Part 2 Development

3 Subdivision of development area

(1) The Developer shall, before lodging a survey plan for the development area with the Surveyor-General, prepare a lot plan in accordance with this section.

(2) The lot plan shall:

(a) show the precalculated dimensions and areas of the lots into which it is proposed to subdivide the development area prepared by a surveyor licensed under the Licensed Surveyors Act;

(b) identify the common property;

(c) specify the easements referred to in section 13A;

(d) identify the lots formerly contained in Lot 5555 Town of Darwin that are to be subject to building restrictions in favour of Lot 5556 Town of Darwin;
(e) contain a certificate issued under section 139 of the Planning Act stating the lots shown are in accordance with development permits issued under that Act;

(f) contain a schedule of lot entitlements prepared in accordance with section 5 and certified correct by the valuer who prepared it;

(g) comply with the Licensed Surveyors Act in relation to plan drawing standards;

(h) contain such other information, if any, as is prescribed; and

(j) contain a certificate from the Surveyor-General stating that it complies with this section.

(3) The Developer is not entitled to the grant of a freehold title in respect of any land in the development area until the lot plan has been registered by the Registrar-General and the prescribed fee under the Registration Act has been paid.

4 Amendment of lot plan

(1) A lot plan may be amended by the preparation of a further plan in accordance with section 3(2) which shall, in addition to the information required under that section, contain the written consent of all lot owners who or whose lots are directly affected by the changes proposed and, where the proposed change results from the revision of a lot entitlement as the result of a determination under section 9, shall be accompanied by the notice referred to in that section.

(2) The Management Corporation, in pursuance of a special resolution as prescribed (or, in relation to an amendment before the first freehold title to a lot is issued, the Developer), may lodge a replacement lot plan with the Registrar-General on payment of the prescribed fee under the Registration Act.

(3) The Registrar-General shall, on receiving the replacement lot plan, amend the Register under the Land Title Act.

5 Lot entitlement

A schedule of lot entitlements for the purposes of this Act shall be prepared by a valuer as defined in the Valuation of Land Act and shall show, in respect of each lot, a whole number that represents, as nearly as practicable, the proportion that the value of the lot bears to the aggregate value of all the lots, where the value of each lot is established by reference to its unimproved capital value at the date of the valuation.
Part 3 Management Corporation

6 Recording of lot entitlements, easements, &c., on Register

The Registrar-General shall, at the time of registering a lot under the Land Title Act, record on the Register and the certificate as to title in relation to the lot, in such manner as he or she thinks fit, the relevant lot entitlement in respect of the lot specified in the lot plan and the relevant easements and restrictive covenants.

7 Further subdivision

(1) Except as provided in subsection (3) and the Planning Act, a lot (the original lot) may be further subdivided into the following (the subdivided lots):

(a) units, building lots under the Unit Titles Act, lots under Part IVB of that Act and common property under that Act;

(b) units and common property under the Unit Title Schemes Act.

(2) The Registrar-General must note on the certificate as to title of each subdivided lot that the lot comprising all the subdivided lots has the lot entitlement of the original lot.

(3) A lot may be further subdivided (otherwise than under the Unit Titles Act or Unit Title Schemes Act) as prescribed in the Regulations and the relevant entitlement of each part into which it is subdivided shall be determined as prescribed.

Part 3 Management Corporation

8 Incorporation of owners of lots

(1) There is established, on the issuing by the Registrar-General of the first freehold title to land in the development area, the Cullen Bay Marina Management Corporation.

(2) The Management Corporation:

(b) shall have a common seal; and

(c) subject to this Act, is capable, in its corporate name, of acquiring, holding and disposing of real (including leasehold) and personal property and of suing and being sued.

(3) All courts, judges and persons acting judicially shall take judicial notice of the common seal of the Management Corporation affixed to a document and shall assume that it was duly affixed.
(4) The members of the Management Corporation are the owners from
time to time of the lots in respect of which freehold titles have
issued (including the lots in each successive completed part of the
development area).

(5) The Cullen Bay Marina Management Corporation is declared to be
an excluded matter for the purposes of section 5F of the
Corporations Act 2001 in relation to the whole of the Corporations
legislation to which Part 1.1A of that Act applies.

9 Re-assessment of lot entitlement

(1) At any time in the sixth, seventh, eighth or ninth year after the first
freehold title to a lot is issued to the Developer, a valuer, as defined
in the Valuation of Land Act, may, at the request of the
Management Corporation, in pursuance of a special resolution as
prescribed, for the purposes of confirming or revising the relative lot
entitlement of lots, determine the unimproved capital value of each
lot and, by notice in writing to the Management Corporation, confirm
or revise a unit entitlement of a lot.

(2) A notice under subsection (1) shall include a schedule of lot
entitlement prepared in accordance with section 5 and certified
correct by the valuer.

10 Management Corporation may enforce Developer’s obligation
to maintain common property

(1) The Management Corporation is not liable to rectify or maintain the
common property until the Developer’s obligation under the
development agreement in relation to that rectification or
maintenance has expired in accordance with the agreement.

(2) Where the Management Corporation is of the opinion that the
Developer has not carried out its obligations under and in
accordance with the development agreement in relation to the
rectification or maintenance of the common property, it may, by
notice in writing to the Minister, require the Territory to enforce the
agreement in that regard and the Territory shall, accordingly,
enforce the agreement or itself have the work carried out as
provided in the agreement.

11 Common property of Management Corporation not subject to
municipal rates

Notwithstanding any other law of the Territory, neither the
Management Corporation nor its members are liable to pay
municipal rates in respect of the common property.

the completion of the revetment by the Developer.

(2) A person shall not erect a building or structure on or across the revetment, or attach anything to the revetment, except with and in accordance with the approval in writing of the Management Corporation and the standards, if any, prescribed in the By-laws.

(3) It is a condition of every approval given under subsection (2) that the person will, on being so directed by notice in writing by the Management Corporation, remove a building, structure or thing referred to in that subsection from or from across the revetment, at the person's own expense and within the time specified in the notice, where, in the opinion of the Management Corporation, its removal is necessary for the proper maintenance of the revetment.

14  **Restrictive covenants**

(1) Subject to subsections (2) and (3), for the purposes of imposing a restrictive covenant on the use of a lot the common property shall be deemed to be the dominant tenement for the benefit of which the covenant is imposed (notwithstanding that no part of the common property may be contiguous to the lot), and the burden of the covenant shall run with the land comprised in the lot.

(2) The Minister shall, in issuing freehold title in respect of lots identified as provided in section 3(2)(d), ensure that each title is issued subject to a restrictive covenant in favour of Lot 5556 Town of Darwin so that a building any part of which is above the height of 8 metres above the level of Bench Mark 422 located on the abutment of the Stokes Hill Wharf in Darwin Harbour may not be constructed on the lot.
