1) or (3) must be made by 31 August in the financial year after the trigger year.

13 Thresholds

(1) A controlling corporation’s group meets a threshold for a financial year if in that year:

(a) the total amount of greenhouse gases emitted from the operation of facilities under the operational control of entities that are members of the group has a carbon dioxide equivalence of:

(i) if the financial year starts on 1 July 2008—125 kilotonnes or more; or
(ii) if the financial year starts on 1 July 2009—87.5 kilotonnes or more; or
(iii) if the year is a later financial year—50 kilotonnes or more; or

(b) the total amount of energy produced from the operation of facilities under the operational control of entities that are members of the group is:

(i) if the financial year starts on 1 July 2008—500 terajoules or more; or
(ii) if the financial year starts on 1 July 2009—350 terajoules or more; or
(iii) if the year is a later financial year—200 terajoules or more; or

(c) the total amount of energy consumed from the operation of facilities under the operational control of entities that are members of the group is:

(i) if the financial year starts on 1 July 2008—500 terajoules or more; or
(ii) if the financial year starts on 1 July 2009—350 terajoules or more; or
(iii) if the year is a later financial year—200 terajoules or more; or
(d) an entity that is a member of the group has operational control of a facility the operation of which during the year causes:
   (i) emission of greenhouse gases that have a carbon dioxide equivalence of 25 kilotonnes or more; or
   (ii) production of energy of 100 terajoules or more; or
   (iii) consumption of energy of 100 terajoules or more.

(1A) Subsection (1) does not apply in relation to:
   (a) greenhouse gas emissions; or
   (b) energy production; or
   (c) energy consumption;
   unless the Minister has, under subsection 10(3), determined:
   (d) methods by which the amounts of the emissions, production or consumption, as the case may be, are to be measured; or
   (e) criteria for methods by which the amounts of emissions, production or consumption, as the case may be, are to be measured.

(2) If a group entity has operational control of a facility for a number of, but not all, days in a financial year (the control days), subparagraphs (1)(d)(i) to (iii) have effect as though each threshold were replaced by the amount worked out using the following formula:

\[
\text{Amount of the threshold that would otherwise apply} \times \frac{\text{Number of control days}}{\text{Number of days in the year}}
\]
Section 14

Reporting transfer certificate

(3) For the purposes of this section, if a person was the holder of a reporting transfer certificate in relation to a facility on a particular day, the facility is taken not to have been under the operational control of a group entity on that day.

14 Applying to register in relation to greenhouse gas project

A controlling corporation that is not a registered corporation may apply to be registered under Division 3 if the corporation, or one or more members of the corporation’s group, are undertaking or proposing to undertake a greenhouse gas project.

15 Requirements for applications

An application under section 12 or 14 must:

(a) be made to the Regulator; and
(b) identify the controlling corporation; and
(c) contain any other information required by the regulations (which must be information that relates to one or more members of a controlling corporation’s group); and
(d) be in the form (if any) specified in the regulations.

Subdivision B—Application by a responsible emitter for a designated large facility etc.

15B Application by a responsible emitter for a designated large facility etc.

(1) If:

(a) a person is the responsible emitter for a facility during the whole or a part of a financial year; and
(b) the facility is a designated large facility for the financial year; and
(c) the person is not a controlling corporation;
Section 15B

the person must apply, in accordance with this section, to be registered under this Act.

Note: Under Division 137 of the *Criminal Code*, it may be an offence to provide false or misleading information or documents to the Regulator in purported compliance with this Act.

(2) However, a person is not required to make an application under subsection (1) if the person is registered under this Act at the end of the financial year.

(3) An application under subsection (1) must be made by 31 August next following the financial year.

(4) An application under subsection (1) must:
(a) be made to the Regulator; and
(b) be in a form approved by the Regulator; and
(c) set out the information specified by the safeguard rules for the purposes of this paragraph.
Division 2—National Greenhouse and Energy Register

16 National Greenhouse and Energy Register

(1) The Regulator is to maintain a register, to be known as the National Greenhouse and Energy Register, that sets out:
   (a) the name of each person registered under this Act; and
   (b) any other matters, specified in the regulations, that relate to the following:
      (i) information included in the application for registration;
      (ii) whether the person has complied with provisions of this Act;
      (iii) information included in a report given by the person under this Act;
      (iv) information that is published under section 24;
      (v) the results of a greenhouse and energy audit carried out in relation to the person;
      (vi) the safeguard provisions.

(2) The National Greenhouse and Energy Register may be maintained by electronic means.

(3) The National Greenhouse and Energy Register may be made available for inspection in any way the Regulator thinks appropriate.

(4) The Regulator must ensure that the National Greenhouse and Energy Register is up-to-date.

(5) The National Greenhouse and Energy Register is not a legislative instrument.

(6) Before the end of 28 February next following each financial year, the Regulator must publish on its website the name of each person registered under this Act at any time during the financial year.

(7) Subsection (6) does not limit subsection (3).
Division 3—Registration of controlling corporations

17 Registration of corporations

(1) The Regulator must register a corporation under this Division if the corporation has applied for registration under section 12 in accordance with section 15.

(2) The Regulator may register a corporation under this Division if:
   (a) the Regulator is satisfied that section 14 permits the corporation to apply for registration; and
   (b) the corporation has applied for registration in accordance with section 15.

(3) The Regulator must notify the corporation, in writing, of his or her decision on the application.

(3A) The Regulator must register a corporation under this Division if:
   (a) a reporting transfer certificate is issued to the corporation; and
   (b) the corporation is not already registered under this Division.

(4) The corporation is registered under this Division when the Regulator has entered the name of the corporation on the Register.
Division 4—Registration of other persons

18AA Registration of other persons

(1) The Regulator must register a person under this Act if the person has applied for registration under section 15B.

(2) The Regulator must notify the person, in writing, of the Regulator’s decision on the application.

(3) The person is registered under this Act when the Regulator has entered the name of the person on the Register.
Divison 5—Deregistration

18B Deregistration

Deregistration on application

(1) A registered person may apply to the Regulator to be deregistered.

(2) An application must:
   (a) be in writing; and
   (b) be in a form approved by the Regulator; and
   (c) set out such information as is specified in the regulations.

(3) The Regulator must remove the person’s name from the Register if the Regulator is satisfied that:
   (a) in a case where the person is the controlling corporation of a group—the group is not likely to meet any of the thresholds under section 13 for:
      (i) the financial year in which the application is made; and
      (ii) the next 2 financial years; and
   (b) if the person was registered under section 18AA—the person is not likely to be required to give a report to the Regulator under section 22XB at any time during the next 4 financial years; and

(6) A person ceases to be registered under this Act when the Regulator has removed the person’s name from the Register.
Part 3—Reporting obligations of registered corporations etc.

19 Report to be given to the Regulator

(1) A corporation registered under Division 3 of Part 2 must, in accordance with this section and in respect of each financial year mentioned in subsection (2), provide a report to the Regulator relating to the:

(a) greenhouse gas emissions; and
(b) energy production; and
(c) energy consumption;

from the operation of facilities under the operational control of the corporation and entities that are members of the corporation’s group, during that financial year.

Civil penalty: 2,000 penalty units.

Note 1: Under Division 137 of the Criminal Code it may be an offence to provide false or misleading information or documents to the Regulator in purported compliance with this Act.

Note 2: Under section 20 the Regulator may determine that a person other than the registered corporation provide information required by this section.

Note 3: Under section 30 a controlling corporation may be liable for an additional civil penalty for each day on and after the end of the period mentioned in paragraph (6)(d) for which it fails to provide a report in accordance with this section.

Note 3A: Reports under this section and section 22G may be set out in the same document—see subsection 22G(6).

(1A) Subsection (1) does not apply to:

(a) greenhouse gas emissions; or
(b) energy production; or
(c) energy consumption;

unless the Minister has, under subsection 10(3), determined:

Part 3H—Emissions reduction safeguard mechanism

Division 1—Introduction

22XD Simplified outline of this Part

- This Part sets up a mechanism to ensure that net covered emissions of greenhouse gases from the operation of a designated large facility do not exceed the baseline applicable to the facility.

- The mechanism starts on the safeguard commencement day.

- A facility is a designated large facility for a financial year if the number of tonnes of carbon dioxide equivalence of the total amount of covered emissions of greenhouse gases from the operation of the facility during the year exceeds the number specified in the safeguard rules.

- The net emissions number for a facility for a period is the number of tonnes of carbon dioxide equivalence of the total amount of covered emissions of greenhouse gases from the operation of the facility during the period:
  (a) reduced by surrendered prescribed carbon units (for this purpose, Australian carbon credit units purchased by the Commonwealth are taken to have been surrendered); and
  (b) increased by Australian carbon credit units that were issued in relation to the facility.

- Each designated large facility will be subject to a monitoring period. If, at the end of a monitoring period, the net emissions number for the facility for the monitoring period exceeds the baseline emissions number for the facility for the monitoring period.

(2) The safeguard rules may empower the Regulator to declare in writing that an excess emissions situation does not exist in relation to a specified facility for a specified monitoring period. The declaration is to be known as an exemption declaration.

(3) The safeguard rules must provide that the Regulator may only make an exemption declaration on the application of the person who was the responsible emitter for the relevant facility during the relevant monitoring period.

(4) The safeguard rules must provide that the Regulator must not make an exemption declaration unless the Regulator is satisfied that:
   (a) disregarding subsections 22XK(2) and (3), the net emissions number for the relevant facility for the relevant monitoring period exceeds the baseline emissions number for the facility for the monitoring period; and
Section 22XF

(b) that excess is the direct result of any or all of the following:
   (i) a natural disaster;
   (ii) criminal activity;
   (iii) circumstances that, under the safeguard rules, are taken to be exceptional circumstances for the purposes of this subsection; and

(c) the responsible emitter:
   (i) has taken reasonable steps to mitigate risks of the relevant circumstance referred to in subparagraph (b)(i), (ii) or (iii) resulting in the situation described in paragraph (a); and
   (ii) has done so both before and after the occurrence of the circumstance; and

(d) such other conditions (if any) as are set out in the safeguard rules are satisfied.

22XF Duty to ensure that excess emissions situation does not exist

(1) If:
   (a) a person is or was the responsible emitter for a facility; and
   (b) there is a monitoring period for the facility in relation to the person;

the person must ensure that an excess emissions situation does not exist in relation to the facility for the monitoring period at any time on or after:
   (c) if the monitoring period ends at the end of a financial year—1 March next following the financial year; or
   (d) if the monitoring period ends during a financial year—1 March next following the financial year.

Civil penalty:
   (e) for an individual—one-fifth of the prescribed number of penalty units; or
   (f) otherwise—the prescribed number of penalty units.
(2) For the purposes of paragraphs (1)(e) and (f), *prescribed number* means the number prescribed by the regulations.

(3) In recommending to the Governor-General the regulations that should be made for the purposes of subsection (2), the Minister must have regard to:

   (a) the principle that a responsible emitter must not be allowed to benefit from non-compliance, having regard to the financial advantage the responsible emitter could reasonably be expected to derive from an excess emissions situation; and

   (b) such other matters (if any) as the Minister considers relevant.

(4) The Minister must take all reasonable steps to ensure that regulations are in force for the purposes of subsection (2) at all times on and after the safeguard commencement day.
Division 3—Key concepts

22XG Monitoring periods

   the financial year is a monitoring period for the facility in relation to the person.

   Note: For declared multi-year period, see subsection (5).

Monitoring period—part of a single financial year

(2) For the purposes of this Act, if:
   (a) a person is the responsible emitter for a facility throughout a part of a financial year; and
   (b) the financial year is not included in a declared multi-year period for the facility; and
   (c) the facility is a designated large facility for the financial year;
   the part of the financial year is a monitoring period for the facility in relation to the person.

   Note: For declared multi-year period, see subsection (5).

Monitoring period—declared multi-year period

(3) For the purposes of this Act, if:
   (a) there is a declared multi-year period for a facility; and
   (b) a person is the responsible emitter for the facility throughout the declared multi-year period; and
Section 22XH

(c) the facility is a designated large facility for at least one of the financial years included in the declared multi-year period;

the declared multi-year period is a monitoring period for the facility in relation to the person.

Note: For declared multi-year period, see subsection (5).

Monitoring period—part of a declared multi-year period

(4) For the purposes of this Act, if:

(a) there is a declared multi-year period for a facility; and

(b) a person is the responsible emitter for the facility throughout a part of the declared multi-year period; and

(c) the facility is a designated large facility for at least one of the financial years included in the declared multi-year period;

the part of the declared multi-year period is a monitoring period for the facility in relation to the person.

Note: For declared multi-year period, see subsection (5).

Declared multi-year period

(5) The safeguard rules may empower the Regulator to declare in writing that, for the purposes of this section, a specified period is a declared multi-year period for a specified facility.

(6) The specified period must consist of 2 or more consecutive financial years.

22XH Responsible emitter

For the purposes of this Act, a person is the responsible emitter for a facility at a particular time if:

(a) the person has operational control of the facility at that time; and

(b) that time occurs on or after the safeguard commencement day.
Section 22XI

22XI Covered emissions

For the purposes of this Act, covered emissions of greenhouse gases means scope 1 emissions of one or more greenhouse gases, other than emissions of a kind specified in the safeguard rules.

22XJ Designated large facility

(1) For the purposes of this Act, a facility is a designated large facility for a financial year if:

(a) the total amount of covered emissions of greenhouse gases from the operation of the facility during the financial year has a carbon dioxide equivalence of a particular number of tonnes; and

(b) that number exceeds the number specified in the safeguard rules.

(2) The Minister must take all reasonable steps to ensure that safeguard rules are in force for the purposes of paragraph (1)(b) at all times on and after the safeguard commencement day.

22XK Net emissions number

(1) For the purposes of this Act, the net emissions number for a facility for a period is the number of tonnes of carbon dioxide equivalence of the total amount of covered emissions of greenhouse gases from the operation of the facility during the period.

Reduction—surrender of prescribed carbon units

(2) If:

(a) a number of prescribed carbon units are surrendered on a particular occasion; and

(b) the notice surrendering the units contains a statement to the effect that the units are being surrendered for the purpose of reducing the net emissions number for a facility for a period;
the net emissions number for the facility for the period is reduced (but not below zero) by the number of prescribed carbon units surrendered.

Note: For surrender of prescribed carbon units, see section 22XN.

(3) If:

(a) a person surrendered a number of prescribed carbon units for the purpose of reducing the net emissions number for a facility for a period; and

(b) under the safeguard rules:

(i) there is taken to be an excess surrender situation of the person in relation to the facility for the period; and

(ii) one or more of those units are taken to be covered by the excess surrender situation;

the safeguard rules may provide that this section has effect as if:

(c) the person had not surrendered the prescribed carbon units covered by the excess surrender situation for the purpose of reducing the net emissions number for the facility for the period; and

(d) the person had, at a time ascertained in accordance with the safeguard rules, surrendered, in relation to a later period ascertained in accordance with the safeguard rules, some or all of the prescribed carbon units covered by the excess surrender situation for the purpose of reducing the net emissions number for the facility for that later period.

Increase—Australian carbon credit units that were issued in relation to the facility

(4) If:

(a) a person (the relevant person) was the responsible emitter for a facility throughout a particular period; and

(b) during that period, one or more Australian carbon credit units were issued under the Carbon Credits (Carbon Farming Initiative) Act 2011 in respect of an eligible offsets project; and
Section 22XL

(c) some or all of those Australian carbon credit units are attributable to carbon abatement at the facility; and
(d) if the units covered by paragraph (c) were issued to another person:
   (i) the relevant person consented to the other person carrying out the project; and
   (ii) the consent was given under regulations or legislative rules made for the purposes of paragraph 15(2)(h) or 27(4)(l) of the Carbon Credits (Carbon Farming Initiative) Act 2011;

the net emissions number for the facility for the period is increased by the total number of those Australian carbon credit units.

22XL Baseline emissions number

(1) The baseline emissions number for a facility for a financial year is the number ascertained in relation to the facility in accordance with the safeguard rules.

Note: See also section 22XQ.

(2) The baseline emissions number for a facility for a period other than a financial year is the number worked out using the formula:

\[
\text{Baseline emissions number for the facility for a financial year} \times \frac{\text{Number of days in the period}}{365}
\]

(3) The Minister must take all reasonable steps to ensure that safeguard rules are in force for the purposes of subsection (1) at all times on and after the safeguard commencement day.

22XM Prescribed carbon unit

(1) For the purposes of this Act, prescribed carbon unit means:
(a) an Australian carbon credit unit; or
(b) a unit that is specified in the safeguard rules.
It is immaterial whether a unit specified in the safeguard rules was issued in or outside Australia.

(2) A unit must not be specified in safeguard rules made for the purposes of paragraph (1)(b) unless:

(a) the unit was issued under a scheme relating to either or both of the following:
   (i) the removal of one or more greenhouse gases from the atmosphere;
   (ii) the avoidance of emissions of one or more greenhouse gases; and

(b) the unit represents carbon abatement that is able to be used to meet Australia’s climate change targets under:
   (i) the Kyoto Protocol; or
   (ii) an international agreement (if any) that is the successor (whether immediate or otherwise) to the Kyoto Protocol.

For the purposes of the application of the definition of Kyoto Protocol to paragraph (b)(ii), if the Doha Amendment is not in force for Australia, the Doha Amendment is taken to be in force for Australia.
Part 3H Emissions reduction safeguard mechanism

Division 4 Surrender of prescribed carbon units

Section 22XN

Division 4—Surrender of prescribed carbon units

22XN How prescribed carbon units are surrendered

(1) If a person is the registered holder of one or more prescribed carbon units, the person may, by electronic notice transmitted to the Regulator, surrender any or all of those units.

(2) A notice under subsection (1) must:
   (a) specify the prescribed carbon unit or units that are being surrendered; and
   (b) set out a statement to the effect that the prescribed carbon unit or units are being surrendered for the purpose of reducing the net emissions number for a specified facility for a specified period; and
   (c) specify the account number or account numbers of the person’s Registry account, or the person’s Registry accounts, in which there is an entry or entries for the prescribed carbon unit or units that are being surrendered.

(3) If an Australian carbon credit unit is surrendered by a person for the purposes of reducing the net emissions number for a facility for a period:
   (a) the unit is cancelled; and
   (b) the Regulator must remove the entry for the unit from the person’s Registry account in which there is an entry for the unit.

(4) If a prescribed carbon unit (other than an Australian carbon credit unit) is surrendered by a person:
   (a) the Regulator must take such action in relation to the unit as is specified in the safeguard rules; and
   (b) the Regulator must remove the entry for the unit from the person’s Registry account in which there is an entry for the unit.
Section 22XN

(5) The Registry must set out a record of each notice under subsection (1).

Deemed surrender—purchased Australian carbon credit units

(6) If:

(a) a person (the relevant person) was the responsible emitter for a facility throughout a particular period; and

(b) during that period, one or more Australian carbon credit units were issued under the Carbon Credits (Carbon Farming Initiative) Act 2011 in respect of an eligible offsets project; and

(c) some or all of those Australian carbon credit units are attributable to carbon abatement at the facility; and

(d) if the units covered by paragraph (c) were issued to another person:

(i) the relevant person consented to the other person carrying out the project; and

(ii) the consent was given under regulations or legislative rules made for the purposes of paragraph 15(2)(h) or 27(4)(l) of the Carbon Credits (Carbon Farming Initiative) Act 2011; and

(e) some or all of the units covered by paragraph (c) were purchased by the Commonwealth under a carbon abatement contract;

section 22XK has effect as if:

(f) the units covered by paragraph (e) had been surrendered by electronic notice transmitted to the Regulator under subsection (1) of this section instead of being purchased by the Commonwealth under a carbon abatement contract; and

(g) the notice surrendering the units had contained a statement to the effect that the units are being surrendered for the purpose of reducing the net emissions number for the facility for the period.
Division 5—Other matters

22XO Concurrent operation of State and Territory laws

(1) The safeguard provisions and the safeguard rules are not intended to exclude or limit the operation of a law of a State or Territory that is capable of operating concurrently with the safeguard provisions and those rules.

(2) Subsection (1) of this section has effect subject to section 5.

22XP Administrative decisions under the safeguard rules etc.

(1) The safeguard rules may make provision in relation to a matter by conferring a power to make a decision of an administrative character on the Regulator.

(2) The safeguard rules may empower the Regulator to give advisory notices.

(3) Subsection (2) does not limit subsection (1).

22XQ Baseline determinations made under the safeguard rules etc.

    (ii) that day is not earlier than the financial year preceding
        the financial year in which the determination was made;
        and
    (iii) the effect of the determination is to increase the baseline
        emissions number for a facility for a financial year;
        on the day specified.

22XS Safeguard rules

(1) The Minister may, by legislative instrument (and subject to subsection (2)), make rules (safeguard rules) prescribing matters:
(a) required or permitted by this Act to be prescribed by the safeguard rules; or
(b) necessary or convenient to be prescribed for carrying out or giving effect to the safeguard provisions.

(2) To avoid doubt, the safeguard rules may not do the following:
(a) create an offence or civil penalty;
(b) provide powers of:
   (i) arrest or detention;
   (ii) entry, search or seizure;
(c) impose a tax;
(d) set an amount to be appropriated from the Consolidated Revenue Fund under an appropriation in this Act;
(e) amend this Act.

(3) Safeguard rules that are inconsistent with the regulations have no effect to the extent of the inconsistency, but safeguard rules are
taken to be consistent with the regulations to the extent that safeguard rules are capable of operating concurrently with the regulations.
Part 4—Disclosure of information

23 Secrecy

(1) A person mentioned in subsection (2) commits an offence if:

(a) the person obtains greenhouse and energy information or audit information in his or her capacity as a person mentioned in subsection (2); and

(a) the greenhouse gas emissions that are scope 1 emissions (within the meaning of the regulations) set out in the report; and
Disclosure of information

Part 4

Other matters

Division 5

Section 24

(b) the greenhouse gas emissions that are scope 2 emissions (within the meaning of the regulations) set out in the report; and

(c) the net energy consumption derived from the report.

(1AE) In addition to publishing the matters mentioned in subsection (1AD), the Regulator may also publish on its website:

(a) the methods mentioned in paragraph 22G(2)(b) that were used to measure the values for the facility concerned; and

(b) the rating given to each of those methods under the determination under subsection 10(3).

This subsection is subject to subsection 25(3).

(1AF) If the amount of greenhouse gas emitted, and the amount of energy produced, from the operation of a designated generation facility during a financial year is set out in a report under this Act for the financial year, the Regulator must publish those amounts on its website by 28 February next following the financial year.

(1AG) If the amounts of greenhouse gases emitted from the operation of 2 or more designated generation facilities during a financial year are set out in a report under this Act for the financial year, the Regulator must publish the total of those amounts on its website by 28 February next following the financial year.

(1AH) If the amounts of energy produced from the operation of 2 or more designated generation facilities during a financial year are set out in a report under this Act for the financial year, the Regulator must publish the total of those amounts on its website by 28 February next following the financial year.

Limitations

(1B) The Regulator must not publish information mentioned in subsection (1) unless:

(a) the corporation’s group meets a threshold mentioned in paragraph 13(1)(a) for the financial year covered by the report; and
Section 24

(b) no application has been made under section 25 in relation to that information, or if such an application has been made, it has been refused.

(1F) The Regulator must not publish information mentioned in subsection (1AD) unless:

(a) no application has been made under section 25 in relation to that information; or

(b) if such an application has been made—it has been refused.

(1H) The Regulator must not publish information mentioned in subsection (1AD) that is reported by a person under section 22G for a financial year in relation to a facility unless the operation of the facility during the financial year causes:

(a) emissions of greenhouse gases that have a carbon dioxide equivalence of 25 kilotonnes or more; or

(b) production of energy of 100 terajoules or more; or

(c) consumption of energy of 100 terajoules or more.

(1J) If the person was the holder of the relevant reporting transfer certificate in relation to the facility for a number of, but not all, days in the financial year (the control days), paragraphs (1H)(a), (b) and (c) have effect as though each amount mentioned in the relevant paragraph were replaced by the amount worked out using the following formula:

\[
\text{Amount that would otherwise apply} \times \frac{\text{Number of control days}}{\text{Number of days in the year}}
\]
(1K) Subsection (1H) does not apply to:
   (a) greenhouse gas emissions; or
   (b) energy production; or
   (c) energy consumption;
   unless the Minister has, under subsection 10(3), determined:
   (d) methods by which the amounts of the emissions, production
       or consumption, as the case may be, are to be measured; or
   (e) criteria for methods by which the amounts of emissions,
       production or consumption, as the case may be, are to be
       measured.

Publication relating to greenhouse gas projects

(2) The Regulator may publish on its website information relating to
the greenhouse gas projects undertaken by a registered corporation,
or a member of the corporation’s group, if the information satisfies
the requirements of regulations made for the purposes of this
subsection. This subsection is subject to subsection 25(3).

Publication relating to offsets of greenhouse gas emissions

(3) The Regulator may publish on its website information relating to
the offsets of greenhouse gas emissions by a registered corporation,
or a member of the corporation’s group, reported under

subsection is subject to subsection 25(3).

Publication by States or Territories

(5) A State or Territory, or an authority of a State or Territory, may
publish information disclosed to it under subsection 27(1) if the
publication of the information is required under a law of the State
or Territory.

(5A) A State or Territory, or an authority of a State or Territory, may
publish information disclosed to it under subsection 27(1) if the
Section 25

information is in an aggregated form that does not disclose, either directly or indirectly, information about a specific:
(a) registered corporation; or
(b) registered corporation’s group; or
(c) non-corporate entity; or
(d) facility.

Publication by other persons

(6) A person may publish greenhouse and energy information disclosed to it under Part 3 of the Clean Energy Regulator Act 2011 if the information is in an aggregated form that does not disclose, either directly or indirectly, information about a specific:
(a) registered corporation; or
(b) registered corporation’s group; or
(c) non-corporate entity; or
(d) facility.

Net energy consumption

(7) For the purposes of subsections (1) and (1A), net energy consumption for a financial year means energy consumption reported under Part 3 or 3F for the financial year, adjusted in accordance with the regulations.

(8) For the purposes of subsection (1AD), the net energy consumption derived from a report under section 22G means the energy consumption set out in the report, adjusted in accordance with the regulations.

25 Requests for information not to be published

(1) A registered corporation, a person required to provide a report under section 22G, 22X or 22XB, or a person required to provide information under section 20, may apply to the Regulator requesting information not be published if the information reveals, or could be capable of revealing:

(4) The Regulator must notify an applicant, in writing, of a decision to accept or refuse an application under this section.

(5) This section does not apply to information required to be published under subsection 24(1AF).

27 Information may be disclosed to States and Territories

(1) The Regulator, or a person authorised by the Regulator, must disclose greenhouse and energy information to a State or Territory or an authority of a State or Territory if:
(a) it is information mentioned in subsection 19(9); or
(b) it is information relating to facilities that are wholly or partly located in the State or Territory.

   (a) restrictions on disclosure of the information to other persons; and
   (b) security measures required in relation to the confidentiality of the information; and
   (c) the State, Territory, or authority not requiring the reporting or disclosure of other information of a kind similar to greenhouse and energy information.

Division 1—Civil penalties

Subdivision A—Civil penalty orders

29 Civil penalty provisions

The following are civil penalty provisions for the purposes of this Act:

(a) a subsection of this Act (or a section of this Act that is not divided into subsections) if the words “civil penalty” and one or more amounts in penalty units are set out at the foot of the subsection (or section);

30 Continuing contraventions

(1) If an act or thing is required, under a civil penalty provision of this Act, to be done within a particular period, or before a particular time, then the obligation to do that act or thing continues (even if the period has expired or the time has passed) until the act or thing is done.

(2) If, under section 12, 19, 20, 73 or 73A, an act or thing is required to be done within a particular period, or before a particular time, and a person fails to comply with that requirement, the person is liable for a civil penalty for each day that the person fails to comply.

Civil penalty: 100 penalty units per day.

(2A) If, under section 11B, 22X or 74B, an act or thing is required to be done within a particular period, or before a particular time, and a person fails to comply with that requirement, the person is liable for a civil penalty for each day that the person fails to comply.

31 Court may order person to pay pecuniary penalty for contravening civil penalty provision

Application for order

(1) Within 6 years of a person contravening a civil penalty provision, the Regulator may apply, on behalf of the Commonwealth, to a Court for an order that the person pay the Commonwealth a pecuniary penalty.

Court may order person to pay pecuniary penalty

(2) If the Court is satisfied that the person has contravened a civil penalty provision, the Court may order the person to pay to the Commonwealth for each contravention the pecuniary penalty that the Court determines is appropriate.

Maximum pecuniary penalty

(3) The pecuniary penalty must not exceed the sum of:
   (a) the relevant amount specified for the civil penalty provision; and
(b) the amount (if any) for which the person is liable under section 30 at the time the Court makes the order.

**Determining amount of pecuniary penalty**

(4) In determining the pecuniary penalty, the Court may have regard to all relevant matters, including:
   (a) the nature and extent of the contravention; and
   (b) the nature and extent of any loss or damage suffered as a result of the contravention; and
   (c) the circumstances in which the contravention took place; and
   (d) whether the person has previously been found by the Court in proceedings under this Act to have engaged in any similar conduct; and
   (e) the extent to which the person has co-operated with the authorities; and

**Conduct contravening more than one civil penalty provision**

(5) If conduct constitutes a contravention of 2 or more civil penalty provisions, proceedings may be instituted under this Act against a person in relation to the contravention of any one or more of those provisions. However, the person is not liable to more than one pecuniary penalty under this section in respect of the same conduct.

**32 Contravening a civil penalty provision is not an offence**

A contravention of a civil penalty provision is not an offence.
Section 33

33 Persons involved in contravening civil penalty provision

(1) A person must not:

(2) This Division applies to a person who contravenes subsection (1) in relation to a civil penalty provision as if the person had contravened the provision.

34 Recovery of a pecuniary penalty

If a Court orders a person to pay a pecuniary penalty:
   (a) the penalty is payable to the Commonwealth; and
   (b) the Commonwealth may enforce the order as if it were a judgment of the Court.

Subdivision B—Civil penalty proceedings and criminal proceedings

35 Civil proceedings after criminal proceedings

A Court must not make a pecuniary penalty order against a person for a contravention of a civil penalty provision if the person has been convicted of an offence constituted by conduct that is substantially the same as the conduct constituting the contravention.

36 Criminal proceedings during civil proceedings

(1) Proceedings for a pecuniary penalty order against a person for a contravention of a civil penalty provision are stayed if:
Section 37

(b) the offence is constituted by conduct that is substantially the same as the conduct alleged to constitute the contravention.

(2) The proceedings for the order may be resumed if the person is not convicted of the offence. Otherwise, the proceedings for the order are dismissed.

37 Criminal proceedings after civil proceedings

Criminal proceedings may be started against a person for conduct that is substantially the same as conduct constituting a contravention of a civil penalty provision regardless of whether a pecuniary penalty order has been made against the person.

38 Evidence given in proceedings for penalty not admissible in criminal proceedings

Evidence of information given or evidence of production of documents by an individual is not admissible in criminal proceedings against the individual if:
(a) the individual previously gave the evidence or produced the documents in proceedings for a pecuniary penalty order against the individual for a contravention of a civil penalty provision (whether or not the order was made); and
(b) the conduct alleged to constitute the offence is substantially the same as the conduct that was claimed to constitute the contravention.

However, this does not apply to criminal proceedings in respect of the falsity of the evidence given by the individual in the proceedings for the pecuniary penalty order.
Division 2—Infringement notices

39 When an infringement notice can be given

(1) If the Regulator has reasonable grounds to believe that a person has contravened a civil penalty provision, the Regulator may give to the person an infringement notice relating to the alleged contravention.

(2) An infringement notice must be given within 12 months after the day on which the contravention is alleged to have taken place.

(3) A single infringement notice may be given to a person in respect of:
   (a) 2 or more alleged contraventions of a civil penalty provision; and

   However, the notice must not require the person to pay more than one penalty in respect of the same conduct.

40 Matters to be included in an infringement notice

(1) An infringement notice must:
   (a) identify the person to whom the notice is given; and
   (b) set out brief details of:

   (c) contain a statement to the effect that proceedings will not be brought under this Part in relation to the alleged contravention or contraventions if the penalty specified in the notice is paid to the Regulator, on behalf of the Commonwealth, within:
Enforcement Part 5

(ii) if the Regulator allows a longer period—that longer period; and

(e) give an explanation of how payment of the penalty is to be made; and
(f) set out such other matters (if any) as are specified by the regulations.

Note: For the amount of penalty, see section 41.

43 Paying the penalty in accordance with the notice

(1) This section applies if:

(a) an infringement notice relating to an alleged contravention of a civil penalty provision is given to a person; and
(b) the penalty is paid in accordance with the infringement notice; and
(c) the infringement notice is not withdrawn.

(2) Any liability of the person for the alleged contravention is discharged.

(3) The payment of the penalty is not to be taken as an admission by the person of liability for the alleged contravention.

(4) Proceedings under this Part may not be brought against the person for the alleged contravention.

44 Effect of this Division on civil proceedings

This Division does not:

(a) require an infringement notice to be given in relation to an alleged contravention of a civil penalty provision; or
(b) affect the liability of a person to have proceedings under this Part brought against the person for an alleged contravention of a civil penalty provision if:

(i) the person does not comply with an infringement notice relating to the contravention; or
(ii) an infringement notice relating to the contravention is not given to the person; or

(iii) an infringement notice relating to the contravention is given to the person and subsequently withdrawn; or

   (d) the officer failed to take all reasonable steps to prevent the contravention;

   the officer contravenes this subsection.

   (a) the officer is aware of a substantial risk that the contravention would occur; and
   
   (b) having regard to the circumstances known to the officer, it is unjustifiable to take the risk.

(1B) For the purposes of subsection (1), the officer is negligent as to whether the contravention would occur if the officer’s conduct involves:

(3) Under section 31, a Court may order a person contravening subsection (1) to pay a pecuniary penalty not more than the pecuniary penalty the Court could order a body corporate to pay
