### **Application of regulations**

2. (1) These regulations apply to activities listed in Government Notice No. 30 of 6 February 2012.

(2) The activities referred to in subregulation (1), are activities that may not be undertaken without an environmental clearance certificate.

### **Duties of proponents**

3. The proponent must -

- (a) designate an environmental assessment practitioner (hereinafter referred to as EAP”) to manage the assessment process;
- (b) provide the EAP with access to information at the disposal of the proponent regarding the application, whether or not the information is favourable to the proponent; and
- (c) ensure that the environmental assessment procedures, specified in the Act, these regulations and guidelines, for the proposed activity are followed.

### **General requirements for EAPs**

4. An EAP designated in terms of regulation 3, must -

- (a) have knowledge of and experience in conducting assessments, including knowledge of the Act, these regulations and guidelines that have relevance to the proposed activity;
- (b) perform the work relating to the application in an objective manner, even if this results in views and findings that are not favourable to the applicant;
- (c) comply with the Act, these regulations, guidelines and other applicable laws and
- (d) disclose to the proponent, competent authority and the Environmental Commissioner all material information in the possession of the EAP that reasonably has or may have the potential of influencing -
  - (i) any decision to be taken with respect to the application in terms of the Act and these regulations; or
  - (ii) the objectivity of any report, plan or document to be prepared by the EAP in terms of the Act and these regulations.

### **Determining if proposed activity is a listed activity**

5. (1) Before submitting an application for an environmental clearance certificate the proponent must determine that the activity for which the application is made is a listed activity.

(2) For the purposes of subregulation (1), the proponent may consult the Environmental Commissioner, the competent authority and guidelines, if any.

(3) If the proponent has in terms of subregulation (1) determined that the proposed activity is a listed activity, the proponent must apply for an environmental clearance certificate in accordance with regulation 6.

#### **Application for environmental clearance certificate**

6. (1) The application for an environmental clearance certificate must be -
- (a) made on a form which corresponds substantially with Form 1 of Annexure 1 to the regulations, and obtainable from the Ministry and other designated offices; and
  - (b) submitted to the relevant competent authority.

(2) If the Minister is in terms of section 30(1) of the Act identified as the competent authority in respect of a listed activity the application must be submitted to the Environmental Commissioner.

(3) If any other organ of state is in terms of section 30(1) of the Act identified as the competent authority in respect of a listed activity the application must be submitted to the designated organ of state.

(4) If the Minister has in terms of section 30(3) of the Act made an agreement with an organ of state in respect of applications for environmental clearance certificates, the application must be submitted to that organ of state.

#### **Process after submission of application**

7. (1) After submitting the application to the competent authority the proponent must -

- (a) conduct a public consultation process in accordance with regulation 21;
- (b) open and maintain a register of all interested and affected parties in respect of the application in accordance with regulation 22;
- (c) consider all objections and representations received from interested and affected parties following the public consultation process conducted in terms of paragraph (a), and subject the proposed application to scoping by assessing -
  - (i) the potential effects of the proposed listed activity on the environment;
  - (ii) whether and to what extent the potential effects referred to in subparagraph (i) can be mitigated; and
  - (iii) whether there are any significant issues and effects that require further investigation;
- (d) prepare a scoping report; and
- (e) give all registered interested and affected parties an opportunity to comment on the scoping report in accordance with regulation 23.

(2) After the completion of the processes referred to in subregulation (1), the proponent must submit to the relevant competent authority -

- (a) the scoping report;

- (b) the management plan;
- (c) copies of any representations, objections and comments received in connection with the application or the scoping report;
- (d) copies of the minutes of any meetings held by the proponent with interested and affected parties and other role players which record the views of the participants; and
- (e) any responses by the EAP to those representations, objections, comments and views.

### **Scoping report**

- 8.** A scoping report must include -
- (a) the curriculum vitae of the EAP who prepared the report;
  - (b) a description of the proposed activity;
  - (c) a description of the site on which the activity is to be undertaken and the location of the activity on the site;
  - (d) a description of the environment that may be affected by the proposed activity and the manner in which the geographical, physical, biological, social, economic and cultural aspects of the environment may be affected by the proposed listed activity;
  - (e) an identification of laws and guidelines that have been considered in the preparation of the scoping report;
