(i) on and from the date on which the error occurred, in a case where that date is after the commencement of the rating period in which the relevant supplementary valuation list is provided to the rating authority; and

(ii) in any other case, from the commencement of that rating period.

(4) Where a supplementary valuation is made under section 18(1) of the Valuation of Land Act 2001 and the value of the land so valued has since the last relevant valuation been materially increased by reason of improvements, paragraph (d) or (e) of subsection (3) of this section applies to it and not paragraph (b) of that subsection.

(4A) Where supplementary valuations are made under section 18(1) of the Valuation of Land Act 2001 as a result of a subdivision, the general manager may apportion any unpaid rates, averaged area rates or charges, or penalties imposed or interest charged, under section 128 in proportion to the supplementary valuations on the land now subdivided.

(5) This section does not apply in a case where provision to the contrary is made in another enactment.

89B. Relevant percentages for purposes of minimum amounts

(1) For the purposes of section 90(5)(a) and section 107(2B)(a), the relevant percentage in respect of a council for the 2012-2013 financial year is –

(a) 50%; or

(b) another higher percentage for that financial year that has been determined, in an order under subsection (8) in respect of the council, for the purposes of that provision.
For the purposes of section 90(5)(b) and section 107(2B)(b), the relevant percentage in respect of a council for a financial year to which those provisions apply is –

(a) 35%; or
(b) another higher percentage for that financial year that has been determined, in an order under subsection (8) in respect of the council, for the purposes of that provision.

A council may apply to the Minister for the issue under subsection (8) of an order in relation to the council.

An application under subsection (3) by a council for an order is to specify –

(a) the financial year, or financial years, in respect of which the order is sought; and
(b) the provision or provisions, referred to in subsection (1) or (2), in respect of which the order is sought; and
(c) the percentage amount that the council is of the opinion ought to be determined in respect of a financial year, and a provision, in respect of which the order is sought; and
(d) information as to why the council is of the opinion that the grounds, specified in subsection (7), for the Minister to make the order are satisfied.

The Minister may request the council to provide to the Minister the further information, in relation to an application by the council under subsection (3), that the Minister requests.

The Minister may, after receiving an application under subsection (3) from a council –

(a) make an order under subsection (8) in relation to the application; or
(b) refuse to make an order under subsection (8) in relation to the application.

The Minister may only make an order under subsection (8) in relation to an application from a council if he or she is satisfied that it is desirable to do so to ensure that there will not be an unreasonably sudden and significant increase in the amount of rates payable by some ratepayers in the municipal area of the council.

The Minister, by order, may determine that, for the purposes of a provision referred to in subsection (1) or (2) the relevant percentage in respect of a council is, for a financial year, the percentage specified, in the order, in respect of the financial year.

An order under subsection (8) may –

(a) apply to one or more provisions referred to in subsection (1) or (2); and
(b) apply to one or more financial years; and
(c) specify the same, or different, relevant percentages for different financial years; and
(d) specify, for the purposes of a provision specified in the order, a percentage that is higher than the percentage specified in subsection (1)(a) or subsection (2)(a).

**Division 2 - General rates**

90. **General rate**

(1) A council may, not earlier than 1 June and not later than 31 August in any year, in respect of each financial year, make one general rate for that year on all rateable land in its municipal area.

(2) A council may make a general rate on rateable land whether or not it provides any services in respect of that land.

(3) A general rate is to be based on one of the following categories of values of land:

(a) the land value of the land;
(b) the capital value of the land;
(c) the assessed annual value of the land.
(4) In making a general rate, a council may set a minimum amount payable in respect of that rate if that rate does not include a fixed charge.

(5) A minimum amount payable in respect of a general rate may not be set by a council under subsection (4) if the minimum amount would –

(a) in respect of the 2012-2013 financial year, apply to more than the relevant percentage in respect of the council, as determined under section 89B for that financial year, of the number of areas of land that is rateable land to which no variation under section 107 of the general rate applies; or

(b) in respect of any other financial year, apply to more than the relevant percentage in respect of the council, as determined under section 89B for that financial year, of the number of areas of land that is rateable land to which no variation under section 107 of the general rate applies.

91. Composition of general rate

(1) A general rate may consist of 2 components –

(a) one which is based on the value of the rateable land; and

(b) the other which is a fixed charge.

(2) If a council makes a general rate which consists of the 2 components, the fixed charge –

(a) must apply equally to each rateable land assessment; and

(b) must be calculated so that the total revenue raised from it does not exceed an amount equal to 50% of the council's general rates for the year to which the fixed charge relates.

92. Adjustment of amount payable

(1) If, during a financial year, a supplementary valuation is made of any land, a council may adjust the amount payable in respect of any rate for that land for that financial year.

(2) The general manager is to issue a supplementary notice in accordance with section 122 in respect of any amount payable as a result of an adjustment under this section.

(3) The general manager may refund or give credit for any amount paid in respect of a rate in excess of the amount payable as a result of an adjustment under this section.

Division 3 - Service rates and service charges

93. Service rate

(1) A council may make a service rate for a financial year on rateable land for any, all or a combination of the following services:

(b) . . . . . . . .

(c) nightsoil removal;

(d) waste management;

(e) stormwater removal;

(f) fire protection;

(g) any other prescribed service.

(2) A service rate for a financial year is to be based on the same category of value of land as the general rate is based on under section 90 (3) for that financial year.

(3) In making a service rate, a council may set a minimum amount payable in respect of that rate.

(4) A council must not make a service rate for a service referred to in subsection (1) in respect of land owned by the Crown if the council does not supply that service to that land.
For the purpose of this Part, establishing, managing, providing or rehabilitating waste management facilities is to be taken to be part of –

(a) a waste management service; and

(b) the supplying, or making available, of waste management services to land.

93A. Service rate for fire protection

(1) A council may make a service rate or several service rates in respect of the fire service contributions it must collect under the Fire Service Act 1979.

(2) A service rate or service rates made under subsection (1) must be for the contribution specified in a notice issued under section 81B of the Fire Service Act 1979.

94. Service charge

(1) In addition to, or instead of, making a service rate under section 93, a council, when making a general rate in respect of a financial year, may make a separate service charge for that financial year for any or all of the services specified in that section which the council supplies or makes available.

(2) . . . . . . .

(2A) . . . . . . .

(3) A council may, by absolute majority, declare that a service charge varies within different parts of the municipal area according to any or all, or a combination of any or all, of the factors specified in section 107.

(3A) In addition to the powers conferred on a council under subsection (3), a council may, by absolute majority, vary a service charge according to the level of service provided.

(4) A council must not make a service charge for a service referred to in section 93(1) in respect of land owned by the Crown if the council does not supply that service to that land.

(5) . . . . . . .

94A.

. . . . . . .

(3A) . . . . . . .

(4) . . . . . . .

(5) . . . . . . .

(6) . . . . . . .

(7) A council may recover from a council in another municipal area, with that other council's agreement, any costs incurred by it for any service specified in section 93(1) that it provides in that municipal area.

Division 4 - Construction rates and charges

96. Interpretation of Division 4

For the purposes of this Division –

public stormwater system means a public stormwater system as defined in the

Urban Drainage Act 2013.
97. **Construction rate and charge**

(1) A council, when making a general rate in respect of each financial year, may make a construction rate or construction charge for that financial year in respect of land that is more than 30 metres, at the nearest boundary, from the public stormwater system.

(2) A council may make a construction rate or construction charge in respect of land even though the land is not connected to a public stormwater system at the time the rate or charge is made.

(3) A construction rate for a financial year is to be based on the same value of land as the general rate is based on under section 90 (3) for that financial year.

98. **Limit on construction rates and charges**

(1) The amount of a construction rate or construction charge in respect of land that is within 30 metres of a public stormwater system is not to exceed one-half of the service rate or service charge applicable to that land.

(2) A construction rate or construction charge is to apply for any period not exceeding 5 years.

99. **Rebates and discount**

A council is to rebate or discount a proportional amount of any construction rate or construction charge paid or payable for a financial year in respect of land if during that financial year—

(a) the land is connected to a public stormwater system; or

(b) there is a public stormwater system within 30 metres of the nearest boundary of that land.

---

**Division 5 - Separate rates and charges**

100. **Separate rate or charge**

(1) A council may, by absolute majority, make a separate rate or separate charge in respect of land, or a class of land, within a part of its municipal area.

(2) A separate rate or separate charge may be made –

(a) in addition to any other rates or charges; and

(b) in respect of a financial year or part of a financial year; and

(c) for the purpose of planning, carrying out, making available, maintaining or improving any thing that in the council's opinion is, or is intended to be, of particular benefit to –

(i) the affected land; or

(ii) the owners or occupiers of that land.

(3) A separate rate or separate charge must not be made more than one month before the beginning of the financial year in which it commences, but may otherwise be made at any time during a financial year.

(3A) A separate rate or separate charge applies from –

(a) a date specified by the council that is after the date on which it is made; or

(b) a date specified by the council that is before the date on which it is made if that date is stated in the notification referred to in section 101(2) ; or

(c) if a date is not specified, the date on which it is made.

(4) At the time of making a general rate, a council may, upon the resolution of an absolute majority, continue a separate rate or separate charge applying in respect of a financial year for the next financial year.

(5) A separate rate or separate charge cannot be continued beyond the period notified under section 101(2)(d) .

(6) If a separate rate or separate charge is not continued for a particular financial year, the separate rate or separate charge must not be continued in respect of a subsequent financial year.
(7) A separate rate or separate charge must not be continued for a period of more than 5 financial years unless, in the fifth financial year –

(a) the council resolves to continue the separate rate or separate charge under subsection (4); and

(b) the separate rate or separate charge is reviewed in accordance with section 105A.

(8) A separate rate or separate charge for a financial year is to be based on the same category of value of land as is applicable to the general rate for that financial year under section 90(3).

101. Intention to make separate rate or charge

(1) Before the council makes a separate rate or separate charge, including a separate rate first-mentioned in section 105, the general manager is to—

(a) make all reasonable attempts to notify all ratepayers likely to be affected by the making of the separate rate or separate charge; and

(b) notify the council's intention to make the separate rate or separate charge in a daily newspaper circulating in the municipal area.

(2) A notification is to—

(a) state the area to which the separate rate or separate charge is to apply; and

(b) state the purpose for which the separate rate or separate charge is to apply; and

(c) state the amount of the separate rate or separate charge; and

(ca) state the date from which the separate rate or separate charge is to apply if that date is before the date on which it is made; and

(d) state the period during which the separate rate or separate charge is to apply; and

(e) invite the ratepayers, owners and occupiers of affected land to make submissions in accordance with section 102; and

(f) advise that ratepayers of affected land may present a petition under section 103.

(3) This section does not apply to the continuation of a separate rate or separate charge under section 100(4).

102. Submissions

A submission relating to a separate rate or separate charge—

(a) is to be in writing; and

(ab) . . . . . .

(b) is to be lodged with the general manager within 30 days of the date on which a notification is made in a newspaper under section 101.

103. Petitions

(1) Ratepayers affected by the intention of a council to make a separate rate or separate charge may lodge a petition in accordance with section 57 to the council within 30 days of the date on which a notification is made in a newspaper under section 101.

(2) If at least 100 affected ratepayers or at least 10% of affected ratepayers, whichever is the lesser, present a petition, the council must arrange a public meeting to discuss the issues involved.

104. Consideration by council

A council must consider any submission, petition or results of a public meeting before deciding—

(a) whether or not to make a separate rate or separate charge; or

(b) the area to which the separate rate or separate charge is to apply; or
(c) the amount of the separate rate or separate charge; or
(d) the period during which the separate rate or separate charge is to apply.

105. Separate rate or charge for same purpose

A council must not make a separate rate or separate charge for the same, or substantially the same, purpose as that of a separate rate or separate charge that the council has applied at any time in the previous 5 financial years unless it conducts a review of that previous separate rate or separate charge in accordance with section 105A.

105A. Review of separate rate or charge

(1) A review of a separate rate or separate charge is to include an assessment of the particular benefit of the separate rate or separate charge to –

(a) the affected land; or
(b) the owners or occupiers of that land.

(2) Before undertaking a review, the council is to –

(a) notify the ratepayers of the affected land of its intention to conduct the review; and
(b) publish notification of that intention in a daily newspaper circulating in its municipal area.

(3) Notification published under subsection (2)(b) is to include an invitation to the ratepayers, owners and occupiers of the affected land to make written submissions in respect of the review within 30 days after publication of the notification.

(4) In deciding, following a review under this section, whether or not to make or continue a separate rate or separate charge, a council must take into account –

(a) any submissions made under subsection (3); and
(b) the outcomes of the review.

105B. Adjustment of separate rate or charge

If a separate rate or separate charge applies for more than one financial year, a council may adjust the separate rate or separate charge in a subsequent financial year to take account of any of the following factors:

(a) an increase in the Consumer Price Index figure for the previous financial year;
(b) an adjustment in the assessed annual value, capital value or land value, on which the separate rate is based, made –
   (i) under this Act; or
   (ii) as a result of a fresh valuation under the Valuation of Land Act 2001;
(c) any other prescribed matter.

106. Refund of separate rate or charge

(1) A council is to refund any revenue raised by the payment of a separate rate or separate charge to affected ratepayers if –

(a) the council resolves not to carry into effect the purpose for which the separate rate or separate charge was imposed; or
(b) there is an excess of funds over the amount required for that purpose.

(2) Any refund is to be paid to the affected ratepayers proportionally according to the amounts paid by each of them.

(3) Instead of refunding an amount to a ratepayer, a council may credit that amount against any other rate or charge payable by the ratepayer.
106A. Exemptions and variations

(1) A council, by absolute majority, may—

(a) exempt land or a class of land from a separate rate or separate charge; or

(b) vary the amount of a separate rate or separate charge payable in respect of land or a class of land, having regard to—

(i) the use or predominant use of the land or class of land; or

(ii) the non-use of the land; or

(iii) the locality of the land or class of land; or

(iv) any other prescribed factor.

(2) In this section, 

use has the same meaning as in section 107.

Division 6 - Variation in rates

107. Variation in rates

(1) A council, by absolute majority, may declare that the general rate, a service rate or a service charge varies within the municipal area or within different parts of the municipal area according to any or all, or a combination of any or all, of the following factors:

(a) the use or predominant use of the land;

(b) the non-use of the land;

(c) the locality of the land;

(d) any planning zone;

(e) any other prescribed factor.

(2) For the purposes of subsection (1) (a), use means use for any of the following purposes:

(a) residential purposes;

(ab) commercial purposes;

(ac) industrial purposes;

(b) public purposes;

(c) primary production;

(d) sporting or recreation facilities;

(e) quarrying or mining.

(2A) If a general rate is varied under subsection (1) according to a factor, the council may, if the general rate does not include a fixed charge, set a minimum amount payable in respect of that rate as varied in accordance with that factor.

(2B) A council may not set under subsection (2A) a minimum amount payable in respect of a general rate varied under subsection (1) in accordance with a factor if the minimum amount would—

(a) in respect of the 2012-2013 financial year, apply to more than the relevant percentage in respect of the council, as determined under section 89B for that financial year, of the number of areas of land that is rateable land to which that factor relates; or

(b) in respect of any other financial year, apply to more than the relevant percentage in respect of the council, as determined under section 89B for that financial year, of the number of areas of land that is rateable land to which that factor relates.
If a minimum amount payable in respect of a general rate is set under subsection (2A) and that minimum amount applies in relation to rateable land, a minimum amount, if any, set under section 90(4) in respect of the general rate does not apply in relation to the rateable land.

A council must not apply a higher general rate on a State Government body than it would apply on a body of a similar nature that is not a State Government body.

In this section –

Government Business Enterprise has the same meaning as in the Government Business Enterprises Act 1995;

State Government body means a State Service Agency, a statutory authority, a State-owned company or a Government Business Enterprise;

State-owned company means a company incorporated under the Corporations Act that is controlled by the Crown, a Government Business Enterprise or a statutory authority or another company that is so controlled;

statutory authority means a body or authority, whether incorporated or not, that is established or constituted by or under an Act or under the Royal Prerogative, being a body or authority which, or of which the governing authority, wholly or partly comprises a person or persons appointed by the Governor, a Minister or another statutory authority but does not include a State Service Agency.

108. Notification of variation

If a council varies a rate, the general manager must notify the ratepayer in a rates notice –

(a) of the rate as varied; and

(b) of the factor on which the variation of the rate was calculated; and

(ba) of the minimum amount, if any, set under section 107(2A) in relation to the variation; and

(c) of the date on which the variation takes effect.

109. Objections to variations

(1) A ratepayer may object to a variation in a rate based on a particular use of land.

(2) The only ground for an objection is that the use of the ratepayer's land is not the use of land on which the variation is based.

(3) An objection is to –

(a) be made in writing within 21 days after receipt of a notice under section 108 notifying the variation; and

(b) state the use of the ratepayer's land; and

(c) be accompanied by evidence of the use of the land; and

(d) be lodged with the general manager.

(4) A council is to make a decision in respect of an objection within 60 days after the objection is lodged.

(5) The council may decide that the variation in the rate –

(a) applies to the ratepayer based on the use of the ratepayer's land; or

(b) does not apply because of the use of the ratepayer's land.

(6) A ratepayer may apply to the Magistrates Court (Administrative Appeals Division) for a review of –

(a) a council's decision under subsection (5); or

(b) a council's failure to make a decision under subsection (5); or

(c) a council's failure to make a decision within the period specified in subsection (4).
(7) If the council does not make a decision in respect of an objection within 60 days after the objection is lodged, the council is taken to have made a decision in respect of that objection on the last day of that period.

**Division 6A - Averaged area rates**

109A. **Averaged area rates may be made for locality**

(1) A council, on the same day as the day on which it makes a general rate in respect of a financial year, may make, in respect of the financial year, an averaged area rate.

(2) An averaged area rate is to apply to a category of rateable land in a locality within the municipal area of the council.

(3) A council may only make under subsection (1) in respect of a financial year an averaged area rate that applies to a category of rateable land in a locality if authorised by a certificate to do so.

(4) A council may make under subsection (1) an averaged area rate that applies to a category of rateable land in a locality whether or not the council provides any services in respect of land in the locality.

(5) The categories of rateable land are the following:
   
   (a) rateable land that is used, or predominantly used, for residential purposes;
   
   (b) rateable land that is –
      
      (i) used, or predominantly used, for residential purposes; and
      
      (ii) of a value that is within a range of values of land;
   
   (c) rateable land that may be classified as both –
      
      (i) being used, or predominantly used, for residential purposes; and
      
      (ii) non-use land.

(6) The general rate in respect of a financial year is not payable in relation to rateable land, in a locality, in relation to which an averaged area rate is payable in respect of that financial year.

109B. **Determination of amount of averaged area rate**

(1) In this section –

   *applicable area of land*, in relation to an averaged area rate, means an area of land that is rateable land in a locality and that is within the category of rateable land, in the locality, to which the rate applies.

(2) The amount of an averaged area rate must be expressed in dollars or in dollars and cents.

(3) The amount of an averaged area rate must be the amount obtained by dividing, by the number of applicable areas of land, the sum of all the relevant amounts in relation to the applicable areas of land.

(4) For the purposes of subsection (3), the relevant amount in relation to an applicable area of land is the amount of the general rate that would be payable in respect of the land if the general rate applied in respect of the land for the financial year for which the averaged area rate is to apply.

(5) For the purposes of subsection (4), the calculation, in relation to an applicable area of land, of the general rate payable in relation to land for the financial year in respect of which the averaged area rate is to apply must be made on the basis of the valuation that had effect in relation to the land immediately before that averaged area rate is made.

(6) For the purposes of subsection (5), a supplementary valuation, of an area of land, that is made after the averaged area rate is made is not to be taken under section 89A to have effect in relation to the land immediately before that averaged area rate is made.

(7) The same category of value of land as the general rate is based on under section 90(3) in respect of a financial year must be used in determining –

   (a) the relevant amount for the financial year in respect of an applicable area of land; and
109C. **Public notice to be given of proposal to obtain authority to make averaged area rates**

1. The general manager of a council that proposes to apply for a certificate is to ensure that a notice of the proposal is published in a daily newspaper circulating in the council's municipal area.

2. A notice for the purposes of subsection (1) is to –
   
   (a) specify that it is proposed to apply for a certificate authorising the making, in respect of each financial year, of an averaged area rate that is to apply in respect of that financial year to a category of rateable land in a locality within the municipal area of the council; and
   
   (b) specify the locality to which the proposal relates; and
   
   (c) specify the category of rateable land to which the proposal relates, including, if the category is referred to in section 109A(5)(b), the range of values of land within the category; and
   
   (d) specify the reasons why the council intends to impose on a ratepayer a rate that is based on an averaging of the value of all rateable land to which the rate is to apply rather than a rate based on the value of the ratepayer's land; and
   
   (e) include a statement as to how the amount of an averaged area rate is calculated; and
   
   (f) invite interested persons to make, within 21 days from the date on which the notice is published, written submissions in respect of the proposal; and
   
   (g) invite interested persons to attend, on the date, and at a place, specified in the notice, a public meeting, in relation to the proposal, that is to be held in accordance with section 109F.

3. A date that is specified in a notice in relation to a proposal in accordance with subsection (2)(g) is to be at least 21 days after –
   
   (a) the issue of the notice; and
   
   (b) the giving of notice under section 109D in relation to the proposal.

4. The general manager of the council is to ensure that –
   
   (a) a copy of a notice published under subsection (1) is available for inspection, without charge, and for purchase, for a reasonable charge, at the offices of the council; and
   
   (b) a copy of the notice may be viewed at a website of the council – on and from the date on which the notice is published, for a period of at least 12 months from that date.

109D. **Notice of proposal to be given to certain ratepayers**

1. The general manager of a council that proposes to apply for a certificate in relation to a locality is to ensure that a notice of the proposal is issued to each relevant ratepayer.

2. For the purposes of subsection (1), a relevant ratepayer is a ratepayer in respect of rateable land in relation to which, in the opinion of the general manager of the council, the averaged area rate to which the proposal to apply for a certificate relates would apply if the rate were made in accordance with the proposal.

3. For the purposes of subsection (1), a notice, issued to a relevant ratepayer in respect of rateable land, in relation to a proposal to apply for a certificate –
   
   (a) is to contain, in relation to the proposal, the matters a notice in accordance with section 109C(2) is required to contain; and
   
   (b) is to contain the additional calculations in respect of the rateable land.

4. For the purposes of subsection (3)(b), the additional calculations in respect of the rateable land are –
   
   (a) the amount of the general rate that the relevant ratepayer in respect of the land was, in respect of the relevant financial year, liable to pay in relation to the land; and
(b) the amount of the averaged area rate that the relevant ratepayer would have been liable to pay, in respect of the relevant financial year, if the averaged area rate to which the proposal relates had applied in respect of the rateable land for the relevant financial year.

(5) A reference in subsection (4) to the relevant financial year is a reference to the financial year in which the notice, containing the additional calculations referred to in that subsection, is issued to a ratepayer under subsection (1).

(6) Brighton Council, George Town Council and Glamorgan-Spring Bay Council are exempted from the application of subsection (3)(b) in relation to a proposal to apply for a certificate, if the certificate would authorise the making of an averaged area rate in respect of the 2012-2013 financial year.

109E. Submissions in respect of proposal

(1) A person may make a written submission to a council in relation to a proposal by the council to obtain a certificate.

(2) A submission may only be made under subsection (1) in relation to a proposal within 21 days after the publication of the notice in relation to the proposal in accordance with section 109C.

(3) The general manager of a council that has published a notice in relation to a proposal in accordance with section 109C is to ensure that a document, summarising each submission made under subsection (1) in relation to the proposal, is prepared and copies of the document are made available –

(a) to persons attending the meeting, in relation to the proposal, that is held in accordance with section 109F; and

(b) for inspection, without charge, and for purchase, for a reasonable charge, at the offices of the council as soon as practicable after the day on which the document is prepared, for a period of at least 3 months from that day; and

(c) for viewing at a website of the council as soon as practicable after the day on which the document is prepared, for a period of at least 3 months from that day.

109F. Public meeting in respect of proposal to be held

1. Expenses

(1) A council, on or before 1 January 2006, is to –
   (a) adopt a policy in respect of payment of expenses incurred by councillors in carrying out the duties of office; and
   (b) make a copy of the policy available for public inspection.

(2) A councillor is entitled to be reimbursed for reasonable expenses in accordance with the policy adopted under subclause (1) in relation to –
   (a) any prescribed expenses; and
   (b) any other expenses the council determines appropriate.

2. Loan of services, facilities and equipment

A council may decide to provide support services, facilities and equipment on loan to a councillor on any conditions it considers appropriate.

3. Vacation of office

(1) The office of a councillor becomes vacant if the councillor –
   (a) dies; or
   (b) resigns; or
   (c) is absent without leave from 3 consecutive ordinary meetings of the council; or
   (d) is removed or dismissed from office under this Act; or
   (e) becomes a paid employee of the council; or
   (ea) is, on the day on which he or she begins to hold that office, a member of the Legislative Council, or the House of Assembly, and is such a member for 30 days continuously during that term of office of the councillor; or
   (eb) becomes, after the day on which he or she begins to hold that office, a member of the Legislative Council, or the House of Assembly, and is such a member for 12 months continuously during that term of office as a councillor; or
   (f) is no longer eligible to nominate as a candidate under section 270.

(1A) Despite subclause (1)(f), if –
   (a) a councillor is no longer eligible to nominate as a candidate under section 270 because the councillor ceases to be entitled under section 254(1) to be enrolled on the electoral roll kept under section 258(7) for an electoral district of the electoral area in respect of which he or she is a councillor; and
   (b) the councillor is entitled, by reason of section 254(2), to be enrolled on the electoral roll kept under section 258(1) in respect of that electoral area –

the councillor does not vacate the office of councillor on so ceasing to be eligible to nominate as a candidate under section 270 but, subject to subclause (1B), vacates the office at the end of the thirtieth day after ceasing to be eligible to so nominate unless the councillor lodges an electoral enrolment form under section 257 within that 30-day period.

(1B) Despite subclause (1)(f), if a councillor referred to in subclause (1A) lodges an electoral enrolment form under section 257 before the end of the thirtieth day specified in that subclause, the councillor does
not vacate the office of councillor.

(2) If the general manager becomes aware of a vacancy, the general manager is to notify the Electoral Commissioner.

SCHEDULE 7 - Counting of Votes

Sections 299 and 301

PART 1 - General

1. Interpretation

(1) In this Schedule –

absolute majority of votes, in relation to a candidate, is a number of votes which is greater than one-half of the total number of ballot papers, other than exhausted and informal ballot papers, on which electors have recorded their votes for the candidate;

informal ballot paper means a ballot paper which is informal as specified in section 300;

quota means the number of votes sufficient to elect a candidate;

second preference recorded for a candidate means the preference on a ballot paper recorded by the number "2" in the square opposite the name of the candidate on the ballot paper;

surplus means the number of votes which a candidate obtained at any stage of the counting of votes in excess of the quota;

transfer value means that portion of a vote which is unused by –

(a) an elected candidate who has obtained a surplus; or

(b) a candidate excluded on account of being lowest on the poll and which is transferred to the candidate next in the order of the elector's preference.

(2) For the purpose of the definition of "transfer value", the transfer value is either one or a fraction of one.
PART 2 - Mayoral or Councillor Elections

2. **First preferences**
   
   (1) The number of first preferences recorded for each candidate is to be counted and all informal ballot papers are to be rejected.
   
   (2) The candidate who obtains an absolute majority of votes is to be elected.

3. **Second and subsequent preferences**
   
   (1) If no candidate has an absolute majority of votes, the candidate who has the fewest votes is to be excluded and each ballot paper counted to that candidate, unless exhausted, is to be counted to the unexcluded candidate next in the order of the elector's preference.
   
   (2) The process specified in subclause (1) is to be repeated until one candidate has an absolute majority of votes.

4. **Ballot paper counted and exhausted**
   
   (1) Every ballot paper, not rejected as informal, is to be counted in every count until it becomes exhausted, when it is to be rejected in all further counts.
   
   (2) If a candidate is excluded, any ballot paper counted to the candidate is exhausted if there is not indicated on it a consecutive preference for one or more unexcluded candidates.

5. **Returning officer to decide exclusion and election**
   
   (1) If, on any count, 2 or more candidates have an equal number of votes and one of them has to be excluded, the returning officer is to decide which candidate is to be excluded by the drawing or casting of lots in the prescribed manner.
   
   (2) If in the final count, 2 candidates have an equal number of votes, the returning officer is to decide which of them is to be elected by the drawing or casting of lots in the prescribed manner.
PART 3 - Councillor Elections

6. Quota

(1) The quota is calculated in accordance with the following formula:

\[ Q = \frac{FP}{C + 1} + 1 \]

where –

- \( Q \) is the quota;
- \( FP \) is the total number of first preferences;
- \( C \) is the total number of candidates to be elected.

(2) Any remainder in calculating the quota is to be disregarded.

(3) Subject to clause 13 (6), a candidate is not to be elected until the candidate obtains a number of votes equal to or greater than the quota.

7. First preferences

(1) The number of first preferences recorded for each candidate is to be counted and all informal ballot papers are to be rejected.

(2) . . . . . .

(3) A candidate who, after the first preferences have been counted, has a number of preferences equal to or greater than the quota, is to be elected.

8. First preferences equal to quota

If the number of first preferences obtained by a candidate is equal to the quota, all the ballot papers on which a first preference is recorded for that candidate are to be set aside as finally dealt with.

9. First preferences in excess of quota

If the number of first preferences obtained by a candidate exceeds the quota, the proportion of those preferences in excess of the quota is to be transferred to the other candidates not yet elected next in the order of the electors' respective preferences in the following manner:

(a) all the ballot papers on which a first preference is recorded for the elected candidate are to be re-examined and the number of second preferences, or in the case provided for in clause 10, third or next consecutive preferences, recorded for each unelected candidate are to be counted.

(b) the surplus of the elected candidate is to be divided by the total number of votes obtained by the candidate on the counting of the first preferences and the resulting fraction is the transfer value;

(c) the number of second or other preferences recorded for each unelected candidate is to be multiplied by the transfer value;

(d) the resulting number of votes, truncated to 2 decimal places, is to be transferred to each unelected candidate and added to the number of votes obtained by the candidate on the counting of the first preferences.

10. Surplus

(1) If, on the counting of the first preferences or on a transfer, more than one candidate has a surplus, the largest surplus is to be dealt with first.
(2) If at that stage more than one candidate has a surplus, the then largest surplus is to be dealt with next, and so on.

(3) If one candidate has obtained a surplus at a count or transfer previous to that at which another candidate obtains a surplus, the surplus of the former is to be dealt with first.

(4) If 2 or more surpluses are equal, the surplus of the candidate who was the highest at the count or transfer at which they last had an unequal number of votes is to be dealt with first.

(5) If the 2 or more candidates had an equal number of votes at all preceding counts or transfers, the returning officer is to decide which candidate's surplus is to be dealt with first.

11. **Quota by transfer**

(1) If the number of votes obtained by a candidate is increased to a number which is equal to, or exceeds, the quota by a transfer, the candidate is to be elected.

(2) Notwithstanding the fact that the candidate has reached the quota, the transfer is to be completed and all the votes to which the candidate is entitled from the transfer are to be transferred to the candidates, but no votes of any other candidate are to be transferred to the candidate.

(3) If the number of votes obtained by a candidate is increased by a transfer to a number which is equal to the quota, all of the ballot papers on which the votes are recorded are to be set aside as finally dealt with.

(4) If the number of votes obtained by a candidate is increased by a transfer to a number which exceeds the quota, the surplus is to be transferred to the candidates next in the order of the voters' respective preferences, in the following manner:

   (a) the ballot papers on which are recorded the votes obtained by the elected candidate in the last transfer are to be re-examined and the number of third preferences, or in the case provided for in clause 10, next consecutive preferences, recorded for each unelected candidate counted;

   (b) the surplus of the elected candidate is to be divided by the total number of ballot papers mentioned in paragraph (a) and the resulting fraction is the transfer value;

   (c) the number of third or other preferences recorded for each unelected candidate is to be multiplied by the transfer value;

   (d) the resulting number, truncated to 2 decimal places, is to be credited to each unelected candidate and added to the number of votes previously obtained by the candidate.

12. **Transfer of votes**

(1) If, after the first preferences have been counted and any surplus has been transferred, no candidate, or less than the number of candidates required to be elected, has obtained the quota –

   (a) the candidate who at that time, has the least number of first preference votes transferred is to be excluded; and

   (b) all the votes obtained by that candidate are to be transferred to the candidates next in the order of the electors' respective preferences in the same manner as provided by clause 4.

(2) The votes received by the excluded candidate are to be sorted into groups according to their transfer values when received by that candidate.

(3) The groups are to be transferred at the transfer value at which they were received in the following order:

   (a) firstly, the group with the highest transfer value;

   (b) secondly, the remaining groups in descending order of transfer value.

(4) Each transfer under subclause (3) is a separate transfer.

13. **Votes increased by transfer**
(1) If the number of votes obtained by a candidate by a transfer is increased to a number which is equal
to, or exceeds, the quota the candidate is to be elected.

(2) Notwithstanding that the candidate has reached the quota, the transfer is to be completed and all the
votes to which the candidate is entitled from the transfer are to be transferred to the candidate, but no
other votes are to be transferred.

(3) If the number of votes obtained by a candidate is increased by a transfer to a number of votes which
is equal to, but does not exceed, the quota, all the ballot papers on which those votes are recorded are to
be set aside as finally dealt with.

(4) If the number of votes obtained by a candidate is increased by a transfer to a number which exceeds
the quota, the surplus is to be transferred to the candidates next in the order of the electors' respective
preferences in the same manner as provided by clause 11 (4), but that surplus is not to be dealt with
until all the votes of the excluded candidate have been transferred.

(5) If there is a surplus, it is to be dealt with before any other candidate is excluded.

(6) The process of excluding the candidate who has polled the next lowest number of votes and
transferring the vote to other candidates is to be repeated until all the candidates, except the number
required to be elected, have been excluded and the unexcluded candidates who have not already been
elected are then elected.

14. Order of preference

In determining which candidate is next in the order of an elector's preference –

(a) any candidate who has been elected or excluded is not to be considered; and

(b) the order of the elector's preference is to be determined as if the names of those candidates had not
been on the ballot paper.

15. Exclusion of candidates

(1) If it is necessary to exclude a candidate, and 2 or more candidates have an equal number of votes,
having at that time the least number of first preference votes transferred to them, whichever of those
candidates was the lowest on the poll at the last count or transfer at which they had an unequal number
of votes is excluded first.

(2) If the candidates had an equal number of votes at all preceding counts or transfers, the returning
officer is to decide which candidate is to be excluded first by the drawing or casting of lots in the
prescribed manner.

16. Exhausted ballot paper

If, on a transfer, it is found that on a ballot paper there is no candidate opposite whose name a number is placed,
other than a candidate whose name has already been elected or excluded, the ballot paper is to be set aside as
exhausted.

17. Order of election

(1) The order of election of councillors is the order in which the candidates receive a quota.

(2) If more than one candidate receives a quota at the same count or transfer, the candidate with the
highest number of votes is elected first, the candidate with the next highest number of votes is elected
second and so on.

(3) If under clause 13(6) one candidate is elected without a quota, that candidate is elected last.

(4) If under clause 13(6) more than one candidate is elected without a quota and it is necessary to
determine the order of election of those candidates for any reason, the votes received by the remaining
unelected candidates are to be distributed until only one candidate has received less than a quota.
SCHEDULE 8 - Recount to Fill a Casual Vacancy

PART 1 - General

1. Interpretation

In this Schedule –

completed ballot papers counted means –

(a) if, after the first preferences were counted at the relevant election, the number of first preferences recorded for the vacating councillor was equal to or exceeded the quota, all the ballot papers on which those first preferences were recorded; and

(b) in any other case, all the ballot papers counted for that councillor at the time of that councillor’s election, including ballot papers relating to votes that were transferred to the councillor;

consenting candidate means a candidate not elected at the relevant election who consents to be included in a recount for a vacancy;

consent period means the period within which a consent form is to be lodged under section 307(5);

relevant election means the election last held to fill the office of the vacating councillor;

quota means the number of votes sufficient to elect a candidate;

vacating councillor means a councillor who is vacating the office of councillor.
PART 2 - Original Election Was For More Than One Councillor

2. One consenting candidate
If there is only one consenting candidate, the Electoral Commissioner is to–

(a) declare the candidate elected; and
(b) notify the Minister in writing of the election of the candidate.

3. More than one consenting candidate
If there are 2 or more consenting candidates, the Electoral Commissioner, within 7 days after the end of the consent period, is to ascertain in accordance with this Schedule which consenting candidate is to be elected.

4. Transfer of votes

(1) If –

(a) a vacating councillor was, by virtue of clause 13 (6) of Schedule 7, elected at the relevant election after the candidate who was lowest on the poll at that election had been excluded from the counting; and
(b) the votes obtained by the excluded candidate were not required to be transferred to the candidates next in the order of the electors' preferences –

so many of those votes as would have been transferred to that vacating councillor, if the votes of the excluded candidate had been transferred to the candidates next in the order of the electors' representative preferences, are taken to have been so transferred to, and to be obtained by, that vacating councillor and the completed ballot papers representing those votes are to be counted for that councillor.

(2) The ballot papers counted for the vacating councillor are to be examined, and all the votes obtained by the councillor are to be transferred to and counted for the consenting candidates first or next in the order of the electors' respective preferences.

(3) The votes received by the vacating councillor as first preferences are to be transferred at the transfer value as determined under subclause (5).

(4) The other votes received by the vacating councillor that are not first preferences are to be transferred at the transfer value as determined under subclause (6).

(4A) All the votes received by the vacating councillor are to be –

(a) sorted into groups according to their transfer values; and
(b) transferred in the following order:
   (i) firstly, the group with the highest transfer value;
   (ii) secondly, the remaining groups in descending order of transfer value.

(5) If the votes obtained as first preferences by the vacating councillor –

(a) were sufficient to elect the councillor, the transfer value of those votes is the fraction determined by dividing the number of votes sufficient to elect the councillor by the total number of votes obtained by the councillor; or
(b) were insufficient to elect the councillor, the transfer value of those votes is one.

(6) If the number of votes obtained by the vacating councillor at an individual count, other than the votes obtained as first preferences –

(a) were not sufficient to elect the councillor, the transfer value of the votes obtained on that count is that at which they were obtained by the councillor; or
were sufficient to elect the councillor, the transfer value of the votes received at that count is that which would have been sufficient to elect the councillor immediately before that count.

(7) Each transfer under subclause (4A) is a separate transfer.

5. **Counting of votes**

   (1) After the number of votes for each consenting candidate has been ascertained, the method of counting votes set out in Part 2 or 3 of Schedule 7 applies with the necessary modifications.

   (2) The Electoral Commissioner is to declare the consenting candidate who obtains an absolute majority of the votes within the meaning of that Schedule to be elected.

   (3) As soon as practicable after declaring a consenting candidate to be elected, the Electoral Commissioner is to notify the Minister in writing of the election of the candidate.

6. **Exclusion of candidate**

   (1) If it is necessary to exclude a consenting candidate, and 2 or more consenting candidates have an equal number of votes and are lowest on the poll, whichever of those candidates was lowest on the poll at the last count or transfer at which they had an unequal number of votes is excluded first.

   (2) If the candidates had an equal number of votes at all preceding counts or transfers, the returning officer is to decide which consenting candidate is to be excluded first.

7. **Previous election under Schedule**

   If a vacating councillor was elected under the provisions of this Schedule, the Electoral Commissioner is to–

   (a) examine the ballot papers that at the relevant election were counted for the councillor in whose place the vacating councillor was elected (including votes transferred to the last-mentioned councillor); and

   (b) ascertain which consenting candidate is to be elected in accordance with this Schedule.

8. **Order of preferences**

   To determine which consenting candidate is first or next in the order of the electors' preferences –

   (a) the name of, and the first preferences recorded at the relevant election for, an excluded candidate who is a consenting candidate is not to be omitted from any completed ballot papers transferred to the vacating councillor, but is to be counted for that consenting candidate; and

   (b) any candidates who were elected at the relevant election or who are not consenting candidates are to be disregarded and the order of the electors' preferences are to be determined as if the names of those candidates had not been included on the ballot papers.

9. **Ballot papers exhausted**

   A complete ballot paper is exhausted if there is no candidate next to whose name a number has been placed other than a candidate –

   (a) who has already been elected; or

   (b) who is not a consenting candidate.
PART 3

......
1. **Interpretation**

   (1) In this Schedule –

   - **commencement day** means the day on which the Local Government Amendment (Code of Conduct) Act 2015 commences;

   - **previous Act** means this Act as in force immediately before the commencement day;
   - **previous Code of Conduct Panel** means a Code of Conduct Panel as defined in the previous Act;
   - **previous Regulations** means –
     - (a) if the Local Government (General) Regulations 2005 are in force immediately before the commencement day, those regulations as in force immediately before that day; or

   as appropriate, and a reference to the application of the previous Regulations in relation to that regulation is a reference to the Local Government (General) Regulations 2005 or the Local Government (General) Regulations 2015, also as appropriate.

2. **Code of conduct**

   On and after the commencement day until a council adopts the model code of conduct under section 28T, the code of conduct of the council that was in force under the previous Act immediately before the commencement day continues in force and is taken to be the council's code of conduct within the meaning of this Act.

3. **Complaints under previous Act**

   introduction day means the day on which a bill entitled the Local Government Amendment Bill (No.2) 2011 is presented to the House of Assembly;
   
   rate means a general rate, a separate rate, a construction rate, or a service rate, each within the meaning of Part 9;
   
   rates notice has the same meaning as it has in Part 9.

2. Validation of certain rates and charges
   
   (1) A rate or charge made, or purportedly made, under Part 9 on a day ("the relevant day") before the introduction day is to be taken to have been validly made on the relevant day, and to have always been validly made on the relevant day, under this Act.
   
   (2) A variation, of a rate or charge, made, or purportedly made, under section 94(3), section 94(3A), section 106A(1) or section 107 on a day ("the relevant day") before the introduction day is to be taken to have been validly made on the relevant day, and to have always been validly made on the relevant day, under this Act.
   
   (3) A minimum amount payable set, or purportedly set, under section 90(4), section 93(3) or section 107 on a day ("the relevant day") before the introduction day is to be taken to have been validly set on the relevant day, and to have always been validly set on the relevant day, under this Act.
   
   (4) If, on a day ("the relevant day") before the introduction day, a council purported to vary under section 107 a minimum amount payable set, or purportedly set, under section 90(4), section 93(3) or section 107, the minimum amount as so varied is to be taken to have been validly set on the relevant day, and to have always been validly set on the relevant day, under this Act.

3. Effect of validation on current proceedings, &c.
   
   (1) In this clause, a reference to the relevant proceedings, in relation to a council, is a reference to proceedings, in a court, relating to a decision of the council, if –
   
   (a) the proceedings include or involve a relevant claim; and
   
   (b) an instrument commencing the proceedings in the court has been lodged with the court before the introduction day –

   whether or not the proceedings have been determined by the court.

   (2) A relevant claim is a claim to the effect that –
   
   (a) a rate or a charge made, or purportedly made, under Part 9 was invalidly made or the making of it was attended by legal error or in any event was unauthorised by law; or
   
   (b) a variation, of a rate or charge, made, or purportedly made, under section 94(3), section 94(3A), section 106A(1) or section 107, was invalidly made or the making of it was attended by legal error or in any event was unauthorised by law; or

(3) Clause 2 does not affect any order or determination made by a court before that clause comes into effect.

(4) If relevant proceedings in relation to a council are not finally determined before clause 2 comes into effect, the proceedings, and any proceedings for a review, or appeal, of a decision in relation to such proceedings, are to be dealt with and determined as if that clause had not come into effect.

(5) A council may not, after this subclause comes into effect, issue, in relation to the particular rateable land to which relevant proceedings relate, a rates notice in relation to a rate or charge in respect of the 2011-2012 financial year, or any preceding financial year, if the rate or charge could not, but for clause 2, be imposed in respect of the rateable land.
