

Government of the Union of Myanmar  
Ministry of Agriculture & Irrigation

Notification No. /2000

Yangon , The

day of  
( Nov 2000)

1361 M.E

In exercise of the powers conferred under section 27 , subsection (a) of the **Plant Pest Quarantine Law** , the Ministry of Agriculture and Irrigation with the approval of the Government hereby prescribes the following regulation :-

CHAPTER I

**Title and Definitions**

1. This regulation shall be called **Plant Pest Quarantine Regulation** .
2. The expressions contained in this regulation shall have the same meanings as are assigned to them in the **Plant Pest Quarantine Law** . In addition the following expressions shall have the meanings given hereunder :-
  - (a) **Law** means the **Plant Pest Quarantine Law** ;
  - (b) **Post-entry Quarantine station** means the designated station holding plant or propagative part for the purpose of conducting interceptions , research works , inspection after importation .
  - (c) **Quarantine station** means designated station for the purpose of conducting inspection, withhold, disinfestation or disinfection of pests, re-exportation or destroying the plant, pest, consignment and soil when such things were imported or exported or entered as transit .
  - (d) **Entry point** means a designated point where the consignments are to be imported or exported .

CHAPTER II

**Prescribing Conditions for importation**

3. A person desirous of importation from abroad plant, plant product, non-plant product, pest, beneficial organism or soil shall apply to the Managing Director on form 1 .

4. The Managing Director after seeking advices from the Inspector General on application made under section 3 may make any decision hereunder:-

- (a) (i) Granting or refusing importation .
- (ii) Passing any other order as may be deemed fit .
- (b) If the importation is granted, issuing the certificate of import on **form 2**.
- (c) Prescribing one of the following conditions when importation is granted .
  - (i) Limitation of quantity or weight to be imported .
  - (ii) Being inspected at the post-entry quarantine station or grown or reared under supervision of the Myanmar Agriculture Service .
  - (iii) If the importation is for research purpose, laying down the conditions and procedures to be followed .
  - (iv) Prescribing any suitable conditions .

5. Plant, plant product, non-plant product, pest, beneficial organism, soil etc when entering from abroad , potential risk which can be harmful to the agricultural and forest resources , shall have to be undergone the inspection by Inspector General or Inspector .

### CHAPTER III

#### Prescribing conditions for Exportation

6. A person desirous of exporting or re-exporting plant, plant product , in accordance with the requirements by importing countries shall apply to obtain phytosanitary certificate or phytosanitary certificate for re-export on **form 3** .

7. Phytosanitary certificate can be applied only for the plant or plant product which are grown or produced in Myanmar . When re-exporting plant or plant product which are grown or produced in abroad shall apply for phytosanitary certificate for re-export along with the phytosanitary certificate issued by the country of origin .

8. Inspector General may assign any inspector and based on the inspection results with respect to the application made under clause 6 may grant or refuse phytosanitary certificate or phytosanitary certificate for re-export .

9. The Inspector General shall upon decision to grant phytosanitary certificate with respect to the application made under clause 6 shall assign any inspector to issue the phytosanitary certificate on **form 4** and phytosanitary certificate for re-export on **form 5** .

10. With respect to the requirements of foreign country, when plant and plant products have to be exported or re-exported, application shall

be made to obtain the fumigation certificate to the Inspector General on form 6 .

11. The Inspector General with respect to the application made under clause 10 shall assign any inspector to supervise the fumigation work and shall issue the certificate of Fumigation on form 7 .

15. The organizations recognized by the Pesticide Registration Board , when conducting fumigation may do so themselves by following the prescribed conditions .

#### CHAPTER IV

##### Undertaking duties and responsibilities by the Managing Director

13. The Managing Director shall :-

- (a) Prescribe sampling techniques for the phytosanitary inspection; validity of phytosanitary certificate; the methods of inspection , forms to be used with, when the inspector General and inspectors had done their duties .
- (b) Prescribe the post-entry quarantine stations and quarantine stations in which planting materials have to be detained and inspected .

#### CHAPTER V
