(5) Mediation must be by a mediator or a mediation process—
   (a) agreed to by the relevant local authorities; or

(5) A local authority must notify the Minister of its intention to transfer a responsibility or accept a transfer of responsibility under this section.

(6) From the time a transfer takes effect, the responsibilities and powers of the local authority receiving the transfer are extended as necessary to enable the local authority to undertake, exercise, and perform the transferred responsibilities.

(7) If a transfer of responsibilities has been made, either local authority that was a party to the transfer may, through the process set out in subsections (3) to (6), initiate—

(5) If responsibility for delivery of infrastructure, services, or regulatory functions is to be undertaken by a different entity from that responsible for governance, the entity that is responsible for governance must ensure that there is a contract or other binding agreement that clearly specifies—

(a) the required service levels; and

(b) the performance measures and targets to be used to assess compliance with the required service levels; and

(c) how performance is to be assessed and reported; and

(d) how the costs of delivery are to be met; and

(e) how any risks are to be managed; and

(f) what penalties for non-performance may be applied; and

(g) how accountability is to be enforced.

(6) Subsection (5) does not apply to an arrangement to the extent that any of the matters specified in paragraphs (a) to (g) are—

(a) governed by any provision in an enactment; or

(b) specified in the constitution or statement of intent of a council-controlled organisation.

(7) Subsection (5) does not apply to an arrangement if the entity that is responsible for governance is satisfied that—

(b) the arrangement does not involve significant cost or risk to any local authority.

(8) The entity that is responsible for governance must ensure that any agreement under subsection (5) is made publicly available.

(9) Nothing in this section requires the entity that is responsible for governance to make publicly accessible any information that may be properly withheld if a request for that information were made under the Local Government Official Information and Meetings Act 1987.

Decision making

48I General scheme

(1) This section sets out the general scheme of sections 48J to 48O. These are the provisions of this Act that set out how a unitary authority with local boards makes its decisions. This section is by way of explanation only and does not limit or affect the other provisions of this Act or any other enactment.

(2) Both the governing body and the local boards are responsible and democratically accountable for the decision making of the unitary authority. Whether responsibility for making any particular decision rests with the governing body or with 1 or more local boards depends on the nature of the decision being made.

(3) Section 48J sets out the classes of decisions that the governing body must make. Section 48K sets out the classes of decisions that local boards must make. Both sections include a class of decisions in respect of non-regulatory activities of the unitary authority within a local board area. The governing body must allocate responsibility for decisions within this class to either itself or the local board for the area, in accordance with the principles in section 48L(2). The results of the allocation must then be set out in the long-term plan and the annual plans of the unitary authority so that people of each local board area, and any other persons, can easily determine whether the governing body or a local board is responsible for any particular decision of the unitary authority.

(4) To determine local wishes and priorities in relation to the non-regulatory activities for which a local board is allocated responsibility, the board must consult its communities. The local board does this by preparing a local board plan under section 48N. This plan is used as a basis for the board to develop an annual local board agreement with the governing body under section 48O in which the nature, levels, and funding of the activities are set out.

48J Decision-making responsibilities of governing body

(1) The governing body is responsible and democratically accountable for—

(a) the decision making of the unitary authority in relation to any regulatory responsibility, duty, or power conferred on, or applying to, the unitary authority under this Act or any other enactment (for example, the responsibilities, duties, or powers conferred on, or applying to, a local authority under the Resource Management Act 1991, the Health Act 1956, the Building Act 2004, and the Civil Defence Emergency Management Act 2002); and

(b) the decision making of the unitary authority in relation to—
(i) transport networks and infrastructure; and
(ii) any non-regulatory activities of the unitary authority that are allocated to the governing body in accordance with section 48L; and
(c) the decision making of the unitary authority in relation to the establishment and maintenance of capacity to provide, or to ensure the provision of, services and facilities (including local activities) by the unitary authority; and
(d) the decision making of the unitary authority in relation to the governance of its council-controlled organisations; and
(e) the decision making of the unitary authority in relation to compliance with section 101 (which relates to the financial management of a local authority); and
(f) reaching agreement with each local board (as set out in each local board agreement) in respect of local activities for the local board areas.

(2) Before making a decision described in subsection (1)(a) to (d), the governing body must—
(a) comply with any requirement of this Act; and
(b) comply with any requirements of any other enactment; and
(c) consider any views and preferences expressed by a local board if the decision affects or may affect the responsibilities or operation of the local board or the well-being of communities within its local board area.

48K Decision-making responsibilities of local boards

(1) Despite section 41(3), each local board is responsible and democratically accountable for—
(a) the decision making of the unitary authority in relation to the non-regulatory activities of the unitary authority that are allocated to the local board in accordance with section 48L; and
(b) identifying and communicating to the unitary authority the interests and preferences of the people in its local board area in relation to the content of the strategies, policies, plans, and bylaws of the unitary authority; and
(c) identifying and developing bylaws specifically for its local board area, and proposing them to the governing body under section 150B; and
(d) reaching agreement with the governing body (as set out in the local board agreement) in respect of local activities for its local board area.

(2) In carrying out the responsibilities described in this section, a local board must comply with the requirements of sections 76 to 82 as if every reference in those sections to a local authority were a reference to a local board.
(3) In carrying out the responsibilities described in this section, a local board must collaborate and co-operate with 1 or more other local boards or any other body or entity if the local board is satisfied that the interests and preferences of communities within the local board area will be better served by doing so.

48L Principles for allocation of decision-making responsibilities of unitary authority

(1) Decision-making responsibility for any non-regulatory activity of the unitary authority within a local board area must be allocated by the governing body—

(a) to either the governing body or the local board for that area; and

(b) in accordance with the principles set out in subsection (2); and

(c) after considering the views and preferences expressed by the local board.

(2) The principles are—

(a) decision-making responsibility for a non-regulatory activity of the unitary authority within a local board area should be exercised by the local board for that area unless paragraph (b) applies:

(b) decision-making responsibility for a non-regulatory activity of the unitary authority within a local board area should be exercised by its governing body if the nature of the activity is such that decision making on a district-wide basis will better promote the interests of the communities in the district because—

(i) the impact of the decision will extend beyond the local board area; or

(ii) effective decision making will require alignment or integration with other decisions that are the responsibility of the governing body; or

(iii) the benefits of a consistent or co-ordinated approach in the district will outweigh the benefits of reflecting the particular needs and preferences of the communities within the local board area.

(3) The long-term plan and each annual plan must identify the non-regulatory activities of the unitary authority for which decision-making responsibility is allocated to 1 or more local boards as set out in clauses 17A and 21A of Schedule 10.

Local boards funding policy

48M Local boards funding policy

(1) To provide for predictability and certainty about levels of funding for local boards, a unitary authority must adopt a local boards funding policy as part of its long-term plan.

(2) The local boards funding policy must set—

(a) the basis on which the total funds to be allocated to meet the cost of all local activities within the district is to be determined; and

(b) the formula by which the total funds allocated by the unitary authority for meeting the cost of funding local activities are to be allocated to each local board; and

(c) the formula by which the total funds allocated by the unitary authority for meeting the cost of funding the administrative support to local boards are to be allocated to each local board.

(3) The local boards funding policy must also identify any funding (except funding dedicated to particular purposes) that may be available to local boards for local activities and the criteria or process by which it may be allocated to them.

(4) The formula referred to in subsection (2)(b) must allocate funds to each local board in a way that provides an equitable capacity for the local board to enhance the well-being of the communities in its local board area, having regard to the following factors:

(a) the level of dependence on local government services and facilities in each local board area and in other parts of the district (as informed by information available to the unitary authority by reasonable means, and relating to the socio-economic, population, age profile, and other demographic characteristics of each local board area and other part of the district); and

(b) the costs of achieving and maintaining the identified levels of service provision for local activities in each local board area; and

(c) the rates revenue and any other revenue derived from each local board area in relation to local activities; and

(d) any other factor identified by the unitary authority as significantly affecting the nature and level of services needed in any local board area or any other part of the district (for example, the geographic isolation of a particular local board area or part of the district).

(5) The formula referred to in subsection (2)(c) must allocate funds to each local board in a way that provides equitable resources and support to that local board, having regard to the following factors:
(a) the number of elected members on the local board; and  
(b) the size of the local board area; and  
(c) any other factor identified by the unitary authority as significantly affecting the operational costs of the local board; and  
(d) the funding amount allocated to the local board under subsection (4).

(6) If the unitary authority amends its local boards funding policy under section 93(4), only a significant amendment to the policy is required to be audited in accordance with sections 93D(4) and 94.

Local board plans and agreements

48N Local board plans

(1) Each local board must adopt a local board plan—  
(a) as soon as practicable after each triennial general election; but  
(b) not later than 31 October in the year immediately after the year of that election.

(2) The purpose of a local board plan is—  
(a) to reflect the priorities and preferences of the communities within the local board area in respect of the level and nature of local activities to be provided by the unitary authority over the next 3 years; and  
(b) to identify and describe the interests and preferences of the people within the local board area for the purpose of enabling the local board to communicate those interests and preferences for the purposes of section 48K(1)(b); and  
(c) to provide a basis for developing the local board agreement for the next 3 years; and  
(d) to inform the development of the next long-term plan, particularly in relation to the identification of the non-regulatory activities of the unitary authority for which decision-making responsibility should be allocated to the local board; and  
(e) to provide a basis for accountability of the local board to the communities in the local board area; and  
(f) to provide an opportunity for people to participate in decision-making processes on the nature and level of local activities to be provided by the unitary authority within the local board area.

(3) A local board plan must include—  
(a) a statement of the default levels of service for local activities; and
an explanation of each variation from the default levels of services proposed for the local board area, if any; and

c) an estimate of the additional cost or saving associated with each variation, if any; and

d) an indicative local board budget, incorporating the estimates referred to in paragraph (c), that—

(i) does not exceed the estimated funding allocation for the local board for the following year included in the long-term plan under clause 17A(c) of Schedule 10; or

(ii) exceeds the estimated funding allocation referred to in subparagraph (i), but identifies how the expenses in excess of that allocation are proposed to be met from 1 or more local revenue sources.

(4) In adopting a local board plan under subsection (1), a local board may follow whatever processes it considers appropriate to give effect to—

(a) the purpose of the plan; and

(b) the requirements in section 82.

(5) In this section,—

default levels of service means the levels of service provision for local activities in the district that are—

(a) funded in each local board funding allocation; and

(b) specified in the long-term plan (in accordance with clause 4 of Schedule 10)

following year means the year commencing on the next 1 July.

(6) In subsection (3)(d)(ii), local revenue sources include—

(a) a targeted rate for all or part of the local board area; and

(b) a fee or charge relating to a local activity; and

(c) any other revenue connected with a local activity.

48O Local board agreements

(1) For each financial year, the unitary authority must have a local board agreement (as agreed between the governing body and the local board) for each local board area.

(2) A local board agreement must set out how the unitary authority will, in the year to which the agreement relates, reflect the priorities and preferences in the local board’s plan in respect of—

(a) the local activities to be provided in the local board area; and
(b) the responsibilities, duties, or powers delegated to the local board by the
governing body under clause 36C of Schedule 7; and

(c) the implementation or enforcement of bylaws made by the unitary
authority as a result of a proposal from the local board.

(3) A local board agreement is not required to reflect the priorities and preferences
in its local board plan in respect of the matters referred to in subsection (2) to
the extent that 1 or more of the following apply:

(a) the local board determines that the priorities and preferences in the plan
no longer reflect the priorities and preferences of the communities in the
local board area; or

(b) the governing body determines that the indicative budget in the plan is,
or has become, significantly inaccurate; or

(c) consistency with the plan would be contrary to any enactment.

(4) A local board agreement must not be inconsistent with the adopted strategies,
plans, policies, and objectives of the governing body.

(5) For the purposes of subsection (2)(a), a local board agreement must, in respect
of the local activities to be provided in the local board area in the year to which
the agreement relates, include—

(a) a statement of the intended levels of service provision that specifies—

(i) any performance measures specified in a rule made under section
261B for each activity described in clause 2(2) of Schedule 10; and

(ii) the performance measures that the unitary authority considers will
enable the public to assess the level of service for major aspects of
an activity for which performance measures have not been speci-
fied as described in subparagraph (i); and

(iii) the performance target or targets set by the unitary authority for
each performance measure; and

(iv) any intended changes to the level of service that was provided in
the year before the year to which the agreement relates and the
reasons for the change; and

(b) the funding impact statement in the form prescribed for inclusion in an
annual plan under clause 20(2) of Schedule 10; and

(c) a statement of how any expenses in excess of the local board’s estimated
funding allocation under clause 21A(b) of Schedule 10 are to be met
(including estimated revenue levels and the other sources of funding).

(6) Each local board must monitor the implementation of the local board agree-
ment for its local board area.

(2) Subsection (1) does not prevent the unitary authority undertaking other consultation that may be desirable in relation to the proposed content of a local board agreement.”

48Q Application of Schedule 7 to local boards and their members

(1) Part 1A of Schedule 7 applies to a local board and its members.

(2) Part 1 of Schedule 7 (excluding clauses 15 and 32AA to 36A) applies to a local board and its members, with any necessary modifications, as if the local board were a local authority and its members were members of the local authority.

Disputes between local boards and governing body

(a) 1 or more local boards are dissatisfied with a decision of the governing body under section 48L(1); or

(2) The local board or boards concerned and the governing body must make reasonable efforts to reach a mutually acceptable and timely resolution of the dispute, having regard to—

(a) the requirements of this Act; and

(b) the current and future well-being of the communities of the district, and the interests and preferences of the communities within each affected local board area.

(3) If, after acting under subsection (2), the dispute is still unresolved, 1 or more local boards may apply, in writing, to the Commission for a binding determination on the matter.
An application must be accompanied by copies of all reports, correspondence, and other information that are relevant to the matter and held by the local board or boards.

48S Local Government Commission to determine disputes

(1) Promptly after receiving an application under section 48R(3), the Local Government Commission must notify the mayor and the chief executive of the unitary authority of the application and request them to provide, within 7 days after receiving the notice, copies of all information held by the unitary authority that is relevant to the matter, including all reports and correspondence.

(2) After receiving the information from the mayor and the chief executive, the Commission must—
   (a) consider the information it has received from them, and from the local board or boards concerned under section 48R(4); and
   (b) determine the matter, having regard to—
      (i) the requirements of this Act; and
      (ii) the current and future well-being of the communities of the district, and the interests and preferences of the communities within each affected local board area; and
      (iii) any other matter that the Commission considers on reasonable grounds to be relevant.

(3) For the purposes of making a determination, the Commission—
   (a) must treat the matter as urgent; and
   (b) may make any inquiries that it considers appropriate; and
   (c) may (but is not obliged to) hold meetings with the local board or boards, the governing body, or any other person.

(4) The Commission may apportion the actual and reasonable costs incurred by it in making a determination between the local board or boards and the governing body as it thinks fit, having regard to the merits of the initial positions of the local board or boards and the governing body.

(5) Any costs apportioned to a local board under subsection (4) must be paid from the local board’s budget.

(6) Subsection (7) applies if—
   (a) the Commission is required to determine a matter that relates to the content of an adopted long-term plan; and
   (b) the Commission determines that the long-term plan should be amended.
(7) The unitary authority must amend the long-term plan to the extent necessary to give effect to the determination and may do so without further authority than this section.

(7) A local authority must, within 1 month after the adoption of its annual plan, make the plan publicly available.
95A Purpose and content of consultation document for annual plan

(1) The purpose of the consultation document under section 82A(3) is to provide a basis for effective public participation in decision-making processes relating to the activities to be undertaken by the local authority in the coming year, and the effects of those activities on costs and funding, as proposed for inclusion in the annual plan, by—

(a) identifying significant or material differences between the proposed annual plan and the content of the long-term plan for the financial year to which the annual plan relates; and

(b) explaining the matters in paragraph (a) in a way that can be readily understood by interested or affected people; and

(c) informing discussions between the local authority and its communities about the matters in paragraph (a).

(2) The content of the consultation document must be such as the local authority considers on reasonable grounds will achieve the purpose set out in subsection (1), and must—

(a) explain identified differences, if any, between the proposed annual plan and what is described in the long-term plan in relation to the financial year to which the annual plan relates, including (but not limited to)—

(i) an explanation of any significant or material variations or departures from the financial statements or the funding impact statement; and

(ii) a description of significant new spending proposals, the costs associated with those proposals, and how these costs will be met; and

(iii) an explanation of any proposal to substantially delay, or not proceed with, a significant project, and the financial and service delivery implications of the proposal; and

(c) must state where members of the public may obtain the information held by the local authority that is relied on by the content of the consultation document, including by providing links or references to the relevant information on the local authority’s Internet site; and

(d) may be given the title of the local authority’s choice, provided that the title or subtitle make reference to this being a consultation document for the proposed annual plan for the relevant year.

(4) The local authority must adopt the information that is relied on by the content of the consultation document, as referred to in subsection (3)(c), before it adopts the consultation document.

(5) For the purposes of this section, a difference, variation, or departure is material if it could, itself or in conjunction with other differences, influence the decisions or assessments of those reading or responding to the consultation document.

95B Combined or concurrent consultation on long-term plan and annual plan

If a local authority carries out consultation in relation to an amendment to a long-term plan at the same time as, or combined with, consultation on an annual plan,—

(a) the content of consultation documents required under any of sections 93D, 93E, and 95A, as the case may be, for each consultation process must be combined into 1 consultation document; and

(b) the special consultative procedure must be used in relation to both matters.

96 Effect of resolution adopting long-term plan or annual plan

(1) The effect of a long-term plan and an annual plan adopted by a local authority is to provide a formal and public statement of the local authority’s intentions in relation to the matters covered by the plan.

(2) A resolution to adopt a long-term plan or an annual plan does not constitute a decision to act on any specific matter included within the plan.
Subject to section 80, and except as provided in section 97, a local authority may make decisions that are inconsistent with the contents of any long-term plan or annual plan.

No person is entitled to require a local authority to implement the provisions of a long-term plan or an annual plan.

This section applies subject to Part 4A of the Local Government (Rating) Act 2002.

97 Certain decisions to be taken only if provided for in long-term plan

This section applies to the following decisions of a local authority:

(a) a decision to alter significantly the intended level of service provision for any significant activity undertaken by or on behalf of the local authority, including a decision to commence or cease any such activity:

(b) a decision to transfer the ownership or control of a strategic asset to or from the local authority.

(c) [Repealed]

(d) [Repealed]

A local authority must not make a decision to which this section relates unless—

(a) the decision is explicitly provided for in its long-term plan; and

(b) the proposal to provide for the decision was included in a consultation document in accordance with section 93E.

Nothing in this section applies to a decision of a local authority—

(a) to adopt a local authority-led reorganisation plan under clause 22A of Schedule 3; or

(b) that is required in order to implement a reorganisation in accordance with an Order in Council under section 25 or 25A; or

(c) to fund a capital project by lump sum contributions, if the local authority has complied with section 117B(3)(c)(i) of the Local Government (Rating) Act 2002.

Subpart 2—Reporting

98 Annual report

(1) A local authority must prepare and adopt in respect of each financial year an annual report containing in respect of that year the information required by Part 3 of Schedule 10.

(2) The purposes of an annual report are—

(a) to compare the actual activities and the actual performance of the local authority in the year with the intended activities and the intended level of performance as set out in respect of the year in the long-term plan and the annual plan; and

(b) to promote the local authority’s accountability to the community for the decisions made throughout the year by the local authority.

(3) Each annual report must be completed and adopted, by resolution, within 4 months after the end of the financial year to which it relates.

(4) A local authority must, within 1 month after the adoption of its annual report, make publicly available—

(5) The summary must represent, fairly and consistently, the information regarding the major matters dealt with in the annual report.

(6) A local authority must, within 1 month after the adoption of its annual report, make the report and the summary prepared under subsection (4)(b) publicly available.

99A Pre-election report

(1) The chief executive of a local authority must prepare a pre-election report containing the information required by clause 36 of Schedule 10.

(3) Instead of complying with clause 36(1)(a) and (2) of Schedule 10, the chief executive of the local authority referred to in subsection (2) may include in a pre-election report the information set out in clause 37 of Schedule 10.

(4) The purpose of a pre-election report is to provide information to promote public discussion about the issues facing the local authority.

(2) Despite subsection (1), a local authority may set projected operating revenues at a different level from that required by that subsection if the local authority resolves that it is financially prudent to do so, having regard to—

(iii) the period in or over which those benefits are expected to occur; and

(b) provide a context for consultation on the local authority’s proposals for funding and expenditure by making transparent the overall effects of those proposals on the local authority’s services, rates, debt, and investments.

(3) The financial strategy must—

(a) include a statement of the factors that are expected to have a significant impact on the local authority during the consecutive financial years covered by the strategy, including—

(i) the expected changes in population and the use of land in the district or region, and the capital and operating costs of providing for those changes; and

(ii) the expected capital expenditure on network infrastructure, flood protection, and flood control works that is required to maintain existing levels of service currently provided by the local authority; and

   (b) a person must be presumed to have acted in good faith unless the contrary is proved.

Compare: 1974 No 66 s 122ZG(4)–(6)

120 Saving provision in respect of power of court

Nothing in sections 117 to 119 affects the ability of any person to obtain any remedy from a court that has the effect of preventing or restraining temporarily or permanently a local authority from doing any act or thing in the future (other than an act or thing necessary for the performance of a protected transaction that has already been entered into).

135 Criteria for transfer of water service
A local government organisation may only transfer a water service under section 131(1)(b) if it has first—

(3) The Minister must not make a recommendation unless the regional council has requested the Minister to do so.

(4) An Order in Council does not prevent a regional council from disposing of part of the regional park to which the order applies—

(a) to make a minor boundary adjustment to it:

(b) for the more efficient administration of it.

(5) However, subsection (4) applies only if—

(a) the retention of the land would not materially enhance the conservation or recreational value of the park; and

(b) the regional council has consulted in a manner that gives effect to the requirements of section 82 in determining whether to dispose of the land.

(6) Any land within the meaning of subsection (1)(b) that is included in an Order in Council—

(4) However,—
(a) the Minister may approve in writing additional or different purposes—
   (i) for which the property may be used; or
   (ii) for which income derived from the property may be used; or
(b) unless expressly prohibited by the instrument that vested the property in the local authority, the local authority may sell or exchange the property and use the proceeds of the sale or exchange for a purpose identified by the local authority in accordance with section 141.
Conditions applying to sale or exchange of endowment property

(1) A local authority must not exercise the power in section 140(4)(b) unless—

      (ii) provided the donor with a reasonable opportunity to comment on the intended sale or exchange.

(2) To avoid doubt, notification of a proposal to sell or exchange a property under subsection (1)(c) does not oblige a Minister to take any action in relation to the proposal to sell or exchange the property.

(3) If the local authority is subject to reorganisation, the proceeds of a sale or exchange of property must be applied to the district or districts of the new local authority or authorities arising from the reorganisation of which the local authority formed part.

Subpart 5—Development contributions

The purpose of the development contributions provisions in this Act is to enable territorial authorities to recover from those persons undertaking development a fair, equitable, and proportionate portion of the total cost of capital expenditure necessary to service growth over the long term.

197AB Development contributions principles

All persons exercising duties and functions under this subpart must take into account the following principles when preparing a development contributions
policy under section 106 or requiring development contributions under section 198:

(b) development contributions should be determined in a manner that is generally consistent with the capacity life of the assets for which they are intended to be used and in a way that avoids over-recovery of costs allocated to development contribution funding:

(c) cost allocations used to establish development contributions should be determined according to, and be proportional to, the persons who will benefit from the assets to be provided (including the community as a whole) as well as those who create the need for those assets:

(d) development contributions must be used—
   (i) for or towards the purpose of the activity or the group of activities for which the contributions were required; and
   (ii) for the benefit of the district or the part of the district that is identified in the development contributions policy in which the development contributions were required:

(e) territorial authorities should make sufficient information available to demonstrate what development contributions are being used for and why they are being used:

(f) development contributions should be predictable and be consistent with the methodology and schedules of the territorial authority’s development contributions policy under sections 106, 201, and 202:

(g) when calculating and requiring development contributions, territorial authorities may group together certain developments by geographic area or categories of land use, provided that—
   (i) the grouping is done in a manner that balances practical and administrative efficiencies with considerations of fairness and equity; and
   (ii) grouping by geographic area avoids grouping across an entire district wherever practical.

(3) In subsection (1), effect includes the cumulative effects that a development may have in combination with other developments.

199A Right to reconsideration of requirement for development contribution

(3) The right of objection conferred by this section does not apply to challenges to the content of a development contributions policy prepared in accordance with section 102.

199D Scope of development contribution objections
An objection under section 199C may be made only on the ground that a territorial authority has—

199H Who may decide development contribution objections

(1) Any person named in the register of approved development contributions commissioners and selected by a territorial authority in accordance with clause 3 of Schedule 13A to decide a development contribution objection may hear and decide the objection.

(2) A person who is not named in the register of approved development contributions commissioners may hear and decide a development contribution objection only if—
   (a) the territorial authority is satisfied that—
the objection relates to matters that require skills or knowledge that is not available from persons named in the register who are available to deal with the objection; and

(ii) another suitable person with such skills or knowledge is available to deal with the objection; and

(b) the Minister approves the territorial authority’s selection of that other person to decide the objection.

(3) A person approved by the Minister under subsection (2)(b) must be treated as a development contributions commissioner for the period necessary to enable the person to decide the relevant objection.

199I Development contribution objection hearings

(1) The applicable fees and allowances for a witness appearing at a development contribution objection hearing must be paid by the party on whose behalf the witness is called.

(2) Before or at the hearing, a development contributions commissioner may request the objector or territorial authority to provide further information.

(3) If information is requested before a hearing under subsection (2), the party required to provide the information must serve copies of it on the other parties to the objection.

(4) Only the territorial authority and the objector have a right to be heard at the hearing of an objection. The commissioners may, at their discretion, invite any other person or organisation to attend and be heard to the extent allowed by the commissioners.

(5) Part 2 of Schedule 13A sets out supplementary provisions that apply in relation to development contribution objection hearings.

199J Consideration of development contribution objection

When considering a development contribution objection and any evidence provided in relation to that objection, development contributions commissioners must give due consideration to the following:

(a) the grounds on which the development contribution objection was made:

(b) the purpose and principles of development contributions under sections 197AA and 197AB:

(c) the provisions of the development contributions policy under which the development contribution that is the subject of the objection was, or is, required:
(d) the cumulative effects of the objector’s development in combination with the other developments in a district or parts of a district, on the requirement to provide the community facilities that the development contribution is to be used for or toward:

(e) any other relevant factor associated with the relationship between the objector’s development and the development contribution to which the objection relates.

199K Additional powers of development contributions commissioners

(1) In addition to his or her powers under section 199I and Schedule 13A, a development contributions commissioner has, for the purposes of a development contribution objection hearing, the following powers:

(a) to direct the order of business at the hearing, including the order in which evidence is presented and parties heard:

(b) to direct that evidence presented at the hearing be taken as read or presented within a stated time limit:

(c) to direct that evidence be limited to the matters relevant to the dispute.

(2) Whether or not a hearing is held, a development contributions commissioner may direct that briefs of evidence be provided within a specified period ending not later than,—

(a) if a hearing is to be held, 10 working days before the hearing commences; or

(b) in any other case, 10 working days before the date on which the commissioner or commissioners intend to begin their consideration of the objection.

(3) A development contributions commissioner may waive or extend any period specified in this section or Schedule 13A (except the period specified in clause 1(1) of Schedule 13A) if satisfied that exceptional circumstances exist.

(4) A development contributions commissioner may, on his or her own initiative or on application from the objector or the territorial authority, make an order that prohibits the communication or publication of any information supplied to the commissioner, or obtained by the commissioner, in the course of deciding a development contribution objection, if satisfied that the order is necessary to avoid—

(a) serious offence to tikanga Māori or to avoid the disclosure of the location of wāhi tapu; or

(b) the disclosure of a trade secret or commercial information that, if released, would be prejudicial to the business or operations of any party to the objection.

199L Liability of development contributions commissioners

A development contributions commissioner is not liable for anything the commissioner does, or omits to do, in good faith in performing or exercising the functions, duties, responsibilities, and powers of a development contributions commissioner under this Act.

199M Residual powers of territorial authority relating to development contribution objection decision

(1) This section applies to a decision of a development contributions commissioner.

(2) The territorial authority affected by the decision retains all the functions, duties, responsibilities, and powers of a territorial authority in relation to the requirement for the development contribution that is the subject of the decision as if the decision had been made by the territorial authority.

(3) Subsection (2) does not confer on a territorial authority the power to change, amend, or overturn a decision made by a development contributions commissioner.

(4) However, nothing in subsection (3) affects a territorial authority’s right to apply for judicial review of a decision made by a development contributions commissioner.

199N Objector’s right to apply for judicial review unaffected

Nothing in this subpart affects the right of an objector to a development contribution to apply for judicial review of a decision made by a development contributions commissioner.

199O Territorial authority to provide administrative support for development contributions commissioners

A territorial authority must supply all secretarial and administrative services necessary to enable development contributions commissioners to perform their functions under this Act.

199P Interim effect of development contribution objection

(1) If a development contribution objection is lodged, the territorial authority may still require the development contribution to be made, but must not use it until the objection has been determined.

(2) If a territorial authority does not require a development contribution to be made pending the determination of an objection, the territorial authority may withhold certificates or permissions in accordance with section 208 until the objection has been determined.

Conditions relevant to requirement for contributions

200 Limitations applying to requirement for development contribution

(1) A territorial authority must not require a development contribution for a reserve, network infrastructure, or community infrastructure if, and to the extent that—

(a) it has, under section 108(2)(a) of the Resource Management Act 1991, imposed a condition on a resource consent in relation to the same development for the same purpose; or

(b) the developer will fund or otherwise provide for the same reserve, network infrastructure, or community infrastructure; or

(ba) the territorial authority has already required a development contribution for the same purpose in respect of the same building work, whether on the granting of a building consent or a certificate of acceptance; or

(c) a third party has funded or provided, or undertaken to fund or provide, the same reserve, network infrastructure, or community infrastructure.

(2) This subpart does not prevent a territorial authority from accepting from a person, with that person’s agreement, additional contributions for reserves, network infrastructures, or community infrastructures.

(3) This section does not prevent a territorial authority from requiring a development contribution if—

(a) income from the following is being used or will be used to meet a proportion of the capital costs of the community facilities for which the development contribution will be used:

(i) rates:

(ii) fees and charges:

(iii) interest and dividends from investments:

(iv) borrowings:

(v) proceeds from asset sales:
(vi) regional fuel tax; or
(b) a person required to make the development contribution is also a rate-
payer in the territorial authority’s district or has paid or will pay fees or
charges in respect of the facilities.

(4) Despite subsection (1)(ba), a territorial authority may require another develop-
ment contribution to be made for the same purpose if the further development
contribution is required to reflect an increase in the scale or intensity of the
development since the original contribution was required.

(5) Subsection (6) applies if a territorial authority or a council-controlled organisa-
tion has entered a funding agreement with the New Zealand Transport Agency
under which—
(a) a specified amount of additional financial assistance is to be provided
from the national land transport fund to the territorial authority or the
council-controlled organisation to fund a specified network infrastruc-
ture project; and
(b) that specified amount of additional financial assistance is to be offset by
reduced funding for 1 or more other projects or programmes.

(6) If this subsection applies, the specified amount of additional financial assist-
ance must not be treated as third-party funding for the purposes of subsection
(1)(c).

(7) Subsection (8) applies if a funding agreement referred to in subsection (5)—
(a) provides for some or all of the specified amount of additional financial
assistance to be offset by the provision of a reduced amount of financial
assistance for 1 or more other network infrastructure projects; and
(b) specifies the amount of financial assistance for each other network infra-
structure project that would otherwise have been provided.

(8) If this subsection applies, to the extent that a network infrastructure project
receives a reduced amount of financial assistance, subsection (1)(c) applies as
if the amount of financial assistance provided for that project were the amount
that would otherwise have been provided, and not the reduced amount.

(9) In this section, additional financial assistance means an amount of financial
assistance for a network infrastructure project that is greater than the amount (if
any) that would otherwise be provided from the national land transport fund in
respect of that project.

(10) Subsections (5) to (9) prevail over subsection (1)(c).

201 **Contents of development contributions policy**

(1) If a territorial authority has determined to seek funding for community facilities under this subpart, the policy required by section 102(1) must include, in summary form, in addition to the matters set out in section 106,—

(a) an explanation of, and justification for, the way each development contribution in the schedule required by subsection (2) is calculated; and

(b) the significant assumptions underlying the calculation of the schedule of development contributions, including an estimate of the potential effects, if there is a significant level of uncertainty as to the scope and nature of the effects; and

(c) the conditions and criteria (if any) that will apply in relation to the remission, postponement, or refund of development contributions, or the return of land; and

(d) the basis on which the value of additional allotments or land is assessed for the purposes of section 203(1).

(2) A development contributions policy must contain a schedule in accordance with section 202.

201A **Schedule of assets for which development contributions will be used**

(1) If a territorial authority has determined to seek funding for community facilities under this subpart, the policy required by section 102 must include, in addition to the matters set out in sections 106 and 201, a schedule that lists—
(a) each new asset, additional asset, asset of increased capacity, or programme of works for which the development contributions requirements set out in the development contributions policy are intended to be used or have already been used; and

(b) the estimated capital cost of each asset described in paragraph (a); and

(c) the proportion of the capital cost that the territorial authority proposes to recover through development contributions; and

(d) the proportion of the capital cost that the territorial authority proposes to recover from other sources.

(2) For the purposes of subsection (1), assets for which development contributions are required can be grouped together into logical and appropriate groups of assets that reflect the intended or completed programmes of works or capacity expansion.

(3) A schedule under subsection (1) must also include assets for which capital expenditure has already been incurred by a territorial authority in anticipation of development.

(4) Information in the schedule under subsection (1) must group assets according to the district or parts of the district for which the development contribution is required, and by the activity or group of activities for which the development contribution is required.

(5) A territorial authority may make changes to the schedule required by subsection (1) at any time without consultation or further formality, but only if—

(a) the change is being made to reflect a change of circumstances in relation to an asset that is listed in the schedule or is to be added to the schedule; and

(b) the change does not increase the total or overall development contribution that will be required to be made to the territorial authority.

(6) If the territorial authority is satisfied that the schedule or any part of it is too large or impractical to print in hard copy form, the territorial authority may—

(a) provide the schedule in a publicly accessible electronic format; and

(b) provide and maintain an electronic link from the development contributions policy to the schedule (if the policy is on the Internet) or state where a hard copy of the schedule can be found and inspected.

(7) Subject to sections 204, 205, and 206, a territorial authority may use a development contribution for or towards any assets other than those set out in the schedule required by subsection (1) as at the time the development contribution was required, if—

(a) the assets are for the same general function and purpose as those that were set out in the schedule required under subsection (1) as at the time the development contribution was required; and
(b) the schedule required by subsection (1) has been updated in accordance with subsection (5), or will be updated when the development contributions policy is next changed or reviewed, to identify the assets that the development contribution has been, or is intended to be, used for or towards.

### 202 Contents of section 201 schedule

(1) The schedule of development contributions required by section 201(2) must specify—
   (a) the development contributions payable in each district, calculated, in each case, in accordance with the methodology in respect of—
      (i) reserves; and
      (ii) network infrastructure; and
      (iii) community infrastructure; and
   (b) the event that will give rise to a requirement for a development contribution under section 198, whether upon granting—
      (i) a resource consent under the Resource Management Act 1991; or
      (ii) a building consent under the Building Act 2004; or
      (iii) an authorisation for a service connection.

(2) If different development contributions are payable in different parts of the district, subsection (1) applies in relation to the parts of the district.

(3) The specifications required under subsection (1) or subsection (2) must be given separately in relation to each activity or group of activities for which separate development contributions are required.

### 202A Reconsideration process to be in development contributions policy

(1) If a territorial authority has determined to seek funding for community facilities under this subpart, the policy required by section 102 must, in addition to the matters set out in sections 106 and 201 to 202, and subject to any regulations made under section 259(1)(e) or (f), set out the process for requesting reconsideration of a requirement under section 199A.

(2) The process for reconsideration must set out—
   (a) how the request can be lodged with the territorial authority; and
   (b) the steps in the process that the territorial authority will apply when reconsidering the requirement to make a development contribution.

### 203 Maximum development contributions not to be exceeded

(1) Development contributions for reserves must not exceed the greater of—

(a) 7.5% of the value of the additional allotments created by a subdivision; and

(b) the value equivalent of 20 square metres of land for each additional household unit or accommodation unit created by the development.

(2) Development contributions for network infrastructure or community infrastructure must not exceed the amount calculated by multiplying the cost of the relevant unit of demand calculated under clause 1 of Schedule 13 by the number of units of demand assessed for a development or type of development, as provided for in clause 2 of Schedule 13, and as amended for any Producers Price Index adjustment adopted in a development contributions policy in accordance with section 106(2B).

### Use of development contributions

#### 204 Use of development contributions by territorial authority

(1) A development contribution—

(a) must be used for, or towards, the capital expenditure of the reserve, network infrastructure, or community infrastructure for which the contribution was required, which may also include the development of the reserve, network infrastructure, or community infrastructure; but

(b) must not be used for the maintenance of the reserve, network infrastructure, or community infrastructure.

(2) Subsection (1) is subject to section 205.

#### 205 Use of development contributions for reserves

A territorial authority must use a development contribution received for reserves purposes for the purchase or development of reserves within its district, which may include—

(a) the development of community or recreational facilities associated with the use of a reserve:

(b) the provision or improvement of recreational facilities at a school established or about to be established under Part 12 of the Education Act 1989, if—

(c) the purchase of land or an interest in land—

(i) to be held for conservation purposes under the Reserves Act 1977:

(ii) that is, or will be, subject to a conservation covenant under section 77 of the Reserves Act 1977:

(iv) any person, to secure an appropriate interest in perpetuity in land for conservation purposes.

206 Alternative uses of development contributions for reserves

Despite sections 197AB(d) and 205, if the territorial authority considers that the district in which the development is situated has adequate reserves, or that it is impracticable to purchase or develop reserves in that locality, it may, if it considers it will benefit the residents in the district in which the development is situated, use the development contributions—

(a) to add to, improve, or develop land outside the district that is vested in, or controlled by, the territorial authority for public recreation purposes:

(b) with the consent of the Minister and subject to the terms and conditions the Minister thinks fit, to make payments or advance money to a local authority or public body to add to, improve, or develop land outside the district that is vested in, or controlled by, the local authority or public body for public recreation purposes:
(c) if the territorial authority has control of the foreshore or the bed of a lake or a harbour under a coastal permit by virtue of section 384(1)(b) or section 425(3)(a) of the Resource Management Act 1991,—

(i) to improve or develop the foreshore (whether within or outside the district) for public recreational purposes:

(ii) to erect, improve, or develop for public recreational purposes—

(1) This section applies to money collected—

(a) as contributions under Part 20 of the Local Government Act 1974:

(b) as contributions under sections 407 or 409 of the Resource Management Act 1991.

(2) If, at the commencement of this subpart, a territorial authority holds money to which this section applies, the territorial authority may, with the written approval of the Minister, use the money as if it had been collected in accordance with this subpart,—

(a) in the case of money collected under Part 20 of the Local Government Act 1974, in accordance with this subpart; and

(b) in the case of money collected under sections 407 or 409 of the Resource Management Act 1991, in accordance with the conditions imposed under those sections.

(2) The territorial authority may—
   (a) accept the request in whole or in part subject to any amendments agreed to by the territorial authority and the developer; or
   (b) decline the request.

(3) The territorial authority must provide the developer who made the request with a written notice of its decision and the reasons for its decision.

207D Effect of development agreement

(1) A development agreement is a legally enforceable contract.

(5) If there is any conflict between the content of a development agreement and the application of a relevant development contributions policy in relation to that agreement, the content of the development agreement prevails.

207E Restrictions on use of development agreement

(1) A development agreement must not require a developer to provide—

infrastructure of a higher standard than that which would have been provided for if the developer had been required to make a development contribution; or

(c) infrastructure of a scale that would exceed the infrastructure that would otherwise have been provided for if the developer had been required to make a development contribution.

Part 10

Powers of Minister to act in relation to local authorities

253 Outline of Part

This Part confers powers on the Minister to—

(a) assist local authorities in certain situations; and
(b) intervene in the affairs of local authorities in certain situations.

254 How this Part works

(1) This section is a guide to the overall scheme and effect of this Part. It does not affect the interpretation or application of the other provisions of this Part.

(2) Subpart 1 of this Part provides the Minister with a range of options in relation to a local authority that has a problem. The options are available only in relation to the local authority itself, and not to any entity that the local authority may control or have an interest in.

(3) The options vary according to the nature and scale of assistance or intervention required to address the problem.

(4) The options are not a hierarchy of actions that the Minister must employ sequentially in relation to a local authority.

(5) Accordingly, the Minister may exercise an option in relation to a local authority without having previously exercised 1 or more of the other options.

(6) Subpart 2 of this Part sets out general provisions applying to all the options the Minister may exercise under subpart 1.

(7) The provisions in subpart 2 of this Part are largely procedural in nature and cover matters including notification of the assistance or intervention, reporting requirements, and payment and protection for the individuals carrying out the assistance or intervention.

255 Application of this Part

(1) The Minister may appoint a Ministerial body under subpart 1 of this Part only to a local authority and not to any entity that the local authority may control or have an interest in, for example, a council-controlled organisation, council-controlled trading organisation, council organisation, or other subsidiary of the local authority.

(2) However, the Minister may exercise the powers in this Part in relation to a local board and, for that purpose, this Part applies, with any necessary modifications, as if a local board were a local authority.

256 Interpretation

(1) Until the date that is 1 month after the date on which sections 57 and 59 of the Local Government Act 2002 Amendment Act 2014 come into force, a development contributions policy that was in force immediately before the commencement of this clause is not invalid solely because it is inconsistent with section 201A or 202A.

(2) No later than the date referred to in subclause (1), a territorial authority to which section 201A applies must amend its development contributions policy by including a schedule in accordance with that section.

(3) No later than the date referred to in subclause (1), a territorial authority must amend its development contributions policy to comply with section 202A.
A territorial authority may make the amendments to its development contributions policy required by subclauses (2) and (3) by resolution without consultation or further formality.

Nothing in subclause (1) limits clause 8(3).

11 Transitional provision relating to long-term plans

(1) The repeal of section 84 by section 26 of the Local Government Act 2002 Amendment Act 2014, and the amendments to sections 93 and 94 and Schedule 10 made by sections 30 and 32 and the first 7 items in Schedule 5 of that Act, do not apply to a long-term plan for a period commencing before 1 July 2015, and nothing in this Act requires such a long-term plan to be amended to ensure it complies with those requirements.

(2) Sections 93A to 93G and 101B, as inserted by sections 31 and 36 of the Local Government Act 2002 Amendment Act 2014, do not apply to a long-term plan for a period commencing before 1 July 2015, and nothing in this Act requires such a long-term plan to be amended to ensure it complies with those requirements.

(3) The amendments to this Act referred to in subclauses (1) and (2) apply only to long-term plans for the period commencing on 1 July 2015 and subsequent long-term plans.

12 Transitional provision relating to annual plans

(1) The repeal of section 85 by section 27 of the Local Government Act 2002 Amendment Act 2014, and the amendments to section 95 and Schedule 10 made by section 33 and the 8th and 9th items in Schedule 5 of that Act, do not apply to an annual plan for a period commencing before 1 July 2016, and nothing in this Act requires such an annual plan to be amended to ensure it complies with those requirements.

(2) Sections 82A(3), 95A, and 95B, as inserted by sections 24 and 34 of the Local Government Act 2002 Amendment Act 2014, do not apply to an annual plan for a period commencing before 1 July 2016, and nothing in this Act requires such an annual plan to be amended to ensure it complies with those requirements.

(3) The amendments to this Act referred to in subclauses (1) and (2) apply only to annual plans for the period commencing on 1 July 2016 and ending on 30 June 2017 and subsequent annual plans.

13 Transitional provision relating to annual reports

The amendments to Schedule 10 made by the 10th to 13th items in Schedule 5 of the Local Government Act 2002 Amendment Act 2014 apply only to annual reports for the period commencing on 1 July 2013 and ending on 30 June 2014 and subsequent annual reports.
Part 2

Provisions relating to Local Government (Community Well-being) Amendment Act 2019

14 Interpretation in this Part

In this Part, 2019 Act means the Local Government (Community Well-being) Amendment Act 2019.

15 Transitional provision relating to development contributions for certain community infrastructure

(1) This clause applies to any work or programme that—

(a) was not within the definition of community infrastructure as it was immediately before the commencement of section 11 of the 2019 Act, but is within the definition of community infrastructure immediately after the commencement of that section; and

(b) was completed on or after 8 August 2014 and before the commencement of section 11 of the 2019 Act.

(2) If a territorial authority amends its development contribution policy to require development contributions in relation to any work or programme described in subclause (1),—

(a) the work or programme must be separately identified in the schedule required by section 201A; and

(b) for each work or programme separately identified, instead of the matters specified in section 201A(1)(c) and (d), the schedule must list—

(i) the proportion of the capital cost of the work or programme that the territorial authority would have proposed to recover through development contributions had it been possible to recover development contributions in respect of all developments that meet the criteria in the amended policy; and

(ii) the proportion of the capital cost of the work or programme that the territorial authority would have proposed to recover from other sources had it been possible to recover development contributions in respect of all developments that meet the criteria in the amended policy; and

(iii) based on the proportion specified under subparagraph (i), the amount that would have been recoverable in respect of resource consents granted, building consents granted, and service connections granted before the date on which the amendment to the
development contribution policy came into effect (and which therefore cannot be recovered through development contributions); and

(iv) after taking into account the territorial authority’s inability to recover the amount specified in subparagraph (iii) from development contributions,—

(A) the adjusted proportion of the capital cost that the territorial authority proposes to recover through development contributions; and

(B) the adjusted proportion of the capital cost that the territorial authority proposes to recover from other sources.

Part 3

Transitional provision relating to reporting and publication requirements

16 Delayed effective date for certain reporting and publication requirements
(1) Despite sections 64(9), 64B(3), 66(5), and 67(4), a local authority is not required to publish a council-controlled organisation’s statement of intent, statement of expectations, half-yearly or quarterly report, or annual report on an Internet site maintained by the local authority before the date that is 3 months after the date of commencement of the Local Government Act 2002 Amendment Act 2019.

(2) Despite sections 66 and 67(1)(b), a council-controlled organisation is not required to deliver a report to a local authority that indirectly controls the organisation before the date that is 3 months after the date of commencement of the Local Government Act 2002 Amendment Act 2019.

Transitional provisions relating to scope of local government reorganisations

17 Interpretation
In this Part,—
relevant amendments means the amendments to subpart 2 of Part 3 and to Schedule 3 made by sections 8 to 14 and 31 of the Local Government Act 2002 Amendment Act 2019

relevant provisions means the provisions in subpart 2 of Part 3 and Schedule 3.

18 Relevant amendments do not apply if final proposal notified before commencement

The relevant amendments do not apply to a local government reorganisation for which a final proposal was publicly notified under clause 22 of Schedule 3 before the repeal of that clause and the commencement of the relevant amendments. The relevant provisions continue to apply as if the relevant amendments had not been made.

Reorganisation applications made before 4 April 2019

19 Process if notice of proposal given, but decision not made, before commencement of relevant amendments

(1) Subclause (2) applies if,—

(a) before 4 April 2019, the Local Government Commission received a reorganisation application under clause 3 of Schedule 3; and

(b) before the commencement of the relevant amendments, the Commission—

(i) had given notice of a draft proposal under clause 20 of Schedule 3; but

(ii) had not made a decision under clause 21(1) of that schedule in respect of that draft proposal.

(2) If this subclause applies,—

(a) the relevant provisions, as amended by the relevant amendments, apply to consideration of the draft proposal as if it were a reorganisation investigation under subpart 2 of Part 1 of Schedule 3; but

(b) the Commission must complete the consultation required by clause 20 of Schedule 3 as if that clause had not been repealed, before taking any action under Part 2 of Schedule 3.

20 Process if decision to assess application notified before commencement of relevant amendments, but draft proposal not completed

(1) Subclause (2) applies if,—

(a) before 4 April 2019, the Local Government Commission received a reorganisation application under clause 3 of Schedule 3; and

(b) before the commencement of the relevant amendments, the Commission—

(i) had notified its decision to assess an application under clause 6 of Schedule 3; but

(ii) had not completed a draft proposal for the affected area under clause 14 of that schedule.

(2) If this subclause applies,—

(a) the relevant provisions, as amended by the relevant amendments, apply to the application, and to any alternative applications relating to the application received under clause 10 of Schedule 3, as if each application were a reorganisation initiative under subpart 1 of Part 1 of Schedule 3; but

(b) the Commission must undertake 1 or more investigations covering the proposals in the application or applications, and clause 5 of Schedule 3 does not apply.

Reorganisation applications made after 4 April 2019

21 Process if reorganisation application made between 4 April 2019 and date of commencement of relevant amendments

(1) Subclauses (2) to (4) apply if the Commission received a reorganisation application under clause 3 of Schedule 3 in the period starting on 4 April 2019 and ending immediately before the commencement of the relevant amendments.

(2) If the reorganisation application was made by a person, body, or group, other than a local authority or the Minister, the Commission must determine whether the application was made on behalf of a group that comprises at least 10% of electors in the affected area.

(3) If the Commission determines that the application was not made on behalf of a group that comprises at least 10% of electors in the affected area,—

(a) the Commission must not assess or continue to assess the application; and
(b) the Commission must notify the person who submitted the application that—
   (i) the application will not be assessed; but
   (ii) the person may propose a reorganisation initiative or make an
        investigation request in accordance with subpart 1 of Part 1 of
        Schedule 3.

(4) If the Commission determines that the application was made on behalf of a
    group that comprises at least 10% of electors in the affected area, the applica-
    tion must be progressed as follows:
    (a) in accordance with clause 19(2), if the circumstances described in clause
        19(1)(b) apply; and
    (b) in accordance with clause 20(2), if the circumstances described in clause
        20(1)(b) apply.

Part 3
Boundaries

1 Boundaries of regions

(1) If any part of the boundary of a region is the sea, that boundary is the outer limits of the territorial sea of New Zealand.

(2) A region must be defined, as far as practicable, so that it does not contain a fraction of the district of a territorial authority.

(3) If the boundaries of a district that are the same as the boundaries of part of any region are altered,—
   (a) the alteration also has effect with respect to the region; and
   (b) the boundaries of the region are altered accordingly.

(4) Subclause (3) applies subject to the Order in Council made under section 25.

Compare: 1974 No 66 s 37O

2 Boundaries of districts

(1) If any part of the boundary of a district is the sea, that boundary may be between the mean high-water mark and the outer limit of the territorial sea of New Zealand as determined by the Order in Council defining the district.

(2) If a river or stream runs between 2 or more districts, wholly or in part, the boundaries of the relevant districts, for the purposes of this Act, extend to the middle line of the river or stream and follow its natural course.

(3) If the boundaries of a district are altered and all or part of the boundaries concerned were the same as the boundaries of any region,—
   (a) the alteration also has effect with respect to the boundaries of that part of the region; and
   (b) the boundaries of the region are altered accordingly.

(4) Subclause (3) applies subject to the Order in Council made under section 25.

Compare: 1974 No 66 s 37P

3 **Unitary authorities**

(1) A territorial authority that is a unitary authority has—

(a) the responsibilities, duties, and powers of a territorial authority in respect of the district for which it was constituted; and

(b) the responsibilities, duties, and powers of a regional council in respect of the region over which it has control.

(2) If a territorial authority is a unitary authority, the boundaries of the district of the territorial authority and those of the region over which it has control, except the seaward boundaries, are the same.

4 **Savings provisions for unitary authorities**

If, immediately before the commencement of this Act, a territorial authority has, under section 37N of the Local Government Act 1974, the responsibilities, duties, and powers of a regional council as well as its own responsibilities, duties, and powers, then the territorial authority—

(a) continues to have the responsibilities, duties, and powers of the regional council; and

(b) is a unitary authority for the purposes of this Act.

5 **Adjustments to boundaries**

(1) The Minister may, by notice in the *Gazette*, alter the boundaries of a district or region to include or exclude—

(a) land reclaimed from the sea adjacent to the district or region; or

(b) land, including any island, that in the Minister’s opinion should be included in or excluded from the district or region and in respect of which there are no electors.

(2) Despite subclause (1),—

(a) land reclaimed from the sea (whether lawfully or unlawfully) adjoining a district or region forms part of that district or region; and

(b) if the reclaimed land forms part of 2 or more districts or regions, the boundary or boundaries between those districts or regions must be determined by the Minister by notice in the *Gazette*.

(2) Except as provided in subclause (3), subparts 1 and 1A of this Part apply to every reorganisation plan developed under subclause (1) as if references to the Commission in that clause and those subparts were references to the local authority or local authorities developing the plan.

(3) Clause 14(4) does not apply to a reorganisation plan under this clause.

(4) A local authority intending to develop a reorganisation plan under this clause must ensure that written notice of that intention is given to the Commission as soon as is reasonably practicable.

22B Application to Commission

(1) One or more local authorities may submit a reorganisation plan adopted under clause 22A to the Commission in accordance with this clause (a local authority-led reorganisation application).

(2) The reorganisation plan must be accompanied by—

(b) a report from each affected local authority, adopted by that local authority, that records—

(i) that local authority’s unconditional support for the plan; and

(ii) the public consultation undertaken by that local authority; and

(iii) the themes and outcomes of that consultation.

22C Commission review of local authority-led reorganisation application

(1) As soon as practicable after receiving a local authority-led reorganisation application submitted in accordance with clause 22B, the Commission must review that application.

(2) The Commission must approve the reorganisation plan to which the local authority-led reorganisation application relates unless—

(a) the reorganisation plan is not accompanied by the documentation required by clause 22B; or

(b) the Commission considers, on reasonable grounds, that—

(i) the provisions in subparts 1 and 1A of this Part were not complied with in developing the plan, as required by clause 22A(2); or

(ii) the plan does not have the support of affected communities.

(3) The Commission must not approve the reorganisation plan to which the local authority-led reorganisation application relates if subclause (2)(a) or (b) applies.
(4) If the Commission approves a reorganisation plan under this clause,—
   (a) subparts 2 and 3 of this Part do not apply; and
   (b) Parts 3 and 4 of this schedule apply as if the plan had been adopted under clause 12.

(5) As soon as practicable after the Commission approves a reorganisation plan under this clause,—
   (a) the Commission must notify each affected local authority of its decision; and
   (b) the Minister must determine whether to recommend the making of an Order in Council under section 25.

(6) If the Commission does not approve a reorganisation plan under this clause, the Commission—

   (a) is not a major transfer; or
(b) has the support of all affected local authorities.

(3) For the purposes of subclause (2), a transfer of responsibilities, duties, and powers is a **major transfer** if the responsibilities, duties, or powers to be transferred—

(a) represent 50% or more of the transferring local authority’s operational expenditure, or assets, or staff, in respect of water services, transport services, or resource management functions (as the case may be); or

(2) Except as otherwise provided in this Part, a poll under this clause must be held under the Local Electoral Act 2001 and the provisions of that Act apply, with any necessary modifications, to the conduct of the poll.

(3) The Commission must ensure that 1 electoral officer is designated to conduct the poll and to declare the official result of the poll under clause 27.

(4) The costs of the poll are to be apportioned among the affected local authorities on the basis of the number of affected electors on the electoral rolls of the affected local authorities.

### 26 Timing of poll

(1) A poll required by clause 25 must be held on a date determined by the Commission in accordance with this clause.

(2) In determining the date on which a poll is to be held, the Commission must consult the electoral officer required to conduct the poll.

(ii) has been held and more than 50% of the valid votes cast in the poll are for the reorganisation plan; and

(b) an Order in Council giving effect to the reorganisation plan has been made under section 25(1).

34 Establishment and purpose of transition body

(1) This clause applies to a transition body established by an Order in Council giving effect to a reorganisation plan under section 25(1).

(2) The purpose of a transition body is to—

(a) work with the Commission on, and facilitate local input into, the development of the reorganisation implementation scheme to complete the reorganisation plan; and

(b) between the day on which the reorganisation implementation scheme is given effect to and the implementation date (phase 2).

(4) To avoid doubt, different arrangements for the roles, functions, membership, and accountability of the transition body may apply during phase 1 and phase 2.

35 Composition and membership of transition body

(1) A transition body—

(a) must include an implementation team; and

(b) may include a transition board.
In developing a reorganisation plan, the Commission must determine whether or not a transition board is required by the type and scale of the changes proposed to be made by the reorganisation.

However, a transition body must include a transition board if the reorganisation plan involves—

(a) the establishment of 1 or more new local authorities; or

(b) a significant change to 1 or more of the affected local authorities.

A transition body must be broadly representative of the affected area.

Members of the transition body must be appointed by the Commission, which may seek advice or nominations from the affected local authorities.

The Commission must appoint, on such terms and conditions as it thinks fit, a person to be the manager of the implementation team.

If a transition body includes a transition board,—

(a) the majority of the members of the transition board must be elected members of the affected local authorities; and

(b) persons who are not elected members of affected local authorities may be appointed as non-voting members of the transition board to provide particular expertise that elected members do not have or are unlikely to have.

Roles and functions of transition body

1. A transition body is responsible for—

   (a) undertaking the roles and responsibilities specified in an Order in Council under section 25(1); and

   (b) preparing and implementing a change management plan to guide the transition to the new arrangements specified in a reorganisation scheme; and

   (c) carrying out any other actions that the Commission considers are necessary or desirable for the transition to the new arrangements.

37 Accountability arrangements for transition body

(1) During phase 1, the transition body is responsible to the Commission for the performance of its role, responsibilities, and functions under clause 36.

(2) During phase 2,—

(a) if a transition body includes a transition board,—
   (i) members of the transition board are to represent the interests of the communities within the affected area; and
   (ii) the manager of the implementation team is responsible to the transition board; and

(b) if a transition body does not include a transition board, the manager of the implementation team is responsible to the chief executive of each of the affected local authorities.

(a) not earlier than 2 years after the effective date of the appointment; and

(b) not later than 3 years after the implementation date specified in the Order in Council.

(3) In making an appointment under subclause (1), the transition board must have regard to—
the matters that a local authority must consider in relation to appointing
an interim chief executive under clause 33 of Schedule 7; and

(b) the skills and experience required of a chief executive in order to—

(i) prepare for the establishment of the local authority on the imple-

mentation date; and

(ii) exercise, to the extent authorised by Order in Council, the powers

set out in clause 39; and

(iii) provide effective leadership of the staff and management of the

systems and resources of the local authority in the early years of

its existence.

first meeting of local authority

(1) A chief executive appointed under clause 38 may, if authorised by the Order in

Council,—

(a) employ, on behalf of the local authority, staff for the local authority with

a start date before the implementation date; and

call, before the implementation date, the first meeting of the local

authority to be held on or after that date.

(2) The chief executive must exercise the powers in subclause (1) in accordance

with the change management plan developed under clause 36(1)(b) and any

other protocols or processes developed by the Commission.

(3) For the purposes of this clause, the chief executive must exercise the powers

and perform the functions described in this clause as if the local authority were

established, and—

(a) any appointment under subclause (1)(a) and (b) made by him or her

before the implementation date is—

(i) deemed to be made with the express authority of the local author-

ity; and

(ii) valid and enforceable; and

(b) any contract, lease, or other agreement entered into under subclause

(1)(c) by him or her before the implementation date is—

(i) deemed to be entered into with the express authority of the local

authority; and
(ii) valid and enforceable.

(4) Despite subclause (3), all costs and other obligations associated with any appointment, contract, lease, or other agreement made by the chief executive under subclause (1) and incurred before the implementation date must be apportioned between the affected local authorities in accordance with the determination of the Commission under clause 40.

40 Apportionment of transition costs

(1) The Commission must, as soon as practicable after an Order in Council is made under section 25(1), determine how the costs associated with the transition will be apportioned between the affected local authorities.

(2) Before making a determination under subclause (1), the Commission must consult every affected local authority.

(3) This clause applies to—

(a) the costs associated with—

   (i) the operation of the transition body or transition bodies; and

   (ii) the appointment and employment of the interim chief executive; and

(7) If section 159 applies to a bylaw confirmed or amended under this clause, for the purposes of that section the date of the confirmation or amendment of the bylaw must be treated as if it were the date of the last review of the bylaw.

(a) a set of bylaws; and
(b) an individual bylaw in a set of bylaws; and
(c) a provision within an individual bylaw.

---

47 **No compensation payable if responsibility transferred**

(1) If provision is made in a reorganisation order for a responsibility, duty, power, or discretionary function to be transferred to, or assumed by, a local authority or joint committee, provision may not be made for the payment of compensation to the local authority from which that responsibility, duty, power, or discretionary function is transferred or assumed.

(2) This clause applies subject to clauses 48 and 53.

---

48 **Payment if trading undertaking transferred**

(1) If a reorganisation order provides for the transfer of a trading undertaking from a local authority (the **transferor**) to any other local authority (the **transferee**), the transferor may request the Commission to determine whether any payment for the transfer of the trading undertaking should be made by the transferee to the transferor and, if so, the amount of the payment.

(2) The Commission may, in considering a request under subclause (1), require the local authorities to each appoint an independent person as an assessor to report to the Commission on whether any payment should be made.

(3) The costs incurred by assessors must be met jointly by the local authorities appointing the assessors.

(4) The Commission may make a determination under this clause subject to any conditions that it considers desirable.

---

49 **Employees**

(a) a local authority (**local authority A**) ceases to exist under a reorganisation and its district or region is included in the district or region of another local authority (**local authority B**); or
(b) a reorganisation implementation scheme provides, under clause 43(j) for the transfer of employees from a local authority (**local authority A**) to another local authority (**local authority B**).
(2) On and from the implementation date, a person who was, immediately before that date, an employee of local authority A becomes an employee of local authority B.

(3) For the purposes of every enactment law, award, determination, contract, and agreement relating to the employment of the person,—

(a) his or her employment agreement is unbroken; and

(b) the period of his or her service with local authority A is to be treated as a period of service with local authority B.

(4) The terms and conditions of employment of the person with local authority B are—

(a) identical to the terms and conditions of his or her employment with local authority A immediately before the implementation date; and

(b) capable of variation in the same manner.

(5) The person is not entitled to receive any payment or other benefit because he or she has, under this Act, ceased to be an employee of local authority A and become an employee of local authority B.

50 **KiwiSaver Act 2006 does not apply to transferred employee**

The transfer of an employee’s employment under clause 49 does not constitute new employment for the purposes of the KiwiSaver Act 2006.

51 **Certain matters not affected by transfer of responsibilities, duties, or powers**

A reorganisation order does not—

(a) place a local authority or other person in breach of contract or confidence or otherwise make the local authority or other person guilty of a civil wrong; or

(b) give rise to a right for a person to terminate or cancel any contract or arrangement, or to accelerate the performance of an obligation; or

(c) place a local authority or other person in breach of any enactment or rule of law or contractual provision prohibiting, restricting, or regulating the assignment or transfer of property or the disclosure of information; or

(d) release a surety wholly or in part from an obligation; or

(e) invalidate or discharge a contract or security.
52 Registers

(1) The Registrar-General of Land or other person charged with the keeping of books or registers is not required solely by reason of a reorganisation order to change the name of the transferor to that of the transferee in those books or registers or other documents.

(2) The presentation to the Registrar-General of Land or other person of an instrument, whether or not comprising an instrument of transfer by the transferee, is, in the absence of proof to the contrary, sufficient evidence that the property is vested in the transferee if the instrument—

(a) is executed, or purports to be executed, by the transferee; and
(b) is related to property held by the transferor; and
(c) contains a recital that the property has become vested in the transferee by virtue of a reorganisation order made under this Act.

53 Apportionment of assets and liabilities

(1) If a reorganisation order does not make provision for the apportionment of the assets and liabilities of the local authorities affected by the order, the local authorities may, by agreement, determine the manner in which those assets and liabilities must be apportioned.

(2) If an agreement is not entered into by the local authorities concerned within 3 months after the date of the coming into force of the reorganisation order, a local authority directly affected may apply to the Commission for an order apportioning assets and liabilities, and the Commission must make an order directing the manner in which assets and liabilities must be apportioned among the local authorities concerned.

(3) For the purpose of deciding an application to the Commission under subclause (2), the Commission—

(a) must consult the Auditor-General and the local authorities directly affected; and
(b) may make the inquiries that it thinks fit; and
(c) may obtain advice from any other person who, in the opinion of the Commission, has expert knowledge concerning any aspect of the matter to be decided.

(4) In the exercise of its powers under subclause (2), the Commission may identify the assets and liabilities to be transferred, and assets and liabilities to be transferred must include all amounts and items that properly ought to be treated as being of the same character, irrespective of how they may be described in the accounts or records of any local authority.

(5) An order of the Commission under subclause (2) may be enforced as if it were an agreement between the local authorities concerned.
For the purposes of the Income Tax Act 2007, the Goods and Services Tax Act 1985, and the Accident Compensation Act 2001, a local authority constituted under a reorganisation order is deemed to be the same local authority as each of the local authorities whose district, region, or functions are wholly transferred to that local authority.

54 Apportionment of fuel tax revenue

(1) Despite Part 11 of the Local Government Act 1974, the local authorities established or affected by a reorganisation order may, by agreement, determine that the proceeds of fuel tax levied under that Part are to be distributed among them other than in accordance with that Part.

(2) If agreement under subclause (1) cannot be reached within 3 months after the date on which the reorganisation order comes into force, any of those local authorities may apply to the Commission for an order determining the matter in accordance with clause 53(2) to (5).

(3) An agreement under subclause (1), or an order under subclause (2), applies only to the end of the first financial year that commences after the date on which the reorganisation order comes into force.

Subpart 4—Tax treatment of assets transferred in reorganisation

55 Application

(1) This subpart applies for the purposes of the Inland Revenue Acts when, in a reorganisation described in section 24 of this Act,—

(a) the assets and liabilities of a terminating entity (the transferring entity) become the assets and liabilities of a receiving entity (the receiving entity);

(b) some or all of the assets and liabilities of a continuing entity (the transferring entity) become the assets and liabilities of another entity (the receiving entity);

(c) the voting interests and market value interests of a notional single person in a local authority (the transferring entity) become the voting interests and market value interests of a notional single person in another entity (the receiving entity).

(2) In this clause and in clauses 56 to 61,—

date of transfer means the date on which assets and liabilities, or voting interests and market value interests, of a transferring entity become assets and liabilities, or voting interests and market value interests, of a receiving entity

Inland Revenue Acts has the meaning given by section 3(1) of the Tax Administration Act 1994
transfer means a method of conveying assets and liabilities, or voting interests and market value interests, to a receiving entity so that the assets and liabilities, or voting interests and market value interests, that the transferring entity has before the date on which the conveyance takes place become the assets and liabilities, or voting interests and market value interests, of the receiving entity on and after that date.

(3) In this subpart, terms defined in the Inland Revenue Acts have the meanings given by those Acts.

(4) If there is a conflict between a provision of this subpart and clause 6 of Schedule 9, the provision in this subpart prevails.

56 General treatment
For tax purposes, and in relation to a transfer,—

(a) a receiving entity is treated from the date of transfer as the same person as the transferring entity:

(b) a thing done by a transferring entity before the date of transfer is treated as done by the receiving entity on the date on which it was done by the transferring entity:

(c) a receiving entity is treated as having held the voting interests and market value interests without interruption from the date on which the transferring entity acquired them.

57 Income and expenditure
An amount of income derived or expenditure incurred by a transferring entity before the date of transfer does not become income or expenditure of the receiving entity merely because the assets and liabilities of the transferring entity have become the assets and liabilities of the receiving entity.

58 Holding companies

(1) When an asset other than shares of a transferring entity becomes the asset of a receiving entity, the difference between the market value of the asset and any attributed liability is available subscribed capital of the receiving entity.

(2) An amount arising from a sale or transfer of shares of a transferring entity is not assessable income of the receiving entity when—

(a) the shares have become the asset of the receiving entity through a reorganisation under section 24; and

(b) the receiving entity—
(i) sells the shares and distributes the proceeds to or through a holding company of the entity; or

(ii) transfers the shares to a holding company of the entity.

59 Valuation of assets

(1) For an asset that is a financial arrangement, trading stock, or revenue account property, the value is established as follows:

(a) if income derived from the asset is exempt income of a transferring entity and is not exempt income of a receiving entity, the receiving entity is treated as having acquired the asset on the date of transfer at its market value on that date:

(b) if income derived from the asset is not exempt income of a transferring entity and is exempt income of a receiving entity, the transferring entity is treated as having disposed of the asset on the date of transfer at its market value on that date.

(2) For an asset that is an item of depreciable property, the value is established as follows:

(a) if income derived from the asset is exempt income of a transferring entity and is not exempt income of a receiving entity, the receiving entity is treated as having acquired the property on the date of transfer at its accounting carrying value on that date:

(b) if income derived from the asset is not exempt income of a transferring entity and is exempt income of a receiving entity, the transferring entity is treated as having disposed of the property on the date of transfer at its adjusted tax value on that date.

60 Apportionment on transfers to multiple receiving entities

(1) This clause applies when the assets and liabilities of, or interests in, a transferring entity are transferred to more than 1 receiving entity. For these purposes, a transferring entity that continues in existence after the date of the transfer is treated as a receiving entity.

(2) A tax loss, loss balance, or credit in a memorandum account of the transferring entity is apportioned among the receiving entities on the basis of the percentage of assets or interests, as applicable, that are transferred to each receiving entity, measured on the date of transfer.

(3) In relation to the grouping of tax losses and credits, the tax loss, loss balance, or credit is treated as arising on the date of transfer.

61  **Goods and services tax**

(1) When the assets and liabilities of a transferring entity become the assets and liabilities of a receiving entity, the transfer is treated as a taxable supply of the assets and liabilities that is charged with tax at the rate of 0%.

(2) For the purposes of calculating the amount of output tax to be charged or input tax deductible on the date of transfer, the transferring entity and receiving entity are treated for the period up to the date of transfer as if they were the same person.

(3) If, in relation to a supply of the assets and liabilities of a transferring entity, it is necessary for a tax invoice, credit note, or debit note to be issued before the date of transfer by or to the transferring entity, the invoice or note may be issued by or to a receiving entity. For this purpose, the transferring entity and the receiving entity are treated as if they were the same person in relation to any requirement that the transferring entity holds, has previously been issued with, or has issued to a person an invoice or note for the supply.

(4) If, in relation to a supply of the assets and liabilities of a transferring entity, a document purporting to be a tax invoice, credit note, or debit note is issued by or to a transferring entity in relation to a supply made by or to a receiving entity on or after the date of transfer, the document is treated as if it were a tax invoice, credit note, or debit note, as applicable, that is issued by or to the receiving entity.

62  **Associated persons**

A person is not associated with another person for the purposes of sections CB 6A to CB 15 of the Income Tax Act 2007 merely through the application of this subpart.

(f) the duty to enter into a local board agreement for its area with the governing body of the unitary authority:

(g) the power to apply to the Commission for a binding determination in respect of a dispute between the local board and the governing body:

(h) a responsibility, duty, or power that this Act or any other Act expressly provides may not be delegated.

(2) However, nothing in subclause (1) restricts the power of a local board to delegate to a committee, subcommittee, or member of the local board, or to an officer of the unitary authority, the power to do anything precedent to the performance or exercise by the local board of a responsibility, duty, or power specified in that subclause.

(3) Subclause (1) applies to any responsibilities, duties, or powers delegated to the local board by the governing body subject to any conditions, limitations, or prohibitions imposed by the governing body when making the original delegation.

(4) A committee, subcommittee, or person to which or to whom a local board has delegated a responsibility, duty, or power, may,—

(a) without confirmation by the local board, exercise or perform the responsibility, duty, or power in the same manner and with the same effect as the local board could have exercised or performed it:
delegate the responsibility, duty, or power to a subcommittee or person, subject to any conditions, limitations, or prohibitions imposed by the local board when making the original delegation.

(5) No delegation relieves the local board of the liability or legal responsibility to perform or ensure the performance of any responsibility or duty.

2. **Groups of activities**
   (1) A long-term plan must, in relation to each group of activities of the local authority,—
       (a) identify the activities within the group of activities:
       (b) identify the rationale for delivery of the group of activities (including the community outcomes to which the group of activities primarily contributes):
(c) outline any significant negative effects that any activity within the group of activities may have on the social, economic, environmental, or cultural well-being of the local community:

(d) include the information specified in clauses 4 and 5—
   (i) in detail in relation to each of the first 3 financial years covered by the plan; and
   (ii) in outline in relation to each of the subsequent financial years covered by the plan.

(2) In this schedule, each of the following activities is a group of activities:
   (a) water supply:
   (b) sewerage and the treatment and disposal of sewage:
   (c) stormwater drainage:
   (d) flood protection and control works:
   (e) the provision of roads and footpaths.

(3) Despite subclause (2), a local authority may treat any other activities as a group of activities.

3 Capital expenditure for groups of activities

(1) A long-term plan must, in relation to each group of activities of the local authority and for each financial year covered by the plan, include a statement of the amount of capital expenditure that the authority has budgeted to—
   (a) meet additional demand for an activity; and
   (b) improve the level of service; and
   (c) replace existing assets.

(2) For the purpose of this clause, capital expenditure budgeted for 2 or all of the purposes in subclause (1) may be treated as if it were made solely in relation to the primary purpose of the expenditure.

4 Statement of service provision

A long-term plan must, in relation to each group of activities of the local authority, include a statement of the intended levels of service provision that specifies—
   (a) any performance measures specified in a rule made under section 261B for a group of activities described in clause 2(2); and
   (b) the performance measures that the local authority considers will enable the public to assess the level of service for major aspects of groups of
activities for which performance measures have not been specified under paragraph (a); and

(c) the performance target or targets set by the local authority for each performance measure; and

(d) any intended changes to the level of service that was provided in the year before the first year covered by the plan and the reasons for the changes; and

(e) the reason for any material change to the cost of a service.

5 Funding impact statement for groups of activities

(1) A long-term plan must, in relation to each year covered by the plan, include a funding impact statement in relation to each group of activities of the local authority.

(2) The funding impact statement must be in the prescribed form and must identify—

(a) the sources of funding to be used by the local authority; and

(b) the amount of funds expected to be produced from each source; and

(c) how the funds are to be applied.

6 Variation between territorial authority’s long-term plan and assessment of water and sanitary services and waste management plans

A long-term plan for a territorial authority must identify and explain any significant variation between the proposals outlined in the long-term plan and the territorial authority’s—

A long-term plan must include a local authority’s financial strategy described under section 101A and infrastructure strategy described under section 101B.

12 Forecast financial statements
(1) A long-term plan must include, for each of the financial years covered by the plan, forecast financial statements for the local authority.
(2) A long-term plan may include, for each of the financial years covered by the plan, or for any of those years, forecast financial statements for any council-controlled organisation or any other entity under the local authority’s control.

13 Financial statements for previous year
(1) A long-term plan must include the numerical information from the forecast financial statements referred to in clause 12(1) that were prepared for the financial year that is the year before the first year covered by the plan.
The numerical information must be presented in a way that allows the public to compare the information with the numerical information contained in the forecast financial statements for each of the financial years covered by the plan.

14 **Statement concerning balancing of budget**

If the local authority has resolved, under section 100(2), not to balance its operating budget in any year covered by the long-term plan, the plan must include—

(a) a statement of the reasons for the resolution and any other matters taken into account; and

(a) the sources of funding to be used by the local authority; and

(b) the amount of funds expected to be produced from each source; and

(c) how the funds are to be applied.

(3) If the sources of funding include a general rate, the funding impact statement must—

(i) how the charge is to be calculated; and

(ii) the local authority’s definition of a separately used or inhabited part of a rating unit, if the charge is to be calculated on that basis; and

(c) state whether the general rate is to be set differentially and, if so,—

(i) the categories of rateable land, within the meaning of section 14 of the Local Government (Rating) Act 2002, to be used; and

(ii) the objectives of the differential rate, in terms of the total revenue sought from each category of rateable land or the relationship between the rates set on rateable land in each category.

(4) If the sources of funding include a targeted rate, the funding impact statement must—

(a) specify the activities or groups of activities for which the targeted rate is to be set; and
include particulars of the category, or categories, of rateable land, within the meaning of section 17 of the Local Government (Rating) Act 2002, to be used; and

state whether lump sum contributions will be invited in respect of the targeted rate.

If the sources of funding include a general rate or a targeted rate, the funding impact statement must, for the first year covered by the long-term plan, include examples of the impact of the rating proposals in subclauses (3) and (4) on the rates assessed on different categories of rateable land with a range of property values.

1 Scope of removal order

Compare: 1974 No 66 s 692ZD(3)

2 Service of removal order
If a removal order is made under section 216, the Judge may, on application or on his or her own motion, give directions—
(a) as to the manner in which the order must be served on any person on whom the order must be served under clause 3(a); and
(b) that the order must be served on any person not referred to in clause 3(a)(i) to (iv) who is likely to be affected by the outcome of the proceedings; and
(c) as to any other matter relating to service of the order on any person.

Compare: 1974 No 66 s 692ZD(4)

3 Basis for removal order taking effect
A removal order does not take effect unless—
(a) a copy of the order is served in accordance with subpart 4 of Part 20 of the District Court Rules 2014 or in accordance with any directions given under clause 2 on—
(i) the respondent; and
(ii) if the respondent is not the owner of the property to which the order relates, the owner of the property; and
(iii) any mortgagee of the property to which the order relates; and
(iv) the owner of any property adjoining the property to which the order relates; and

(v) any person directed by the court to be served under clause 2; and

(b) either—

(i) no objection is made in accordance with section 217(1) by the respondent or by any other person entitled to object to the order under that section; or

(ii) if an objection is made, the court, after considering the objection, confirms the order under section 218(1) with or without variation.

Compare: 1974 No 66 s 692ZD(5)

4 Circumstances when certain other Acts do not apply
A removal order may be made under section 216 even if the fence, structure, or vegetation—

(b) has been constructed or is otherwise in accordance with—

(i) a resource consent granted under the Resource Management Act 1991; or

5 Evidence of conviction

(1) For the purposes of proceedings under subpart 4 of Part 9, proof that a respondent or any other person has been convicted of an offence by any court in New Zealand is conclusive evidence that that person committed the offence, and the conviction is admissible in evidence.

(2) A certificate produced as evidence of the fact that a particular person has been convicted of an offence is sufficient evidence, unless the contrary is proved, without proof of the signature or official character of the person appearing to have signed it, if—

(a) it contains the substance of a conviction; and

(b) it purports to be signed by the Registrar or other officer having the custody of the records of the court in which the offender was convicted; and

(c) the name of the offender stated in the certificate is the name of the person in respect of whom the applicant seeks to prove the conviction.
The method of proving a previous conviction authorised by subclause (2) is in addition to, and not to the exclusion of, any other method of proof authorised by another enactment or rule of law.

Compare: 1974 No 66 s 692ZE

6 Form of removal order

(1) Subject to subclause (2), a removal order must be in the form prescribed in subpart 4 of Part 20 of the District Court Rules 2014.

(2) If an objection is lodged under section 217(1) and the removal order is subsequently confirmed with or without variation, the Registrar must, without delay, issue a copy of the confirmed order with the date specified by the court in accordance with clause 8(2) as the date by which compliance is required.

Compare: 1974 No 66 s 692ZF

7 Notice of objection to removal order

(1) A notice of objection under section 217(1) must—

(a) be in the form prescribed in subpart 4 of Part 20 of the District Court Rules 2014; and

(b) be lodged with the court and served on the applicant and, if the objector is not the respondent, the respondent, within 15 working days from the date on which the removal order was served on the objector, or within any further time that the court allows.

(2) Subject to subclause (4), the Registrar must assign a date for an oral hearing of any objection as soon as practicable if the respondent or, if the respondent is not the owner of the property to which the order relates, the owner of the property—

(a) objects to the making of the order; and

(b) notifies the court that he or she wishes to be heard in person or to be represented by his or her lawyer.

(3) If a person described in clause 3(a)(iii), (iv), or (v) objects to the making of the order and notifies the court that he or she wishes to be heard in person or to be represented by his or her lawyer, the court may,—

(a) if the court is satisfied that there should be an oral hearing, assign a date for the hearing of the objection, which date, subject to subclause (4), must be as soon as practicable; or

(b) if the court thinks fit, decide the objection without holding an oral hearing.
(4) If an oral hearing is to be held in accordance with subclause (2), or if the court decides under subclause (3) that there should be an oral hearing, the court may assign a date for the objections to be heard together.

Compare: 1974 No 66 s 692ZG(2)-(5)

8 Consideration of objections by court

(1) Before the court exercises its power under section 218(1), the court must, as it thinks fit, give an opportunity to be heard, either orally or in writing, to—

(a) the applicant; and

(b) any other person entitled to object under section 217(1).

(2) If the court confirms or varies an order under section 218(1), the court must specify the date by which the respondent must comply with the order.
