### PART III **Angling** GENERAL

#### **Licence required for angling**

**11(1)** Subject to subsection (1.1), no person 16 years of age or older shall angle in Saskatchewan waters unless that person holds an angling licence.

(1.1) Subsection (1) does not apply to any resident 65 years of age or older but only if that person is not, on the date that the person is angling, subject to a prohibition mentioned in section 92.1.

(1.2) A person mentioned in subsection (1.1) who is subject to a prohibition mentioned in section 92.1 is prohibited from applying for an angling licence during the period after the date of conviction that is specified in that section.

(2) Subject to subsection (1.1), no person shall angle on Lac La Ronge, including Hunter Bay of Lac La Ronge, unless that person holds:

- (a) a Lac La Ronge angling endorsement licence and the harvest ledger associated with that licence; and
- (b) if the person is 16 years of age or older, the angling licence mentioned in subsection (1).

(3) If the holder of an angling licence for a jurisdiction adjacent to Saskatchewan is fishing in portions of the waters set out in Table 2 that are Saskatchewan waters, that person is deemed to be the holder of an angling licence pursuant to these regulations.

(4) No person to whom:

- (a) an angling licence has been issued shall fail to carry that licence while fishing or while possessing fish taken pursuant to that licence; or
- (b) a Lac La Ronge angling endorsement licence has been issued shall fail to carry the following while fishing or while possessing fish taken pursuant to that licence:
  - (i) his or her angling licence;
  - (ii) his or her Lac La Ronge angling endorsement licence;
  - (iii) the harvest ledger associated with that licence.

(5) No person whose licence is suspended or who is prohibited from applying for or obtaining an angling licence pursuant to these regulations shall angle until the period of the suspension or prohibition has expired.

(6) No person other than:

- (a) a resident may purchase or hold a resident licence;
- (b) a resident Canadian may purchase or hold a resident Canadian licence.

(7) Every person who applies for a resident licence shall provide evidence satisfactory to the minister to establish that he or she is a resident.

(8) Every person who applies for a resident Canadian licence shall provide evidence satisfactory to the minister to establish that he or she is a resident Canadian.

#### **Licence or requirements for competitive fishing event**

**11.1** No person shall conduct a competitive fishing event unless:

- (a) the person holds a competitive fishing event licence; or
- (b) the competitive fishing event meets the requirements set out in Table 11.

21 Dec 2012 SR 89/2012 s4.

**Information required for competitive fishing event**

**11.2(1)** Every organizer of a competitive fishing event shall provide the minister with 30 days' written notice before the competitive fishing event of all of the following:

- (a) the event name, date, time and body of water;
- (b) the name and phone number of the event organizer;
- (c) the expected number of participants;
- (d) whether the competitive fishing event is a derby or a tournament;
- (e) the species of fish targeted.

(2) Within 30 days after completion of a competitive fishing event, every organizer shall provide the minister with a written summary of the event's results, including all of the following:

- (a) the event name, date, time and body of water;
- (b) the name and phone number of the event organizer;
- (c) the number of participants;
- (d) whether the competitive fishing event was a derby or a tournament;
- (e) the species of fish targeted;
- (f) the total number of fish weighed or measured by species;
- (g) the total number of fish killed or judged to be dead by species.

21 Dec 2012 SR 89/2012 s4.

**Prohibitions re angling**

**12** No holder of an angling licence or a Lac La Ronge angling endorsement licence shall allow any other person to use his or her licence.

**Prohibitions re closed times and possession limits**

**13(1)** No person shall angle in a zone or in any Saskatchewan waters during the closed times as designated by the minister or varied by the director pursuant to section 14.

(2) The closed times as designated by the minister or varied by the director pursuant to section 14 do not apply to bow fishing unless otherwise specified in a director's order.

(3) No person shall take and retain in one day by angling more fish of a number, weight or size than the maximum as designated by the minister or varied by the director pursuant to section 14.

(4) No person shall possess more fish of a number, weight or size than the maximum as designated by the minister or varied by the director pursuant to section 14.

27 Dec 96 SR 102/96 s4; 3 Jly 98 SR 56/98 s3.

**Designations by minister**

**14(1)** The minister may:

- (a) designate the maximum number, weight or size of any species of fish that may be taken by angling from any body of water, portion of any body of water or zone;
  - (b) designate the maximum number, weight or size of any species of fish that may be possessed from any body of water, portion of any body of water or zone;
  - (c) designate the closed times for angling in any body of water, portion of any body of water or zone;
  - (d) designate the gear restrictions for angling in any body of water, portion of any body of water or zone; and
  - (e) designate any body of water, portion of any body of water or zone as closed to competitive fishing events.
- (2) The director may vary any angling limit, closed time, gear restriction or body of water, portion of any body of water or zone closed to competitive fishing events designated pursuant to subsection (1).
- (3) A designation by the minister pursuant to subsection (1) or an order by the director pursuant to subsection (2) is to be published in the Gazette.
- (4) Notwithstanding subsection (3), where, in the opinion of the director, an emergency exists, the director is not required to publish in the Gazette an order made pursuant to subsection (2) but shall give notice by:
- (a) posting the notice in the vicinity of the body of water or portion of the body of water affected by the emergency and in the communities within which the majority of the fishermen may reasonably be expected to reside;
  - (b) publishing the notice in a newspaper published or having general circulation in the area of the emergency where the majority of the fishermen may reasonably be expected to reside; or
  - (c) providing a radio or television announcement giving notice in the area affected by the emergency.

27 Dec 96 SR 102/96 s5; 3 Jly 98 SR 56/98 s4; 21 Dec 2012 SR 89/2012 s5.

**Determination of angling limits and possession limits**

**15** For the purpose of determining possession limits pursuant to these regulations:

- (a) the length of a fish taken is to be determined as set out in Table 3;
- (b) two fillets are to be considered one fish; and
- (c) where a person catches and retains fish of any species from any waters common to Saskatchewan and an adjoining province, state, territory, national park or Indian reserve, the fish taken and retained from any part of those waters that are not Saskatchewan waters are to be counted in determining whether any limits have been exceeded for the purposes of these regulations.

**Fish identification**

**17(1)** No person shall transport or possess any fish taken by angling unless:

- (a) there is sufficient skin and scales attached to the fish to permit the species to be readily identified; and
  - (b) the fish are packed in a manner that will permit the number and length to be readily determined.
- (2) Subsection (1) does not apply to fish stored at a person's private residence.
- (3) No transportation company, common carrier or other person shall receive for shipment or transport any fish taken by angling unless the shipment is tagged or marked with the name and address of the angler, the licence number pursuant to which the fish were taken and a list of the contents.
- (4) Any person who receives a shipment that is not tagged and marked pursuant to subsection (3) shall notify the nearest officer and shall hold the shipment until it is dealt with by an officer.

7 Apr 95 cF-16.1 Reg 1 s17.

**Release of fish taken**

**18** Subject to subsection 24(2) and clause 25(c), no person shall fail to return a fish immediately to the waters in which it was taken in a manner that causes the least harm to the fish where:

- (a) the fish was taken at a time when or place where that person is prohibited from fishing for that fish;
- (b) the fish was taken by a method or with fishing gear that the person is prohibited from using respecting that fish; or
- (c) the possession or retention of that fish is prohibited.

7 Apr 95 cF-16.1 Reg 1 s18.

**Prohibitions re possession and use of bait**

**19(1)** Subject to subsection (2), no person shall possess for use as bait or use as bait any live fish.

(2) The following persons may possess for use as bait or use as bait live crayfish, leeches or other aquatic invertebrates:

- (a) a resident who:
  - (i) has a valid angling licence;
  - (ii) is under 16 years of age; or
  - (iii) is 65 years of age or older;
- (b) a a resident Canadian or non-resident who:
  - (i) has a valid angling licence or is under 16 years of age if the live crayfish, leeches or other aquatic invertebrates were purchased in Saskatchewan; and
  - (ii) can provide proof of the purchase mentioned in subclause (i) on the request of an officer;

(3) No person other than a resident who has a valid angling licence, is under 16 years of age or is 65 years of age or older shall collect, for his or her own use as bait, live crayfish, leeches or other aquatic invertebrates.

(4) A resident who has a valid angling licence, is under 16 years of age or is 65 years of age or older and who collects, for his or her own use as bait, live crayfish or leeches shall:

- (a) legibly mark his or her angling licence number, if he or she is required to hold an angling licence, and name on any unattended gear that is used to take leeches or crayfish; and
- (b) check any gear that impounds or entraps leeches or crayfish and remove all crayfish and leeches at least once every 48 hours.

(5) No person shall possess for use as bait or use as bait any frog or salamander, whether alive or dead, or any part of any frog or salamander.

Arctic Grayling	1.45	1.15
Lake Trout	1.53	1.18
Northern Pike	1.57	1.25
Rainbow Trout	1.49	1.20
Splake	1.46	1.21
Walleye and Sauger	1.59	1.24
Fish Length = Conversion Factor x Fillet Length or Conversion Factor x Headless Dressed Length

**Processing Plant Requirements**

- 1 Floors are to be constructed of concrete and are to be:
  - (a) sloped to one or more drains of sufficient size to carry off processing effluent; and
  - (b) smooth and free of cracks or crevices.
- 2 Floor drains are to be equipped with traps and are to be connected to a sewer, or holding tank approved by an officer for this purpose and adequate for the volume of effluent to be discarded.
- 3 Inside wall surfaces are to be:
  - (a) constructed of smooth and waterproof washable material of light colour; and
  - (b) sealed at all joints with each other and with the floor and ceiling by continuous caulking or other impervious sealant in good repair.
- 4 Ceilings are to be free of cracks and crevices, constructed of smooth and waterproof washable material of light colour.
- 5 The plant is to be constructed so as to be inaccessible to rodents and other animals.
- 6 Windows that open are to be equipped with insect-proof screens.
- 7 A sanitary toilet with toilet paper is to be provided on the premises.
- 8 A sanitary wash basin, equipped with hot and cold running water, soap, and single-service towels, is to be provided on the premises.
- 9 An adequate supply of hot and cold running water under pressure is to be provided:
  - (a) from an approved municipal supply; or
  - (b) from a well or other source having a coliform bacteria count of zero per 100 millilitres.
- 10 For storage of fresh fish that cannot be immediately processed or otherwise handled and fresh fish that cannot be immediately marketed, the plant is to be provided with a holding room, separate from the processing area, which is refrigerated or supplied with adequate ice for properly icing all fish.
- 11 Freezing facilities are to be capable of maintaining air temperatures of -26° Celsius.
- 12 A kiln for smoking fish is to be:
  - (a) constructed of or covered with concrete or stainless steel; and
  - (b) located in a smoking room that has an independent source of ventilation and, if enclosed in a building or structure, is separated from other areas of the building or structure by permanent enclosed walls.

- 13 Each material, including sawdust, salt, or woodchips, that is used for the smoking of fish must be stored in a separate container that is to be constructed of a material adequate to prevent absorption of moisture and contaminants by the material in the container.
- 14 All surfaces of work areas, including dressing or cutting boards or tables, are to be constructed of washable, non-corrodible material, other than wood, and all joints are to be smooth and watertight.
- 15 Dressing or cutting boards or tables are to be installed in such a way that they and the area below them are easily cleaned.
- 16 All receptacles, trays and utensils are to be constructed of washable, non-corrodible material, other than wood or enamelled metal, and are to be free of cracks or crevices.
- 17 Boxes for fish storage and handling are to be made of smooth, non-absorbent, non-corrodible material, other than wood, free from cracks and crevices and so constructed as to provide drainage and protect the fish from damage by crushing when the boxes are stacked.
- 18 Watertight, drainable and washable offal and waste containers of sufficient size and number, with well-fitted covers, constructed of non-corrodible material other than wood, are to be provided.
- 19 An offal and waste disposal site approved by an officer is to be available nearby or near the plant.
- 20 All fish delivered to a processing plant that cannot be immediately processed or otherwise handled is to be iced or refrigerated during storage at a temperature not exceeding 4° Celsius.
- 21 All fish that has been processed or otherwise handled, but that is not marketed immediately, is to be frozen or stored at a temperature not exceeding 4° Celsius.
- 22 Fish fillets and steaks are to be properly washed with clean water before freezing, packaging, packing or storing, and fish or fish parts are to be properly washed with clean water before further processing.
- 23 All fish shipped from the plant for human consumption is to be packaged in a fashion that will protect the fish from contamination.
- 24 Protective hand coverings worn by employees engaged in processing are to be washed and disinfected at each break in the work shift.
- 25 Headcovers and waterproof garments are to be worn by employees while processing fish and are to be washed daily while fish processing takes place.
- 26 Working surfaces, used containers, trays, vats, and other utensils are to be washed and disinfected not less than once daily while processing takes place.
- 27 Floors in processing areas are to be washed daily while fish processing takes place.
- 28 Fish storage boxes are to be washed and disinfected whenever emptied.
- 29 Offal and other waste is to be removed from any processing area not less than once daily while processing takes place and disposed of at a site approved by an officer.
- 30 Containers used for storage of offal and other waste are to be washed and disinfected whenever emptied.

**F-16.1 REG 1****FISHERIES**

**31** Floors in fish storage areas are to be washed not less than once weekly while fish processing takes place and on termination of processing operations.

**32** Unnecessary equipment or material is not to be stored in the working area of a processing plant.

**33** Brushes, brooms, mops and other cleaning equipment and material necessary for proper cleaning are to be available at all times in a processing plant.

**34** No dogs, cats or other animals are to be allowed in a processing plant.

**35** No smoking is to be allowed in a processing plant.

**36** Every person engaged in fish processing shall wash his or her hands and immerse them in disinfectant:

- (a) on entry to the fish processing area; and
- (b) each time that his or her fish processing activity is interrupted by his or her engaging in any other activity.
