the other Parties for their review and in order for the Parties to jointly update and further
develop such inventory and summary analysis.

8.11 In order to facilitate the review and further development of the inventory and summary
analysis described in section 8.8, the Parties agree to:

(a) establish a working group, which shall include a knowledgeable person

8.12 Based upon and taking into account the exchange of information pursuant to sections 8.10 and 8.11, the working group referred to in 8.11 shall update the inventory and summary analysis of Waste Sites to take into account any material additional information.

8.13 While completing the inventory and summary analysis of Waste Sites, the working group referred to in 8.11 shall categorize the Waste Sites in accordance with the following:

Such process shall be in accordance with the principles set out in 8.3 and the approach or approaches for the Remediation of Waste Sites determined by the Parties pursuant to 8.18.

Approaches to Remediation

8.18 The Parties shall set out in the Devolution Agreement the approach or approaches for the Remediation of Waste Sites. Such approaches may include:

(a) an allocation of responsibility for the Remediation of Waste Sites among the parties based on a categorization of Waste Sites having regard to the cost, complexity and the relative efficiency of the cost and performance of the Remediation of such Waste Sites;

(b) a cooperative approach to the Remediation of Waste Sites taking into account the responsibilities set out in the principles in 8.3, which cooperative approach may include the assumption, in whole or in part, by the GNWT or affected Aboriginal Organizations, by contract or otherwise, of Canada’s responsibilities in respect of the Remediation of Waste Sites; or

(c) such other approaches as the Parties may agree.

8.19 Notwithstanding the approach the Parties may set out in the Devolution Agreement pursuant to 8.18, Canada shall be responsible for the cost of Remediation of Waste Sites on Public Lands or Settlement Lands to the extent that responsibility for the Remediation of such sites is apportioned to Canada pursuant to the principles set out in 8.3.

8.20 Notwithstanding the approach the Parties may set out in the Devolution Agreement pursuant to 8.18, Canada shall be responsible for the cost of the Remediation of Waste Sites resulting from Operating Sites to the extent that responsibility for such sites is apportioned to Canada pursuant to the process referred to in 8.3(e).

8.21 The Devolution Agreement shall set out how Canada shall meet its funding obligations referred to in 8.19 and 8.20, which may include one-time or ongoing funding or payments pursuant to contractual arrangements, as the Parties may agree.
Standards

8.22 Remediation for which Canada is responsible shall be based on those standards in federal legislation or regulations, in respect of a hazard to the environment or human health or safety, which exist at the time such Remediation is performed.

8.23 Where no applicable standards referred to in 8.22 exist at the time Remediation for which Canada is responsible is performed, such Remediation shall, at the discretion of Canada, be based on any or a combination of standards in respect of a hazard to the environment or human health or safety:

(a) in territorial legislation or regulations as such standards exist at the time such Remediation is performed; or

(b) set out in the CCME Guidelines in conjunction with the risk assessment framework set out in such guidelines; or

(c) as may be agreed between Canada, the GNWT and, where the Remediation is in respect of Settlement Land, any affected Aboriginal Organization.

8.24 The Devolution Agreement shall set out provisions requiring Canada and the GNWT to consult with each other prior to introducing or amending the standards referred to in 8.22 or 8.23(a).

Consultation/Cooperation

8.25 The Devolution Agreement shall set out the protocols for consultation and cooperation among the Parties with respect to the Remediation of Waste Sites.

Non-Issuance of Rights

8.27 Unless otherwise agreed by Canada and the GNWT, any prohibition or withdrawal order made pursuant to the Territorial Lands Act (Canada), Canadian Petroleum Resources Act (Canada), or the Northwest Territories Waters Act (Canada) which is in effect immediately prior to the Effective Date in respect of any Waste Site for which Canada is responsible shall, as of the Effective Date, be replaced pursuant to applicable territorial legislation and shall remain in effect at least until Canada notifies the GNWT that all Impacts at the site have been Remediated.

8.28 Upon request from Canada, the GNWT shall prohibit the issuance of interests or the authorization of the conduct of activities or operations under territorial legislation at any Waste Site for which Canada is responsible, where Canada determines that such
prohibition is required to carry out or to minimize any Remediation required at that site. Such prohibition shall remain in effect at least until Canada notifies the GNWT that all Impacts at the site have been Remediated.

**Releases**

8.29 The Devolution Agreement will provide that as of the Effective Date, Canada shall be deemed to be released of any responsibility for Remediation in respect of Released Sites.

8.30 If, without the agreement of Canada, a prohibition or withdrawal order is not replaced pursuant to 8.27 or does not remain in effect in respect of a site until Canada notifies the GNWT that all Impacts at that site have been Remediated and such failure on the part of the GNWT results in further Alterations at that site, Canada shall be deemed to be immediately released of any further obligation in respect of that Waste Site.

8.31 If the GNWT does not comply with a request by Canada for a prohibition pursuant to 8.28 within a reasonable time, or the GNWT does not cause the prohibition to remain in effect until Canada notifies the GNWT that all Impacts at the site have been Remediated and such failure on the part of the GNWT results in further Alterations at that site, Canada shall be deemed to be immediately released of any further obligation in respect of that Waste Site.

8.32 Where the GNWT or any Aboriginal Organization grants or issues any lease, license, permit or other interest or authorization or conducts an activity that materially interferes with the Management of any Waste Site for which Canada is responsible, then Canada shall be deemed to be immediately released of any further obligation in relation to that Waste Site.

NET FISCAL BENEFIT

Net Fiscal Benefit Principles

12.1 The Devolution Agreement shall provide for a Net Fiscal Benefit to be calculated in the following manner:

(a) the Government of Canada will continue to treat Resource Revenues outside of the Territorial Formula Financing program established under the Federal-Provincial Fiscal Arrangements Act (the “F-PFAA”) and Federal-Provincial Fiscal Arrangements Regulations, 2007 or any successor program governing the financial arrangements between Canada and the GNWT; and

(b) 50 percent of Resource Revenues will be excluded from the offset calculation against the GNWT’s Territorial Formula Financing grant payable under the F-PFAA, up to an overall fiscal capacity cap equal to 5 percent of the NWT’s Gross Expenditure Base as determined under the F-PFAA for the fiscal year to which the Resource Revenues are attributable.

12.2 The Devolution Agreement shall provide for the scope and timing of reviews of the Net Fiscal Benefit in a manner that ensures the Net Fiscal Benefit remains consistent with the principles of Territorial Formula Financing and that corresponds to the benefits received by resource-producing provincial jurisdictions under the Equalization program established under the F-PFAA for provinces or any successor program governing the financial arrangements between Canada and provinces, and that continues to provide an additional incentive to develop natural resources.

Resource Revenue Sharing with Aboriginal Parties

12.3 The GNWT and Aboriginal Parties to this Agreement-in-Principle agree that an agreement addressing the sharing of the Net Fiscal Benefit among the GNWT and Aboriginal Parties to the Devolution Agreement shall be concluded prior to the signing of, and may be appended to, the Devolution Agreement.
