THE INDUSTRIAL PROPERTY ACT
(Cap 95:03).

THE INDUSTRIAL PROPERTY REGULATIONS 2010.

IN EXERCISE of the powers conferred on the Minister under sections 45 of the Act, these Regulations are made.

PART 1- PRELIMINARY

1. These Regulations may be cited as the Industrial Property Regulations 2010 and comes into force on 1st January 2011.

2. In these Regulations unless the context otherwise provides -

“Act” means the Industrial Property Act of The Gambia;

“address for service” means the address for service within The Gambia which is stated in the application form for a patent, industrial design or mark or any change thereof recorded under regulation 42;

“agent” means an agent appointed under section 38 of the Act;

“Court” means the High court;

“effective date” means 2nd April 2007 when the Act came into force; and

“1916 legislation” means the Trade Marks Act 1916 (formerly Chapter 181) and the Rules made under it, as they were in force at the effective date.

(2) A word or phrase not specifically defined in these Regulations but defined in the Act shall have the meaning assigned to it in the Act.
3. (1) All applications and processes under these Regulations shall be made or undertaken in the prescribed forms set out in the First Schedule to these Regulations.

(2) Notwithstanding sub-regulation (1), the Registrar General may direct or permit the modification of any form where he or she deems it fit.

(3) A form and the documents and drawings filed with it shall be made of strong, pliable, smooth and durable A4 paper which shall be so presented as to-

(a) allow for direct reproduction in an unlimited number of copies; and

(b) indicate clearly the matters to which they relate.

(4) All sheets filed with a form shall be free from cracks, creases and folds and only one side of a sheet shall be used, except otherwise specified.

(5) The fees to be paid in respect of matters arising under the Act or these Regulations shall be those prescribed in the Second Schedule to these Regulations.

(6) An application or any other matter required to be done under the Act shall not be processed unless the prescribed fee is paid.

Language

4. (1) All applications made under the Act or these Regulations shall be in English.

(2) A document forming part of an application or submitted to the Registrar General which is in a language other than English shall be accompanied by a certified English translation.
(3) A translation submitted to the Registrar General pursuant to sub-regulation (2) is presumed to be complete and accurate.

(4) Notwithstanding sub-regulation (3)-

(a) any interested party may adduce admissible evidence at any time to rebut the presumption in favour of a translated document; or

(b) the Registrar General may by notice in writing sent to the applicant or agent at any time, require a translation of the document to be certified to his or her satisfaction.

5. (1) A document purported to be signed on behalf of a corporation shall be signed by a director, secretary or any other officer of the corporation who satisfies the Registrar General that he or she is authorised to sign it.

(2) A document purported to be signed on behalf of a partnership shall contain the full names of all the partners and shall be signed by one or more of them or by any other person who satisfies the Registrar General that he or she is authorised to sign it.

(3) A document purported to be signed on behalf of any other unincorporated association shall be signed by any person who satisfies the Registrar General that he or she is authorised to sign it.

6. (1) An agent may be appointed orally or in writing.

(2) An application or other proceeding submitted or undertaken by an agent need not be accompanied by a written power of attorney or authorisation of agent.
(3) Notwithstanding sub regulation (2), the Registrar General may at any time, by notice in writing -

(a) require the agent to produce evidence of his or her authority through an authorisation in Form A1 or in any other manner the Registrar General may reasonably require;

(b) require the signature of the person appointing the agent on any document or the personal presence of the person.

7. Where a notice issued by the Registrar General under regulation 4(4)(b) or 6(3)(b) has not been complied with, he or she may refuse to recognise or act upon any document or process filed or undertaken by the person in default.

8. (1) A priority declaration under section 8 or section 28(2) of the Act shall state-

(a) the date of the earlier application;

(b) the number of the earlier application, if known; and

(c) the State or Organisation in which the earlier application was filed.

(2) If the number of the earlier application was not known when the priority declaration was filed, it shall be filed within three months from the filing date of the patent or other application in connection with which the priority declaration was made.

(3) The applicant may, at any time before the grant of a patent or registration of any other
right, amend the contents of the priority declaration.

(4) If the Registrar General requires a copy of the earlier application under section 8(2) of the Act, it shall be furnished within three months from the date of the request.

(5) Under these Regulations, where a priority declaration has been made and accepted by the Registrar General -

(a) the date of the earlier application is referred to as the “priority date”; and

(b) the State or Organisation in which the earlier application was filed is referred to as the “priority country”.

PART II- PATENTS

9. The classification, grant and publication of patents as well as the maintenance of classified search files shall be made in accordance with the Strasbourg Agreement of 1971 as revised from time to time.

10. (1) The application for a patent shall be made in Form P1.

(2) In addition to the matters specified in section 6 of the Act, the description of the invention shall-

(a) specify the technical field to which the invention relates;

(b) indicate the background art and cite the relevant documents reflecting such art;
(d) mention any advantageous effects of the invention with reference to the background art;

(e) where applicable, briefly describe the figures in the drawings; and

(f) indicate explicitly, if it is not obvious from the description or nature of the invention, the way in which the invention is industrially applicable and how it can be made or used.

Claims to a patent

11. (1) Where there are several claims relating to a patent, they shall be numbered consecutively in Arabic numerals.

(2) The claim or claims shall define the invention in terms of its technical features and wherever appropriate contain-

(a) a statement indicating those technical features of the invention which are necessary for the definition of the invention but which, in combination, are part of the prior art: and

(b) a characterising portion preceded by the words "characterised in that", "characterised by", "wherein the improvement comprises", or any other words to the same effect; stating concisely the technical features which, in combination with the features stated under paragraph (a), the claim is aimed at protecting.

(3) A claim shall not rely, in respect of the technical features of the invention, on references or cross-references to any part of the description or drawings except where it is absolutely necessary to do so.
(4) A claim submitted after the filing date of the application and which is not identified with the claims previously appearing in the application may, at the discretion of the applicant, be submitted either as a new claim or as an amended claim, together with the prescribed fee.

(5) The deletion of any claim previously appearing in the application shall be made by indicating the number of the previous claim followed by the word "cancelled".

12. (1) The abstract attached to an application for a patent shall be so drafted that it can efficiently serve as a scanning tool for searching in the particular art.

(2) The abstract shall consist of a summary of the disclosure as contained in the description, the claims, any drawings indicating the technical field to which the invention pertains and where applicable, the chemical formula which, among all the formulae contained in the application, best characterises the invention.

(3) The summary shall be so drafted as to enable clear understanding of the technical problem, the gist of the solution to that problem through the invention and the principal use or uses of the invention.

(4) The abstract shall be as concise as the disclosure permits and shall not-

(a) as far as practicable exceed one hundred and fifty words (150);

(b) contain statements on the alleged merits or value of the invention or on its speculative application.
13. Throughout the application for a patent-

(a) the terminology and signs used shall be consistent;

(b) only such technical terms, signs and symbols as are generally accepted in the field in question shall be used, unless otherwise approved by the Registrar General;

(c) weights and measures shall be expressed in accordance with the metric system;

(d) temperatures shall be expressed in degrees centigrade (celsius);

(e) indications of heat, energy, light, sound and magnetism, including mathematical formulae and electrical units, shall be expressed by using rules of general use; and

(f) chemical formulae and their symbols, atomic weights, and molecular formulae shall be expressed by using rules in general use.

14. (1) A divisional application made under section 7(3) of the Act shall contain a reference to the initial application.

(2) Where an applicant wishes a divisional application to benefit from any priority claim for the initial application, he or she shall make a request to that effect in the divisional application.

(3) Where a request under sub-regulation (2) is made, the declaration of priority and the
documents furnished with the initial application shall be deemed to apply to the divisional application.

(4) Where priority for two or more earlier applications is claimed for the initial application, a divisional application shall benefit only from the priority that is applicable to it.

15. The applicant shall furnish the Registrar General with the information or documents relating to corresponding foreign applications under section 9 of the Act within three months from the date of the request.

16. (1) A withdrawal of an application for a patent under section 6(7) of the Act shall be made in Form P2.

   (2) The withdrawal of an application does not entitle the applicant to a refund of the application fee.

17. An amendment of an application for a patent under section 7(2) of the Act or of a priority claim under regulation 8(3) shall be made in Form P3.

18. (1) Upon receipt of an application for a patent, the Registrar General shall mark the actual date of receipt and the application number on the application form and each document filed with it.

   (2) The application number shall be in the format “GM/P/X/Y”; where-

      (a) “X” denotes the year of receipt; and

      (b) “Y” is a five-digit number denoting the sequential order in which patent applications are received.

   (3) The application number shall be stated in
all subsequent communications relating to that application.

(4) On receipt of every subsequent document relating to an application, the Registrar General shall mark it with the application number and the date of receipt of that document and shall also mark the original application with the description of the subsequent document and its date of receipt.

19. (1) Upon receipt of an application for a patent, the Registrar General shall examine whether the application complies with section 10(1) of the Act.

(2) Where the Registrar General considers that section 10(1) of the Act has not been complied with, or that the applicant has failed to include the required drawings, he or she shall request the applicant to make the necessary corrections or to furnish the missing documents, as the case may be.

(3) A request under sub-regulation (2) shall -

(a) be made in form P4;

(b) specify the correction to be made or the missing drawing to be filed;

(c) state the fees to be paid, if any; and

(d) state the date within which the corrections are to be effected or the missing documents are to be filed.

(4) Where the correction is not made or the document is not filed within the date specified in sub-regulation (3), the application shall be deemed not to have been filed.

(5) Subject to sub-regulation (2), the Registrar General shall notify the applicant in writing of the filing date as soon as he or she is satisfied that section 10 of the Act has been complied
with.

(6) Where the Registrar General refuses to accord a filing date to an application, he or she shall notify the applicant in writing and specify the reasons for his or her decision.

20. (1) Where the Registrar General has given a filing date to an application, he or she shall examine the application pursuant to section 10 (3) and (4) of the Act.

(2) Where the Registrar General is satisfied that the conditions set out in section 10 (3) and (4) of the Act have been complied with, he or she shall grant the patent, and the applicant shall be so notified in writing.

(3) Where the Registrar General rejects an application under section 10 (3) or (4) of the Act, he or she shall notify the applicant in writing, and specify the reasons for his or her decision.

(4) A refusal of an application for a patent shall not affect its filing date, which shall remain valid.

21. (1) Where the Registrar General has granted a patent, it shall retain the number allocated to it under regulation 18, which shall be used as the publication number of the patent.

(2) The particulars of a patent shall be recorded in form P5 and, in addition to the information indicated in sub regulation (4), shall contain the date of publication of the patent, the documents or references cited of the prior art, the description, the claims and the drawings, if any.

(3) The patent shall be deemed to be granted on the date the Registrar General publishes a
reference to the grant.

(4) The publication of the grant of the patent shall include -

(a) the number of the patent;

(b) the name and address of the owner of the patent;

(c) the address for service;

(d) the name and address of the inventor, except where he or she has asked not to be named in the patent;

(e) the filing date;

(f) where applicable, the priority date and the priority country;

(g) the effective date of the grant of the patent;

(h) the title of invention;

(i) the abstract;

(j) the most illustrative of the drawings, if any; and

(k) the symbol of the International Patent Classification.

(3) The certificate granting the patent shall be in form P6.

(4) Any person may obtain a copy of the patent on payment of the prescribed fee.

22. (1) The Minister shall, before taking a decision under section 12(6) of the Act, consult the Registrar General and give the owner of the patent and any other interested person whose participation the Minister considers necessary, not less than thirty days (30)
written notice to make such written representations as they think fit.

(2) The Minister may grant a hearing to the owner of the patent or any interested person, where he or she is of the view that such a course of action will facilitate his or her decision.

(3) Where the Minister decides that the invention shall be exploited by a Government agency or a third person, he or she shall state the terms and conditions of exploitation and transmit his or her decision to the Registrar General.

(4) The Registrar General shall record, publish and notify the owner of the patent and any interested person of the decision of the Minister in writing.

(5) Where the owner has appealed to the Court under section 12(7) of the Act, the decision of the Court shall be recorded and published by the Registrar General.

23. (1) A request under section 13(2) of the Act shall be made in form P7 and shall be accompanied by a statement of evidence that the patented invention is being worked in The Gambia or that there are circumstances (other than importation) which justify the failure to work it.

(2) The remittance of each annual fee under section 13(3) of the Act shall be accompanied by a statement in form P8.

(3) Upon the lapse of a patent under section 13(3) (c) of the Act, the Registrar General shall record and publish the fact of its lapse.

24. (1) A request for a non-voluntary licence made under section 14(1) of the Act shall be made in form P9, and in addition to the details therein prescribed shall specify -
(a) the grounds and the evidence upon which the request is based; and

(b) the plan according to which the person requesting the non-voluntary licence intends to work the patented invention, including evidence that he or she has ability to do so in The Gambia.

(2) The Registrar General shall, on receipt of the request-

(a) immediately notify the owner of the patent and any existing licensees; and

(b) solicit the views of the owner of the patent and any existing licensees which shall reach the Registrar General within thirty days of the date of the notification.

(3) The Registrar General shall, within three months from the expiry of the thirty days referred to in sub-regulation (2)(b) hold a hearing, of which he or she shall give not less than twenty one days’ notice to the person requesting the non-voluntary licence, the owner of the patent and any existing licensees.

(4) The parties mentioned in sub-regulation (3) and any other interested party may be heard or allowed to present written representations at the hearing and they shall comply with the directives issued by the Registrar General regarding the conduct of the hearing.

(5) The Registrar General may, before granting a non-voluntary licence, consult such person or authority as he or she thinks fit.

(6) Where the Registrar General grants a non-voluntary licence, he or she shall state the
terms of exploitation and transmit his or her decision to the parties mentioned in sub-regulation (3) and any other interested party.

(7) A decision under sub-regulation (6) shall be recorded and published by the Registrar General.

(8) Where the decision of the Registrar General to grant a licence under sub-regulation (6) is subject to an appeal, he or she shall record and publish the decision once it becomes final.

25. (1) A notice of an application to invalidate a patent under section 15(1) of the Act, and the decision of the Court shall be served on the owner and all licensees.

(2) If the Court finds that the failure to meet the requirements specified in section 15(2) of the Act applies only to some of the claims or parts of a claim, the Court shall make an order for partial invalidation in accordance with that finding.

PART III - INDUSTRIAL DESIGNS

26. The Registrar General shall apply the latest version of the Locarno Agreement of 1968 establishing an International Classification for Industrial Designs, for the classification of industrial designs.

27. (1) The application for the registration of an industrial design shall be made in form D1, and in addition to the details therein prescribed, shall-

(a) state whether the applicant is the creator and if he or she is not, state the name and address of the creator; and

(b) be accompanied by evidence of the applicant's entitlement to make the
application pursuant to section 22(2) of the Act.

(2) A specimen accompanying the application shall not exceed twenty (20) centimetres by twenty (20) centimetres by twenty (20) centimetres in size.

28. (1) A withdrawal of an application under section 22(4) of the Act shall be made in form D2.

(2) An amendment of an application or priority claim shall be made in form D3.

(3) A request by the Registrar General for correction of an application shall be made in form D4.

(4) The record of particulars of a registered industrial design shall be made in form D5 and the certificate of registration shall be in form D6.

(5) The application number for an industrial design application shall be in the format “GM/D/X/Y”

29. Subject to regulations 28 and 29, regulations 16, 19, 20, 21 and 22 shall apply mutatis mutandis to an application for registration of an industrial design.

30. (1) An application for renewal of the registration of an industrial design shall be made in form D7 within the six months preceding the expiry of the registration, subject to the grace period provided for in section 24(5) of the Act.

(2) Where a registered owner fails to pay the renewal fee or any applicable surcharge, the registration of the industrial design shall not be renewed and the registration shall be removed from the register as from the last expiry date of the registration.
(3) The renewal or lapse of the registration of an industrial design shall be recorded and published.

(4) Upon the renewal of registration, the Registrar General shall issue to the registered owner a certificate of renewal in form D8 containing the details therein prescribed.

31. A notice of an application to invalidate the registration of an industrial design under section 25(1) of the Act and of the decision of the Court shall be served on the owner.

PART IV - MARKS AND COLLECTIVE MARKS

30. (1) An application may be made for the registration of a mark in respect of-

(a) goods;

(b) services; or

(c) goods and services,

in one or more classes of the International Classification of marks.

(2) An application for the registration of a mark shall be made in form M1 bearing a representation of the mark in the prescribed place and accompanied by three additional representations of the mark.

(3) The representation of the mark on the application form and the additional reproductions shall be identical.

(4) If the Registrar General considers that any representation of a mark is unsuitable for the purposes of the registration of the mark, he or
she may at any time require a suitable representation to be submitted.

(5) If a representation cannot be given in the manner provided for in this regulation, a specimen or copy of the mark may be sent either in full size, on a reduced scale or in such form as the Registrar General may approve.

(6) If colour is claimed as an element of the mark, the application shall state the claim and specify the colour.

(7) If the application is for registration of a Three-Dimensional mark, the application shall state so and the representations shall be such as to illustrate the three dimensions clearly.

(8) An application for registration of a mark which is or contains a word shall be treated as an application to register the word in the graphical form shown on the application unless where the application states that the word is to be registered without regard to its graphical form.

(9) If a mark consists of or contains a word in a language other than English or characters other than Roman, the application shall be accompanied by a transliteration and translation of each of such words and state the language to which each word belongs, unless the Registrar General otherwise directs or permits.

31. (1) A withdrawal of an application under section 28(3) of the Act shall be made in form M2.

(2) A withdrawal of an application does not entitle the applicant to a refund of the application fee.

32. (1) Upon receipt of an application under regulation 30, the Registrar General shall
mark on each document making up the application the actual date of receipt and the application number in the format, “GM/M/X/Y”, where-

(a) “X” denotes the year of receipt; and

(b) “Y” is a five-digit number denoting the sequential order in which applications for registration of marks are received.

(2) The application number shall be stated in all subsequent communications relating to that application.

(3) On receipt of every subsequent document relating to an application, the Registrar General shall-

(a) mark it with the application number and the date of receipt of that document; and

(b) mark the original application with the description of the subsequent document and its date of receipt in the appropriate place.

(4) The filing date of an application for the registration of a mark shall be the date on which all the following is received-

(a) the name of the applicant;

(b) the address for service;

(c) the prescribed representations of the mark;

(d) a specification of goods or services; and

(e) the prescribed application fee.

(5) Upon receipt of the information prescribed in regulation (4), the Registrar General shall notify the applicant in writing of the application
33. (1) Where on examination of the application for registration of a mark, the Registrar General considers that the application is incomplete or defective in a material particular, he or she may request the applicant to make such corrections as he or she thinks fit in form M3 within thirty days.

(2) Where the applicant fails to submit the necessary correction in writing within thirty days, the application shall be deemed to have been withdrawn.

(3) The Registrar General may refuse an application if the corrections requested under sub-regulation (1) do not satisfy him or her, and the applicant shall be informed accordingly.

34. (1) The Registrar General may either simultaneously with his or her examination under regulation 33 or on completion of that procedure, examine the application in accordance with section 29(1) of the Act and-

(a) accept it without conditions;

(b) accept it subject to conditions (in which case he or she shall notify the applicant of those conditions, giving the applicant not less than thirty days to agree or object); or

(c) reject the application.

(2) Where the Registrar General is satisfied that an application fulfils the conditions set out in section 29(1) of the Act and accepts the application or accepts it subject to any conditions or limitations to which the applicant does not object, the Registrar General shall give the applicant a notice of acceptance in form M4, including a request in form M3 for number and filing date.
payment of the prescribed advertisement fee within three months from the date of the application.

(3) If the applicant wishes the application to be published he or she shall pay the prescribed fee with a notice of payment in form M5.

(4) Upon receipt of form M5 and the prescribed fee, the Registrar General shall publish the application, setting out-

(a) the filing date and where applicable, the priority date and the priority country;

(b) a representation of the mark;

(c) the list of the goods or services with an indication of the corresponding class or classes of the International Classification;

(d) the name and address of the applicant; and

(e) the address for service.

(5) If the applicant fails to pay the advertisement fee within the prescribed time, the application shall be deemed to have been withdrawn.

35. (1) A notice of opposition under section 29(2)(b) of the Act shall be in form M6 and in addition to a statement of the grounds of opposition, shall be accompanied by any evidence the person opposing the application may wish to adduce in support of the opposition.

(2) The notice of opposition together with any evidence shall be filed with the Registrar General in duplicate.
(3) When sending the copy of notice of opposition to the applicant under section 29(2)(d) of the Act, the Registrar General shall send the duplicates of the evidence in support provided by the opponent.

(4) A counter-statement filed under section 29(2)(d) of the Act shall be in form M7, and in addition to stating the grounds on which the applicant relies for his or her application, shall be accompanied by any evidence the applicant may wish to adduce in support of his or her application.

(5) The counter-statement together with any evidence shall be filed with the Registrar General in duplicate.

(6) When sending the copy of the counter-statement to the person giving notice of opposition under section 29(2)(e), the Registrar General shall also send the duplicates of the evidence in support provided by the applicant.

(7) The evidence referred to in sub-regulations (1) and (4) shall take the form of written affidavits or statutory declarations, with any exhibits specifically attested to therein, and if made outside The Gambia authenticated by a Notary Public.

(8) In determining the applicant’s liability (if any) for costs under section 29(2)(g) of the Act, the Registrar General shall consider whether formal opposition proceedings may have been avoided if reasonable notice had been given by the opponent to the applicant before the notice of opposition was filed.

38. (1) The Registrar General shall register a mark and issue to the applicant a certificate of registration in form M8 if, within three months after publication of the mark under section 29(2)(a) of the Act -
(a) the registration of the mark has not been opposed; or

(b) the registration of the mark has been opposed and the issue has been decided in the favour of the applicant,

(2) Upon the registration of a mark, the effective date of the registration shall be either the -

(a) the filing date under regulation 32(4); or

(b) the priority date (where applicable);

whichever is earlier.

(3) Upon the registration of a mark it shall retain the number allocated to it under regulation 32(1).

(4) The registration of a mark shall include -

(a) a representation of the mark;

(b) the number of the mark;

(c) the name and address of the registered owner;

(d) the address for service;

(e) the filing date and the effective date determined under sub-regulation (2);

(f) the date on which the registration was actually completed;

(g) where applicable, the priority date and the priority country; and
(h) the list of goods or services in respect of which the mark is registered with an indication of the corresponding class or classes of the International Classification.

(5) The Registrar General shall not be required to re-publish the mark upon completion of its registration.

39. (1) An application for renewal of the registration of a mark shall be made in form M9 within the six months preceding the expiry of the registration; subject to the grace period prescribed under section 31(4)(c).

(2) Subject to sub-regulation (3), where the registered owner of a mark fails to pay the renewal fee or the surcharge where applicable, the registration of the mark shall not be renewed and its registration shall be removed from the register as from the last expiry date of its registration.

(3) Where a mark has been removed from the register for non-payment of the renewal fee, it shall, for the purposes of section 27(2)(f) of the Act (in relation to a new application for the registration of another mark within one year from the date of expiration of the last registration), be deemed to be a mark which is already on the register, unless the Registrar General is satisfied that -

(a) there has been no bona fide use of the mark which has been removed, during three years immediately preceding its removal; or

(b) no deception or confusion is likely to arise from the use of the mark which is the subject matter of the new application for registration, by reason of any previous use of the mark which has been removed.
(4) The renewal of the registration of a mark shall be recorded in the register and shall be published by the Registrar General.

(5) Where the Registrar General renews the registration of a mark, he or she shall issue to the registered owner a certificate of renewal in form M10.

40. (1) An application under section 32 of the Act to remove a mark on the grounds of non-use shall include a statement fully setting out the allegations of fact on which the application is made.

(2) A copy of the application shall be served on the registered owner of the mark.

(3) The removal of a mark from the register on the grounds of non-use shall be published by the Registrar General.

41. (1) In accordance with section 33 of the Act, the provisions of regulations 30 to 40 shall apply mutatis mutandis to collective marks and references therein to a "mark" shall be deemed to include a collective mark, subject to sub regulations (2) to (6).

(2) The application for registration under regulation 30 shall clearly designate it as a collective mark and be accompanied by a copy of the regulations governing the use of the collective mark, which shall-

(a) define the common characteristics or quality of the goods or services which the collective mark designates, the conditions under which it may be used and the persons who may use it,

(b) provide for effective control of the use of the mark in compliance with those
regulations and determine sanctions for any use contrary to the said regulations

(3) The registered owner of a collective mark shall immediately notify the Registrar General in writing of changes effected in the regulations governing the use of the mark.

(4) All notifications under sub-regulation (3) shall be recorded in the register, and changes to the regulations shall have no effect until they are recorded.

(5) A collective mark may be used by the registered owner personally or other authorised persons in accordance with the said regulations and the use by such persons shall be deemed to be use by the registered owner.

PART VI - MISCELLANEOUS PROVISIONS

42. (1) The changes to be recorded under section 37 of the Act may include inter alia-

(a) changes in the name, corporate structure or home address of the owner or applicant or the address for service;

(b) assignments, transfers or transmissions of ownership whether voluntary or by operation of law;

(c) deletions from or restrictions of the goods or services comprised in the registration of a mark;

(d) changes in the classification of the goods or services comprised in the registration of a mark, such as to comply with the International Classification.

(2) The changes in sub-regulation (1) shall not include any addition to or expansion of the
goods or services comprised in the registration of a mark, nor any alteration to the representation of a mark.

(3) All applications for recordal of changes shall be made to the Registrar General in form G1 which may be modified pursuant to regulation 3(1) so as to reveal the full details of the change concerned.

(4) On receipt of an application for recordal, the Registrar General may require the owner or applicant to furnish such documentary evidence or additional information as the Registrar General may deem appropriate.

(5) Unless otherwise stipulated by the Registrar General, any such document from outside The Gambia shall be authenticated by a Notary Public.

(6) A publication under section 37(1) of the Act shall specify –

(a) the description and number of the registration;

(b) the nature of the change;

(c) the names and addresses of the owner and the new owner, where applicable; and

(d) the new address for service, where applicable.

43. (1) An application for recordal of a licence under section 37(5) of the Act shall be made to the Registrar General in form G2, accompanied by a copy of the licence contract or document, and any such document from outside The Gambia shall be authenticated by a Notary Public.

(2) In accordance with section 37(5) of the Act, the Registrar General shall keep the contents
of the licence document confidential but shall publish the dates of commencement and expiry of the contract, the geographical limits of the licence, the names and addresses of the parties and their addresses for service.

44. (1) Any notice or correspondence required to be served on or delivered to an applicant or owner by the Registrar General shall be deemed to have been properly served or delivered if the correspondence or notice has been posted by regular mail to, or delivered at the address for service.

(2) Any form, notice or correspondence required to be filed with or delivered to the Registrar General may be delivered at his or her office or posted by regular mail to the Registrar General’s official postal address.

(3) Except for purposes of allocating filing dates, material sent by post under sub-regulations (1) and (2) shall be deemed to be received on the second working day after posting.

45. Where the last day for doing any act or taking any proceeding falls on a day when the Registrar General’s office is not open to the public for business, the act or the proceeding may be undertaken on the day the office is next open for business.

46. (1) The consultation of the registers under section 39(2) of the Act is subject to the payment of the prescribed fee.

(2) Requests for extracts from a register under section 39(2) of the Act shall be made in writing to the Registrar General and subject to the payment of the prescribed fee.

47. (1) Where the Registrar General has effected a correction under section 40(1) of the Act to any application, document or recording, he or she shall communicate the same to the
applicant or owner concerned and to any other interested parties he or she may deem necessary.

(2) The Registrar General may at his or her discretion also publish the correction.

48. The “official bulletin” for the purpose of publications under section 39(3) of the Act is The Gambia Gazette.

49. The Registration of United Kingdom Patents (Fees) Regulations 1972 and the Rules comprised in the 1916 legislation are repealed.

50. (1) All trade mark applications which were pending on the effective date under the 1916 legislation shall-

(a) be governed by the provisions of the 1916 legislation as to registration and classification;

(b) retain the numbers allocated to them under the 1916 legislation;

(c) not require re-examination if they have already been examined and accepted; and

(d) subject to paragraphs (a) - (c), be governed by the Act and these Regulations.

(2) All trade mark applications which have been filed since the effective date and which are classified under the 1916 legislation or otherwise fail to be properly classified under the Act, shall be re-classified in accordance with the Act.

(3) For the purposes of sub regulation (2), the Registrar General shall give a notice of correction under regulation 33 to every
applicant who has not voluntarily re-classified his or her application within a reasonable time after publication of these Regulations.

(4) The correction shall be effected by recordal of change in form G1 or by such other means that the Registrar General may require or accept.

(5) Where immediately before the effective date, a person or firm was recognised by the Registrar General as an agent in patent, industrial design or trade mark matters, the Registrar General shall continue to recognise such person or firm and he, she or it shall be deemed to be duly qualified for purposes of section 38 of the Act and these regulations.
