Restructuring the Palau National Marine Sanctuary Office and the Palau National Marine Sanctuary Executive Committee to strengthen implementation of the Palau National Marine Sanctuary

WHEREAS, the Olbiil Era Kelulau passed the Palau National Marine Sanctuary Act (Senate Bill No. 9-30, SD2, HD3 on October 22, 2015); and

WHEREAS, I signed into law, RPPL 9-49, the Palau National Marine Sanctuary Act on October 28th; and

WHEREAS, the Act establishes a Palau National Marine Sanctuary ("PNMS") encompassing the entire Exclusive Economic Zone of the Republic of Palau and in support of the Sanctuary accomplishes the following:

- After a transition period of five years, 1) creates a no-take Marine Sanctuary (approximately 500,000 square kilometers) covering 80% of Palau’s Exclusive Economic Zone (EEZ), in which no fishing will occur and 2) creates a Domestic Fishing Zone covering approximately 20% of Palau’s EEZ, in which traditional and domestic fishing activities will be allowed to provide fish for the domestic market;

- Strengthens the monitoring of foreign fishing vessels’ passage through and activities in Palau’s EEZ;

- Ensures that the States of Palau will not lose current revenue streams from fishing activities; and

- Identifies additional funding to cover the cost of implementing a comprehensive and efficient surveillance and monitoring system and enhancing economic development by expanding the green fee and renaming it as the Environmental Impact Fee; and

WHEREAS, the Act, in Section 192 of Title 27, establishes a Fisheries Protection Trust Fund within the National Treasury to fund surveillance and enforcement of the Sanctuary and the enforcement of the laws related to the marine sanctuary, including the administration of those activities, and to promote eco-tourism; and
WHEREAS, the Act identifies partnering with the donor community to implement the PNMS to improve Palau’s ability to patrol and protect our EEZ in line with the law’s mandate to maintain, monitor, protect and market the Palau National Marine Sanctuary; and

WHEREAS, the mandate to maintain, monitor, protect and market the Palau National Marine Sanctuary with funds from the Palau National Marine Sanctuary Trust Fund requires the creation of an administrative office to Implement RPPL 9-49; and

WHEREAS, Chapter 27 of Title 40 mandates a process for the development of the rules and procedures for the imposition of the Pristine Paradise Environmental Fee and imposes such fees only after that procedure is in place, thereby limiting immediate funding for the PNMS from local sources; and

WHEREAS, other grant funds have, and will continue to become available to the Government of Palau to assist in the transitional implementation of the PNMS,

WHEREAS, Executive Order No. 383, promulgated in November of 2015, established the initial structure for Palau National Marine Sanctuary Office and the Palau National Marine Sanctuary Executive Committee in order to implement the PNMS; and

WHEREAS, the Executive Committee and the PNMS Office worked together to establish a strategic planning and implementation structure revolving around specific focus areas; and

WHEREAS, a stronger understanding of the overall implementation needs, including financing constraints, staffing requirements, marketing options and reporting responsibilities for the PNMS, has been attained over the first year of operation and within the context of the identified focus areas,

NOW THEREFORE, by virtue of the authority vested in me as President of the Republic of Palau, pursuant to the Constitution and applicable laws of the Republic, it is hereby ordered as follows:

1. Executive Order No. 383 is hereby rescinded in its entirety and this Executive Order is promulgated to improve the administrative and management structure of the PNMS and to guide the future implementation of the PNMS.

2. The Palau National Marine Sanctuary Office is herein reorganized, within the Office of the President, as set forth below.
