Queensland

Radiation Safety Act 1999

Radiation Safety (Radiation Safety Standards) Notice 2010

Reprinted as in force on 27 August 2010

Reprint No. 1
Information about this reprint

This notice is reprinted as at 27 August 2010.

This page is specific to this reprint. A table of reprints is included in the endnotes.

Also see endnotes for information about when provisions commenced.

Spelling

The spelling of certain words or phrases may be inconsistent with other reprints because of changes made in various editions of the Macquarie Dictionary (for example, in the dictionary, ‘lodgement’ has replaced ‘lodgment’).

Dates shown on reprints

Reprints dated at last amendment All reprints produced on or after 1 July 2002, authorised (that is, hard copy) and unauthorised (that is, electronic), are dated as at the last date of amendment. Previously reprints were dated as at the date of publication. If an authorised reprint is dated earlier than an unauthorised version published before 1 July 2002, it means the legislation was not further amended and the reprint date is the commencement of the last amendment.

If the date of an authorised reprint is the same as the date shown for an unauthorised version previously published, it merely means that the unauthorised version was published before the authorised version. Also, any revised edition of the previously published unauthorised version will have the same date as that version.

Replacement reprint date If the date of an authorised reprint is the same as the date shown on another authorised reprint it means that one is the replacement of the other.

Radiation Safety (Radiation Safety Standards) Notice 2010

[reprinted as in force on 27 August 2010]

1 Short title
   This notice may be cited as the Radiation Safety (Radiation Safety Standards) Notice 2010.

2 Making radiation safety standards
   The documents mentioned in the schedule have been made as radiation safety standards.

3 Where copies of standards etc. are available for inspection
   Copies of the standards and the provisions of any document applied, adopted or incorporated by the standards are available for inspection, without charge, during normal business hours at the department’s office dealing with radiation health and safety.

   Editor’s note—
   Copies of the standards are also available on the department’s website at <www.health.qld.gov.au/radiationhealth>.

4 Repeal
   The Radiation Safety (Radiation Safety Standards) Notice 1999, SL No. 343 is repealed.
## Schedule

**Radiation safety standards**

---

### Part 1

**Standards for radiation sources in relation to the carrying out of radiation practices**

1. Standard for radiation apparatus used to carry out plain film diagnostic radiography
2. Standard for radiation apparatus used to carry out radioscopy
3. Standard for radiation apparatus used to carry out computed tomography
4. Standard for radiation apparatus used to carry out film-screen mammography
5. Standard for radiation apparatus used to carry out intra-oral dental diagnostic radiography
6. Standard for Class 4 lasers used to carry out cosmetic or health related procedures on human beings
7. Standard for radiation apparatus used to carry out plain film radiography of inanimate objects
8. Standard for cabinet radiation apparatus used to carry out fluoroscopic or radiographic imaging of inanimate objects
9. Standard for radiation apparatus used to carry out diagnostic radiography of animals
10. Standard for radiation apparatus used to carry out industrial radiography
11. Standard for radiation apparatus used to carry out chemical analysis
12. Standard for radiation apparatus used to carry out industrial gauging
13 Standard for sealed radioactive substances incorporated in sealed source apparatus used to carry out industrial radiography

14 Standard for sealed radioactive substances incorporated in sealed source apparatus used to carry out chemical analysis

15 Standard for sealed radioactive substances incorporated in sealed source apparatus used to carry out industrial gauging

16 Standard for sealed radioactive substances incorporated in sealed source apparatus used to carry out borehole logging

17 Standard for sealed radioactive substances incorporated in sealed source apparatus used to carry out moisture/density measurements

18 Standard for radiation apparatus used to carry out sterilisation

19 Standard for sealed radioactive substances incorporated in sealed source apparatus used to carry out sterilisation

Part 2 Standards for premises

1 Standard for Premises—Ionising Radiation Sources

2 Standard for premises at which Class 4 lasers are used to carry out cosmetic or health related procedures
Endnotes

1 Index to endnotes

2 Date to which amendments incorporated

This is the reprint date mentioned in the Reprints Act 1992, section 5(c). However, no amendments have commenced operation on or before that day. Future amendments of the Radiation Safety (Radiation Safety Standards) Notice 2010 may be made in accordance with this reprint under the Reprints Act 1992, section 49.
