PARASITIC MANGE (JERSEY) ORDER 1958¹

THE ECONOMIC DEVELOPMENT COMMITTEE, in pursuance of Articles 3, 10 and 42 of the Diseases of Animals (Jersey) Law 1956,² orders as follows –

Commencement [[see endnotes](#)]

1 Interpretation

In this Order –

“approved disinfectant” has the meaning assigned to it in the Diseases of Animals (Approved Disinfectants) (Jersey) Order 1958;³

“disease” means parasitic mange;

“disinfect” means disinfect with an approved disinfectant;

“examine” includes the taking of specimens for laboratory examination;

“Law” means the Diseases of Animals (Jersey) Law 1956;⁴

“owner” includes an authorized agent of the owner;

“premises” includes land.

2 Veterinary enquiry by the Minister

Where notice has been given under Article 4 of the Law that any horse is affected with disease or where there are reasonable grounds for suspecting that any horse is affected with disease, the Minister shall cause the diseased or suspected horse and any other horse on the premises on which the diseased or suspected horse is to be found to be examined by the Veterinary Officer.

3 Detention and treatment of diseased or suspected horses

- (1) Where the Minister is satisfied that there is on any premises a diseased or suspected horse, the Minister shall cause to be served on the occupier of those premises a notice requiring that –

- (a) the diseased or suspected horse shall be detained in the stable, shed, building, field or other place (hereinafter referred to as the “place of detention”) on those premises where it is at the time of the service of the notice;
 - (b) except under and in accordance with a permit in writing granted by or on behalf of the Minister, the diseased or suspected horse shall not be moved out of the place of detention:
Provided that this requirement shall not apply to the movement for the purpose of being worked, for a period not exceeding 24 hours, of a diseased or suspected horse which, within the 7 days next preceding the movement, has been treated with a dressing or other remedy for disease approved for that purpose by the Minister;
 - (c) except under and in accordance with a permit in writing granted by or on behalf of the Minister, no horse shall be moved out of the place of detention:
Provided that this requirement shall not apply to the movement, for a period not exceeding 24 hours, of a horse, not being a diseased or suspected horse, which, within the 7 days next preceding the movement, has had its skin treated all over with some dressing or other remedy for disease approved for that purpose by the Minister;
 - (d) no horse shall be allowed to stray out of the place of detention nor from any part of those premises on which it is being worked.
- (2) A notice under this Article shall remain in force until withdrawn by or on behalf of the Minister.

4 Treatment of diseased or suspected horses and of other horses in a place of detention

The occupier of any premises in respect of which there has been served a notice under Article 3 shall, if so required by or on behalf of the Minister, treat a diseased or suspected horse and any other horse in the place of detention in such manner and with such dressing or other remedy as may be so required, and it shall be the duty of the occupier of those premises to comply with the requirement.

5 Provision for detention and treatment of horses exposed to infection

- (1) Where the Minister considers it necessary so to do for preventing the spreading of disease, he or she may cause to be served on the owner or person having the charge of a horse which the Minister had reason to believe has been in contact with a diseased or suspected horse or has been otherwise exposed to the infection of disease, a notice requiring that the horse –
- (a) shall be treated twice, with an interval of 7 days between the 2 treatments, with a dressing or other remedy for disease approved by the Minister;
 - (b) shall not be moved out of the premises specified in the notice:

Provided that this prohibition shall not apply to the movement, for a period not exceeding 24 hours, of a horse for the purpose of being worked where, within the 7 days next preceding the date of such movement, the horse has been treated with a dressing or other remedy for disease approved by the Minister, and provided also that the horse shall not be moved into any stable, shed, field or other premises upon which horses are kept,

and it shall be the duty of the owner or person having the charge of that horse to comply with the terms of the notice.

- (2) A notice under this Article shall remain in force until withdrawn by or on behalf of the Minister.

6 Cleansing and disinfection

- (1) The occupier of any premises in respect of which a notice under Article 3 has been served shall cleanse and disinfect, or cause to be cleansed and disinfected, any place on those premises in which there has been at any time a diseased or suspected horse, in the manner following –
- (a) the place shall be swept out, and all litter and sweepings shall forthwith be burned or well mixed with quicklime and then effectually removed from contact with horses;
 - (b) the floor of the place and all other parts thereof with which a diseased or suspected horse has come in contact shall be thoroughly washed, scrubbed or scoured with water and then thoroughly coated or washed with an approved disinfectant;
 - (c) every utensil, manger, feeding-trough, pen, hurdle, harness, article of clothing or other thing used for or about a diseased or suspected horse shall, as soon as practicable after being so used and before being used for or about any other horse, be cleansed by being thoroughly washed, scrubbed or scoured with water and thereafter thoroughly coated or washed with an approved disinfectant.
- (2) In the case of a field or other place which is not capable of being cleansed and disinfected in the manner prescribed by this Article, it shall be a sufficient compliance with the provisions of this Article if such field is cleansed and disinfected to the satisfaction of the Veterinary Officer.
- (3) Where the occupier of any premises to which this Article relates fails to carry out, or cause to be carried out, any measures of cleansing and disinfection prescribed by this Article, the Minister may, without prejudice to any proceedings for an offence in respect of such default, cause such cleansing and disinfection to be carried out and may recover from that occupier, as a civil debt, the expenses of such cleansing and disinfection.

7 Prohibition on exposure or movement of diseased or suspected horses and horses which have been exposed to infection

- (1) Save as authorized under any other provision of this Order, no person shall –
 - (a) expose a diseased or suspected horse, or a horse which has been exposed to the infection of disease, in a market, sale-yard, place of exhibition or other public or private place where horses are commonly exposed for sale or exhibition;
 - (b) place a diseased or suspected horse, or a horse which has been exposed to the infection of disease, in any place adjacent to or connected with a market, sale-yard or other place where horses are commonly placed before or after exposure for sale or exhibition;
 - (c) send, carry, ride, lead or drive, or cause to be sent, carried, ridden, led or driven, a diseased or suspected horse, or any horse which has been exposed to the infection of disease, on any highway, road or lane;
 - (d) place or keep a diseased or suspected horse, or any horse which has been exposed to the infection of disease, on common or unenclosed land, or in any field adjoining a highway, road or lane, unless the horse is in the charge of an attendant or the field is so fenced or situate that horses therein cannot in any manner come in contact with any horse on that highway, road or lane; or
 - (e) allow a diseased or suspected horse, or any horse which has been exposed to the infection of disease, to be, or to stray on, any highway, road or lane, or on the sides thereof, or to stray on any common or unenclosed land, or in any field or place insufficiently fenced.
- (2) Where a horse is exposed, sent, carried, led, driven or otherwise dealt with in contravention of this Article, the Minister may cause that horse to be seized, removed to and detained in such place as the Minister may appoint and there subjected to such treatment as the Minister may require.
- (3) Where a horse is seized in virtue of paragraph (2), the Minister may recover as a civil debt from the owner of that horse the expenses of such seizure, removal, detention and treatment.

8 Citation

This Order may be cited as the Parasitic Mange (Jersey) Order 1958.
